

Blurb for FSA Weekly

By: FSA CIO Security and Privacy Team

(This is an article that appeared in the weekly newsletter about FSA Communications.)

On January 7, 2004, the Security and Privacy Team unveiled the revamped security website to the FSA community. The website, known as the Online Security Center, has been redesigned to assist security officers perform their job easier by organizing all of the information they need to perform common tasks in one location. The Online Security Center also has new additions including personnel forms, descriptions of the various documents, a calendar of security events, tips, latest news, and a variety of references for additional information. The website is available at http://fsanet.ed.gov/cio/products/it_security_portal
