

**Write up for FSA Communications to advertise SPAD-
Answer this question and you could win a trip to FSA's *Security Privacy and Awareness Day* on May 25th!***

Social Engineering is:

- A. Creating an optimal setting for people to get together and socialize
- B. A required course for a Political Science degree
- C. A new Disney Channel series
- D. The art and science of getting people to comply with your wishes

The answer is D and in the world of security it means obtaining passwords, learning sensitive system information, or obtaining privacy act protected data using trickery and cunningness.

Spend some time learning about this and other fascinating information privacy and security topics at FSA's **Security and Privacy Awareness Day (SPAD) on May 25, 2004**. This is the first Security and Privacy Day at FSA and activities will be featured throughout the day in the UCP Learning Center (off of the lobby).

Other sessions for SPAD include:

Threats and Vulnerabilities

Privacy and Technology

Network Security Architecture and Exploits

Also...Share breakfast with the Department's new Director of Information Assurance. Jerry Davis will discuss the information security direction of the Department and be available for questions and discussion.

We hope to see you there!!

* Trip must originate at UCP Learning Center on May 25th only.
