

Spotlight on Security blurb for FSA Communications to publicize the event.

Career Zone is featuring a special addition to their traditional services. For 1 week, May 3<sup>rd</sup>-7<sup>th</sup>, FSA Security will have a booth set up in the Career Zone that will focus on information security. The booth will be comprised of materials from the FSA Security library, including magazines, cds, videos, and books, all about information security. Visitors will be able to check out the materials and review them at their leisure. Also, the booth will have information about security related master degree offerings for local universities. This is a great way to expand your knowledge of computer and information security and learn something new. If you have any questions, please contact Jill Mossman at [jill.mossman@ed.gov](mailto:jill.mossman@ed.gov).
