1	Page 1, 2nd paragraph that begins "Why do we need performance measures?": At the end of the paragraph, would it be useful to add a sentence about what the benefit would be to the schools? Assuming we share these performance measures with the schools, we would be providing the schools with an additional tool for them to use in assessing their own operations. Add a sentence like this: "Finally, schools can use performance measures to	1	Kitty Wooley	18-Aug	Y	Sentence was added.
