OVERVIEW..... 1

APPENDIX..... ERROR! BOOKMARK NOT DEFINED.

Overview

The Requirements Definition and Preliminary Design Document consists of two distinct sets of documents; a consolidated list of requirements for the eZ-Audit system with the requirements for Release 2.0 identified and the preliminary design documents for the requirements identified as Release 2.0.

This consolidated list of requirements establishes a basis of agreement between FSA and the Integration Partner, and provides a baseline for validation and verification of the product being delivered. The individual requirements included in this document will be specific, measurable, achievable, and realistic.

The preliminary design documents include all design documentation created during, and as outcomes of, design meetings between FSA and the Integration Partner. The design documentation includes page outlines and mock screen shots.

Appendix

- A. eZ-Audit Requirements Matrix v2.0**
- B. R2.0 Incomplete Submissions Design v1.1**
- C. R2.0 Incomplete Submissions Mock Screen Shots**
- D. R2.0 Not for Profit Mock Screen Shots**
- E. R2.0 Non Annual Design v1.1**
- F. R2.0 Non Annual Mock Screen Shots**
- G. R2.0 Other Requirements Design v1.0**
- H. R2.0 Other Requirements Mock Screen Shots**
- I. R2.0 School Group Design v1.1**
- J. R2.0 School Group Mock Screen Shots**
- K. R2.0 School Group Administration Design v1.1**
- L. R2.0 School Group Administration Mock Screen Shots**
