

SFA Communications Home Page Design

SFA Communications major content categories will include...

- Press Releases
- "Inside SFA"
- Space Team
- Fact/Info Sheet
- Products & Services Calendar

Communications minor content items residing on the Home will include the following items...

- News Clips
- Style Guide
- SFA Logos and Photos

Communication pages will include the standard SFA Communications Task Bar containing links to...

- Vision/Mission
- People
- SFA Publications

The presentation scheme will follow the standard menu layout configuration with the SFA left-nav, the SFA top-nav, and the SFA Communications Task Bar displayed appropriately.

Communication Tier 2 pages will carry the graphical navbar look and feel from Tier 1 to tie sub-site together as a user moves through the site.

Communications Tier 2 Page Design

Tier 2 navigation will include access to all the major and minor content groups within the SFA Communications sub-site and a link back to. Navigation for Tier 2 pages will include access to all section pages as well as a link back to the SFA Home page.

Lower Level Content Pages

Content level pages will follow the graphical design of the tier in which they are found. The SFA Task Bar will not be visible on these lower level content pages. Navigation across the lower level and a link to the page of origin will be displayed across the bottom of each page. Whenever a lower level content page is accessed from a Tier 1 menu the Task Bar will not be visible.
