

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Disbursements	AwardInstitutionID	Institution's ID for award disbursement	This complex component provides a logical grouping of components used to identify an Institution for award disbursement.
Aid	Disbursements	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.
Aid	Disbursements	Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.
Aid	Disbursements	Disbursement	Pell Disbursement	This complex component provides a logical grouping of components related to a Pell Disbursement.
Aid	Disbursements	DisbursementAmount	Disbursement Amount	This basic component represents the disbursement amount.
Aid	Disbursements	DisbursementConfirmationIndicator	Disbursement Confirmation Indicator	This basic component indicates if the borrower at the school has confirmed this disbursement.
Aid	Disbursements	DisbursementDate	Disbursement Date	This basic component specifies the current scheduled or actual disbursement date for the disbursement.
Aid	Disbursements	DisbursementFeeAmount	Disbursement Fee Amount	This basic component represents the fee charged to originate the loan.
Aid	Disbursements	DisbursementNetAmount	Disbursement Net Amount	This basic component represents the net amount of the disbursement.
Aid	Disbursements	DisbursementReleaseIndicator	Disbursement Release Indicator	This basic component indicates that the disbursement is to be released
Aid	Disbursements	DisbursementSequenceNumber	Disbursement Sequence Number	This basic component specifies the number that determines the order in which transactions must be processed for a given disbursement number.
Aid	Disbursements	DisbursementStatusCode	Disbursement Status Code	This basic component specifies the status of the disbursement.
Aid	Disbursements	DisbursementStatusDate	Disbursement Status Date	This basic component specifies the date that the disbursement status code is applicable.
Aid	Disbursements	DisbursementTypeCode	Disbursement Type Code	This basic component specifies the type of disbursement.
Aid	Disbursements	FirstDisbursementIndicator	First Disbursement Indicator	This basic component specifies the disbursement with the earliest disbursement date.
Aid	Disbursements	FundsReleaseDate	Funds Release Date	This basic component specifies the date the funds will be, or are, released to the school or the disbursing agent.
Aid	Disbursements	InterestRebateAmount	Interest Rebate Amount	This basic component represents the upfront interest rebate amount.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Disbursements	InterestRebateAmount	Interest Rebate Amount	This basic component represents the rebate amount associated with this disbursement. If this disbursement release indicator is false, this is estimated information. If the disbursement release indicator is true, then this is actual information.
Aid	Disbursements	LastDisbursementAmount	Loan Last Disbursement Amount	This basic component represents the loan's last disbursement amount.
Aid	Disbursements	LastDisbursementDate	Loan Last Disbursement Date	This basic component specifies the date of the loan's last disbursement.
Aid	Disbursements	LateDisbursementIndicator	Late Disbursement Indicator	This basic component indicates if the disbursement will be issued after the Financial Award End Date or the borrower's last date of at least half-time enrollment, whichever is earlier.
Aid	Disbursements	PEPSID	Institution's PEPS ID for award disbursement	This basic component specifies the School's Current ID for award disbursement.
Aid	Disbursements	PaymentPeriodBeginDate	Payment Period Begin Date	This basic component specifies the payment period begin date for awards submitted by schools that have become ineligible.
Aid	Disbursements	PreviousPEPSID	Institution's Previous PEPS ID for award disbursement	This basic component specifies the School's Previous ID for award disbursement.
Aid	Disbursements	PreviousSequenceNumber	Previous Sequence Number	This basic component represents the previous sequence number stored within the database for this disbursement.
Aid	Disbursements	YTDDisbursementAmount	YTD Disbursement Amount	This basic component represents the total amount disbursed to a student during the award year.
Aid	Eligibility	AdjustedAvailableIncome	EFC Adjusted Available Income	This basic component represents the Adjusted Available Income.
Aid	Eligibility	AlternateMonth	EFC Alternate Month	This basic component specifies the primary alternate EFC used by FAC in determining eligibility based on periods of time other than 9 months.
Aid	Eligibility	AssetProtectionAllowance	EFC Asset Protection Allowance	This basic component represents the asset protection allowance.
Aid	Eligibility	AvailableIncome	EFC Available Income	This basic component represents the available income.
Aid	Eligibility	AvailableIncomeContribution	EFC Available Income Contribution	This basic component represents the available income contribution.
Aid	Eligibility	DiscretionaryNetWorth	EFC Discretionary Net Worth	This basic component represents the discretionary net worth.
Aid	Eligibility	EFC	EFC Value	This basic component represents the amount the student's family is expected to contribute toward the cost of education for the requested financial award period as calculated by CPS.
Aid	Eligibility	EFCChangeCode	EFC Change Code	This basic component indicates if the EFC has gone up or down from the transaction this correction was being applied against.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Eligibility	EFCInformation	Expected Family Contribution Information	This complex component provides a logical grouping of components related to the Expected Family Contribution calculated by CPS.
Aid	Eligibility	EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.
Aid	Eligibility	EFCType	EFC Type	This complex component provides a logical grouping of components related to a type of EFC, primary or secondary.
Aid	Eligibility	EmploymentAllowance	EFC Employment Allowance	This basic component represents the income employment allowance.
Aid	Eligibility	FISAPIncomeAmount	FISAP Income Amount	This basic component represents the total taxable and nontaxable income for the student, if independent, or student and parent, if dependent.
Aid	Eligibility	FederalApplicationFormCode	Federal Application Form Code	This basic component specifies the type of the application and promissory note.
Aid	Eligibility	FormulaTypeCode	EFC Formula Type Code	This basic component specifies the formula type used by the CPS to calculate the Primary EFC.
Aid	Eligibility	HPPAIndicator	HPPA Indicator	This basic component indicates if the dependent student is eligible for an additional unsubsidized loan amount. This was formerly a HEAL loan.
Aid	Eligibility	IncarceratedIndicator	Incarcerated Indicator	This basic component indicates if a person is incarcerated in local pena institution but otherwise eligible to receive Federal Pell Grants.
Aid	Eligibility	IncomeProtectionAllowance	EFC Income Protection Allowance	This basic component represents the income protection allowance.
Aid	Eligibility	MatchCode	Social Security Student Match Code	This basic component specifies the results of the Social Security match with SSA.
Aid	Eligibility	MatchCode	Department of Homeland Security Match Code	This basic component specifies the results of the Department of Homeland Security match.
Aid	Eligibility	MatchCode	NSLDS Match Code	This basic component specifies the results of the NSLDS match.
Aid	Eligibility	MatchCode	Selective Service Match Code	This basic component specifies the results of the selective service match for applicants who met criteria to be sent to match.
Aid	Eligibility	NSLDS	NSLDS	This complex component provides a logical grouping of components related to NSLDS information.
Aid	Eligibility	NetWorth	EFC Net Worth	This basic component represents the net worth.
Aid	Eligibility	PaidIndicator	Paid Indicator	This basic component indicates if the EFC was Designated as the Paid EFC.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Eligibility	ParentAssetContribution	EFC Parent Asset Contribution	This basic component represents the parent asset contribution.
Aid	Eligibility	ParentContribution	Parent Contribution	This basic component specifies the parent's contribution.
Aid	Eligibility	PellEligibilityIndicator	Pell Eligibility Indicator	This basic component indicates Pell grant eligibility.
Aid	Eligibility	PostScreeningCode	NSLDS Post Screening Code	This basic component specifies that the student's NSLDS eligibility has changed since the previous prescreening.
Aid	Eligibility	PrimaryEFC	Primary EFC	This complex component provides a logical grouping of components related to a primary EFC.
Aid	Eligibility	SARCIndicator	SARC Indicator	This basic component indicates that resolution is necessary on one or more match results.
Aid	Eligibility	SecondaryConfirmationCode	Department of Homeland Security Secondary Confirmation Code	This basic component specifies the results from the Department of Homeland Security secondary confirmation for applicants who failed primary confirmation.
Aid	Eligibility	SecondaryEFC	Secondary EFC	This complex component provides a logical grouping of components related to a secondary EFC.
Aid	Eligibility	SimplifiedIndicator	Simplified Needs Test	This basic component indicates if the applicant meets certain criteria for tax filing and income level and are not required to provide asset information.
Aid	Eligibility	SocialSecurity	Social Security	This complex component provides a logical grouping of components related to Social Security information.
Aid	Eligibility	StateTaxAllowance	EFC State Tax Allowance	This basic component represents the state tax allowance.
Aid	Eligibility	StudentAssetContribution	EFC Student Asset Contribution	This basic component represents the Student Asset Contribution.
Aid	Eligibility	StudentDiscretionaryNetWorth	EFC Student Discretionary Net Worth	This basic component represents the Student Discretionary Net Worth.
Aid	Eligibility	StudentIncomeAllowance	EFC Student Income Allowance	This basic component represents the Student Income Allowance.
Aid	Eligibility	StudentIncomeContribution	EFC Student Income Contribution	This basic component represents the Student Income Contribution.
Aid	Eligibility	StudentTotalIncome	EFC Student Total Income	This basic component represents the student's total income.
Aid	Eligibility	TotalIncome	EFC Total Income	This basic component represents the person's total income.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Eligibility	TotalIncomeAllowances	EFC Total Income Allowances	This basic component represents the person's total income allowance.
Aid	Eligibility	TotalParentContribution	EFC Total Parent Contribution	This basic component represents the total parent contribution.
Aid	Eligibility	TotalStudentContribution	EFC Total Student Contribution	This basic component represents the Total Student Contribution.
Aid	Eligibility	VAMatchCode	Veterans Affairs Match Code	This basic component specifies the results of the Veterans Affairs Match.
Aid	Eligibility	VerificationNumber	Department of Homeland Security Verification Number	This basic component specifies the identification number provided by the Department of Homeland Security indicating the primary verification was performed.
Aid	Eligibility	ZeroEFCIndicator	Zero EFC Indicator	This basic component indicates that the zero EFC is automatically set if simplified needs test is met and taxable income is \$15,000 or less.
Aid	History	AccountBalance	Loan Account Balance	This basic component represents the outstanding loan balance including principal, accrued interest and fees.
Aid	History	AccountBalanceDate	Loan Account Balance Date	This basic component specifies the effective date of the outstanding loan balance.
Aid	History	AccruedInterest	Accrued Interest	This basic component represents the outstanding interest since the last time interest was satisfied either through a borrower payment, capitalization or government subsidy.
Aid	History	ActiveBankruptcyChangeIndicator	Loan Active Bankruptcy Change Indicator	This basic component indicates if there has been a change in active bankruptcy.
Aid	History	ActiveBankruptcyIndicator	Loan Active Bankruptcy Indicator	This basic component indicates if there is an active bankruptcy.
Aid	History	AdditionalLoanIndicator	Additional Loan Indicator	This basic component indicates if the additional Loan information has been changed or if there are additional loans.
Aid	History	AdditionalPellIndicator	Additional Pell Indicator	This basic component indicates if the additional Pell information has been changed or if there are additional loans.
Aid	History	AggregateCombinedSummary	Aggregate Combined Summary	This complex component provides a logical grouping of components related to Aggregate Combined Loan information.
Aid	History	AggregateConsolidatedSummary	Aggregate Consolidated Summary	This complex component provides a logical grouping of components related to Aggregate Consolidated Loan information.
Aid	History	AggregateLoanChangeIndicator	Aggregate Loan Change Indicator	This basic component indicates if there has been a change in the aggregate loan.
Aid	History	AggregateLoanSummary	Aggregate Loan Summary	This complex component provides a logical grouping of components related to Aggregate Loan Information.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	History	AggregateSubsidizedSummary	Aggregate Subsidized Summary	This complex component provides a logical grouping of components related to Aggregate Subsidized Loan information.
Aid	History	AggregateUnsubsidizedSummary	Aggregate Unsubsidized Summary	This complex component provides a logical grouping of components related to Aggregate Unsubsidized Loan information.
Aid	History	AwardAmountPaid	Pell Award Amount Paid	This basic component represents the Award Amount Paid for Pell grants.
Aid	History	BlanketGuaranteeDate	Blanket Guarantee Date	This basic component specifies the date the blanket guarantee was approved by the lender.
Aid	History	BorrowerInterestIndicator	Borrower Interest Indicator	This basic component indicates if the borrower intends to pay interest on the Federal Unsubsidized Stafford loan or Federal PLUS loans while in school and when the loan is in grace or deferment.
Aid	History	CancellationAmount	Cancellation Amount	This basic component represents the amount of the previously reported disbursement that was cancelled or reduced.
Aid	History	CancellationDate	Cancellation Date	This basic component specifies the effective date of the cancellation.
Aid	History	CapitalizedInterestAmount	Capitalized Interest Amount	This basic component represents the amount of the accumulated capitalized interest for the life of the loan.
Aid	History	CapitalizedInterestIndicator	Loan Capitalized Interest Indicator	This basic component indicates if loan interest capitalization exists.
Aid	History	ChangeIndicator	Loan Changed Indicator	This basic component indicates if the Loan information has changed.
Aid	History	CheckNumber	Check Number	This basic component specifies the identification number assigned to the check for the disbursement.
Aid	History	ClaimFiledDate	Claim Filed Date	This basic component specifies the date when the lender or servicer filed the claim with the guarantor.
Aid	History	ClaimFiledIndicator	Claim Filed Indicator	This basic component indicates if a claim has been filed with the guarantor.
Aid	History	ClaimPaidDate	Claim Paid Date	This basic component specifies the date when the guarantor paid the claim.
Aid	History	ClaimPaidIndicator	Claim Paid Indicator	This basic component indicates if a claim has been paid by the guarantor.
Aid	History	CollectionCosts	Collection Costs	This complex component provides a logical grouping of components related to collection cost information.
Aid	History	CollectionCostsAmount	Collection Costs Amount	This basic component represents the costs assessed by the guarantor on defaulted student loans.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	History	CollectionCostsDate	Collection Costs Date	This basic component specifies the date the Collection Costs Amount was assessed.
Aid	History	ContactTypeCode	Loan Contact Type Code	This basic component specifies the Loan Contact Type Code.
Aid	History	CurrentInterestRate	Current Interest Rate	This basic component specifies the interest rate at which the person's loan accrues interest.
Aid	History	CurrentYearLoanAmount	Perkins Current Year Loan Amount	This basic component represents information about the Perkins current year loan amount.
Aid	History	DLPromissoryNoteCode	Direct Loan Promissory Note Code	This basic component specifies the code for a Direct Loan Promissory Note.
Aid	History	Default	Loan Default Information	This complex component provides a logical grouping of components related to default information.
Aid	History	DefaultAversionCureDate	Default Aversion Cure Date	This basic component specifies the date when the default aversion request was cured.
Aid	History	DefaultAversionRequestCuredIndicator	Default Aversion Request Cured Indicator	This basic component indicates if a default aversion request has been cured.
Aid	History	DefaultAversionRequestDate	Default Aversion Request Date	This basic component specifies the date when the default aversion request was filed.
Aid	History	DefaultAversionRequestFiledIndicator	Default Aversion Request Filed Indicator	This basic component indicates if a default aversion request has been filed.
Aid	History	DefermentForbearance	Deferment Forbearance	This complex component provides a logical grouping of components related to deferment and forbearance information.
Aid	History	DefermentForbearanceBeginDate	Deferment Forbearance Begin Date	This basic component specifies the date the period of the deferment, waiver or forbearance began.
Aid	History	DefermentForbearanceEndDate	Deferment Forbearance End Date	This basic component specifies the date the period of the deferment, waiver or forbearance ended.
Aid	History	DefermentForbearanceName	Deferment Forbearance Name	This basic component specifies the name of the type of deferment, waiver or forbearance that has been approved for the borrower.
Aid	History	DefermentRequestIndicator	Deferment Request Indicator	This basic component indicates if the borrower requests immediate deferment of the Federal PLUS or alternative loan.
Aid	History	DisbursementConsummationIndicator	Disbursement Consummation Indicator	This basic component indicates if the returned funds have been applied to the borrower's account.
Aid	History	DisbursementDayOverrideIndicator	Disbursement Day Override Indicator	This basic component indicates if the school wants to override their current disbursement day profile.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	History	DisbursementFeePaid	Disbursement Fee Paid	This basic component represents the total amount of origination fees subsidized by the lender on behalf of the borrower for the disbursement.
Aid	History	DisbursementReturnedAmount	Disbursement Returned Amount	This basic component represents the net disbursement amount returned.
Aid	History	EFTAuthorizationIndicator	EFT Authorization Indicator	This basic component indicates if the borrower has authorized the school to transfer the loan proceeds received by EFT to the appropriate student account, or if the school requests delivery by check.
Aid	History	EligibilityReinstatementDate	Eligibility Reinstatement Date	This basic component specifies the date the person's eligibility was reinstated after default.
Aid	History	EligibilityReinstatementIndicator	Eligibility Reinstatement Indicator	This basic component indicates if the person's eligibility for loans has been reinstated after default.
Aid	History	FSEOGOverpaymentStatus	FSEOG Overpayment Status	This complex component provides a logical grouping of components related to FSEOG overpayment information.
Aid	History	FundsDistributionMethodCode	Funds Distribution Method Code	This basic component specifies the method used to release funds to the school or the method used by the school to return funds to the disbursing agent.
Aid	History	FundsReleaseDate	Funds Release Date	This basic component specifies the date the funds will be or are released to the school or the disbursing agent.
Aid	History	GuaranteeAdjustmentIndicator	Guarantee Adjustment Indicator	This basic component indicates if the Current Guarantee Amount has been adjusted to an amount different than the corresponding school certified amount.
Aid	History	GuaranteeAmountReductionCode	Guarantee Amount Reduction Code	This basic component specifies the reason the Current Guarantee Amount is less than the Financial Award Amount.
Aid	History	GuaranteeFeeAmount	Guarantee Fee Amount	This basic component represents the fee charged to guarantee or insure the loan.
Aid	History	GuaranteeFeePaid	Guarantee Fee Paid	This basic component represents the total amount of guarantee fees subsidized on behalf of the borrower for the disbursement.
Aid	History	LastPaymentAmount	Last Payment Amount	This basic component represents the amount of the last payment the borrower paid on the loan.
Aid	History	LastPaymentDate	Last Payment Date	This basic component specifies the date the last payment the person paid on the loan was applied to the account.
Aid	History	LateFees	Late Fees	This complex component provides a logical grouping of components related to late fee information.
Aid	History	LateFeesAmount	Late Fees Amount	This basic component represents the outstanding fees assessed by the servicer when a payment is received within a specified period after the due date.
Aid	History	LateFeesDate	Late Fees Date	This basic component specifies the date the Late Fees Amount was assessed.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	History	LoanCapitalizedInterestAmount	Loan Capitalized Interest Amount	This basic component represents the amount of the accumulated capitalized interest for the life of the loan.
Aid	History	LoanDefaultedChangeIndicator	Loan Defaulted Change Indicator	This basic component indicates if the loan has been default has changed.
Aid	History	LoanDefaultedIndicator	Loan Defaulted Indicator	This basic component indicates if the loan has been defaulted.
Aid	History	LoanDischargedChangeIndicator	Loan Discharged Change Indicator	This basic component indicates if the discharged loan has changed.
Aid	History	LoanDischargedCode	Loan Discharged Code	This basic component indicates if the loan has been discharged.
Aid	History	LoanLimitCode	Loan Limit Code	This basic component specifies the code for a loan limit.
Aid	History	LoanRepaymentChangeIndicator	Loan Repayment Change Indicator	This basic component indicates if the loan repayment status has changed.
Aid	History	LoanTransfer	Loan Transfer	This complex component provides a logical grouping of components related to loan transfer information.
Aid	History	LoanTransferCode	Loan Transfer Code	This basic component represents the code that identify the type of loan transfer (i.e., For cases where the lender sold the loan to another lender).
Aid	History	LoanTransferDate	Loan Transfer Date	This basic component specifies the date the loan was transferred from one organization to another.
Aid	History	LoanTypeCode	Loan Type Code	This basic component specifies the Loan Type based on a code.
Aid	History	MatchResultsCode	Match Results Code	This basic component specifies the code for the results of a match.
Aid	History	NSLDSTransactionNumber	NSLDS Transaction Number	This basic component specifies the result of matching this record against the NSLDS database for financial aid history information.
Aid	History	NetAmount	Loan Net Amount	This basic component represents the Loan Net Amount.
Aid	History	NettedCancellationAmount	Netted Cancellation Amount	This basic component represents the portion of the Cancellation Amount that is to be deducted from the Roster Document.
Aid	History	NextDueDate	Next Due Date	This basic component specifies the actual date when the next expected payment is due for payment to the servicer or lender.
Aid	History	NextPaymentAmount	Next Payment Amount	This basic component represents the minimum expected Payment Amount due with the next payment on the loan.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	History	OtherFees	Other Fees	This complex component provides a logical grouping of components related to other fee information.
Aid	History	OtherFeesAmount	Other Fees Amount	This basic component represents the fees assessed by servicer, guarantor, or lender which could include fees such as attorney's fees for litigation, etc.
Aid	History	OtherFeesDate	Other Fees Date	This basic component specifies the date the Other Fees Amount was assessed.
Aid	History	OutstandingCancellationAmount	Outstanding Cancellation Amount	This basic component represents the portion of the Cancellation Amount that is still outstanding.
Aid	History	OutstandingLoanIndicator	Outstanding Loan Indicator	This basic component indicates that the Federal PLUS/alternative borrower has outstanding Federal Stafford, Federal SLS, Federal PLUS, or Federal Consolidation loans disbursed before July 1, 1993.
Aid	History	OutstandingPrincipalBalance	Aggregate Loan Outstanding Principal Balance	This basic component represents the aggregate loan outstanding principal balance.
Aid	History	OutstandingPrincipalBalance	Loan Outstanding Principal Balance	This basic component represents the Loan Outstanding Principal Balance.
Aid	History	OutstandingPrincipalBalanceDate	Loan Outstanding Principal Balance Date	This basic component specifies the Loan Outstanding Principal Balance Date.
Aid	History	OverpaymentChangeIndicator	Loan Overpayment Change Indicator	This basic component indicates if there has been a change in overpayment.
Aid	History	OverpaymentStatus	Overpayment Status	This complex component provides a logical grouping of components related to overpayment information for Pell, FSEOG or Perkins grants and loans.
Aid	History	PLUSPromissoryNoteCode	PLUS Promissory Note Code	This basic component specifies the code for a PLUS Promissory Note.
Aid	History	PaymentArrangementsChangeIndicator	Payment Arrangements Change Indicator	This basic component indicates if a change has been made in the payment arrangements.
Aid	History	PaymentBeginDate	Payment Begin Date	This basic component specifies the expected date when the person must begin paying for student loan monies borrowed.
Aid	History	PaymentPlanTypeCode	Payment Plan Type Code	This basic component specifies the payment plan the borrower is using to repay their student loan.
Aid	History	PellOverpaymentStatus	Pell Overpayment Status	This complex component provides a logical grouping of components related to Pell overpayment information.
Aid	History	PellPaymentChangeIndicator	Pell Payment Change Indicator	This basic component indicates if there has been a change in the Pell loan.
Aid	History	PendingDisbursement	Aggregate Loan Pending Disbursement	This basic component represents the aggregate loan pending disbursement.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	History	PerkinsLoanChangeIndicator	Perkins Loan Change Indicator	This basic component indicates if there has been a change in the Perkins loan.
Aid	History	PerkinsOverpaymentStatus	Perkins Overpayment Status	This complex component provides a logical grouping of components related to Perkins overpayment information.
Aid	History	PerkinsSummary	Perkins Summary	This complex component provides a logical grouping of components related to Perkins Information.
Aid	History	PostwithdrawalReturnCorrectionIndicator	Postwithdrawal Return Correction Indicator	This basic component indicates if the request is a correction to a Post-Withdrawal Return.
Aid	History	PostwithdrawalReturnDate	Postwithdrawal Return Date	This basic component specifies the date the school communicates the return of funds to the disbursing agent.
Aid	History	PreviouslyReportedIndicator	Previously Reported Indicator	This basic component indicates if the disbursement adjustment was reported on a previous disbursement roster.
Aid	History	PrincipalBalance	Perkins Principal Balance	This basic component represents information about the Perkins loan principal balance.
Aid	History	ProgramCode	Loan Program Code	This basic component specifies the Loan Program code based on the NSLDS list.
Aid	History	RepaidPrincipalAmount	Repaid Principal Amount	This basic component represents the amount of the loan that has been repaid.
Aid	History	RepaymentOptionCode	Repayment Option Code	This basic component specifies the type of repayment option requested by the borrower.
Aid	History	SatisfactoryPaymentArrangementsIndicator	Satisfactory Payment Arrangements Indicator	This basic component indicates if the person has made satisfactory payment arrangements in resolving a default.
Aid	History	SatisfactoryRepaymentIndicator	Loan Satisfactory Repayment Indicator	This basic component indicates if the loan has been satisfactorily repaid.
Aid	History	School	Overpayment Status School	This complex component provides a logical grouping of components related to school identifier information.
Aid	History	SerialLoanRequestedIndicator	Serial Loan Requested Indicator	This basic component indicates how the school intends to use the MPN for this certification. True is a serial loan request, false is a new.
Aid	History	ServicingFees	Servicing Fees	This complex component provides a logical grouping of components related to servicing fee information.
Aid	History	ServicingFeesAmount	Servicing Fees Amount	This basic component represents the costs assessed by the servicer for things such as faxes, additional copies of histories, additional due diligence letters, etc.
Aid	History	ServicingFeesDate	Servicing Fees Date	This basic component specifies the date the Servicing Fees Amount was assessed.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	History	SourceTypeCode	Source Type Code	This basic component specifies how the disbursement of funds will be handled.
Aid	History	Status	Overpayment Status Code	This basic component specifies the overpayment status for Pell, FSEOG or Perkins grants and loans and can occur for each if there is an overpayment.
Aid	History	StatusCode	Loan Status Code	This basic component specifies the Loan Status Code from NSLDS.
Aid	History	StatusDate	Loan Status Date	This basic component specifies the Loan Status Date.
Aid	History	Total	Aggregate Loan Total	This basic component represents the aggregate loan total.
Aid	History	TotalEligibilityUsed	Total Eligibility Used	This basic component represents the total percentage, for all schools, of a person's total eligibility used for a specific award year.
Aid	History	TotalPreviousPayments	Total Previous Payments	This basic component specifies the total amount of the payments the borrower has made.
Aid	History	VerificationCode	Verify Code	This basic component specifies a verification code.
Aid	Loans and Grants	AcademicCalendarCode	Academic Calendar	This basic component specifies the code used to represent the type of academic calendar by which classes at a school are measured (e.g., Quarter Hours, Semester Hours or Trimester Hours).
Aid	Loans and Grants	ActualInterestRate	Actual Interest Rate	This basic component specifies the current interest rate of the loan while the student is enrolled in school.
Aid	Loans and Grants	AdditionalUnsubsidizedCode	Loan Additional Unsubsidized Code	This basic component specifies the Loan Additional Unsubsidized Code.
Aid	Loans and Grants	AlternativeLoanApplicationVersion	Alternative Loan Application Version	This basic component specifies the version of the alternative loan application used for the loan.
Aid	Loans and Grants	AlternativeLoanProgramCode	Alternative Loan Program Code	This basic component specifies the specific category of the alternative loan.
Aid	Loans and Grants	ApprovalIndicator	Program Approval Indicator	This basic component indicates if the school's grant and loan program information has been approved.
Aid	Loans and Grants	AttendanceCost	Attendance Cost	This basic component represents the cost of attending school. For Pell, the amount must equal COA calculated by the School for a full-time student or a full academic year following the Federal Pell Grant Program requirements.
Aid	Loans and Grants	BookedLoanAmount	Booked Loan Amount	This basic component represents the total amount of disbursements accepted and booked for this loan.
Aid	Loans and Grants	BookedLoanAmountDate	Booked Loan Amount Date	This basic component specifies the date the loan booked.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Loans and Grants	Borrower	Borrower	This complex component provides a logical grouping of components related to borrower information for a PLUS Direct Loan.
Aid	Loans and Grants	BorrowerReferencesIndicator	Borrower References Indicator	This basic component indicates if the person reference information on the application is complete.
Aid	Loans and Grants	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.
Aid	Loans and Grants	ContactType	Loan Contact Code	This basic component specifies the Loan Contact Type.
Aid	Loans and Grants	CreditDecisionDate	Credit Decision Date	This basic component specifies the date on which the credit decision was processed.
Aid	Loans and Grants	CreditDecisionDateTime	Credit Decision Date Time	This basic component specifies the date and time the Credit Decision Code was created.
Aid	Loans and Grants	CreditDecisionStatus	Credit Decision Status	This basic component specifies the current status of a person's credit decision.
Aid	Loans and Grants	CreditOverrideCode	Credit Override Code	This basic component indicates the status of a borrower's credit after an override.
Aid	Loans and Grants	CurrentGuaranteeAmount	Current Guarantee Amount	This basic component represents the original guarantee amount including modifications due to any subsidized/unsubsidized reallocation or loan increases.
Aid	Loans and Grants	DLLoanInformation	Direct Loan Information	This complex component provides a logical grouping of components related to Direct Loan information.
Aid	Loans and Grants	DLSequenceNumber	DSLSP Sequence Number	This basic component specifies the current DSLSP Sequence Number.
Aid	Loans and Grants	DefaultOverpayCode	Default Overpay Code	This basic component indicates if the person is in default or owes a loan or grant overpayment.
Aid	Loans and Grants	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.
Aid	Loans and Grants	DisclosureStatementPrintCode	Disclosure Statement Print Code	This basic component indicates if the school or COD will print the Disclosure Statement. The party (school or COD) who is responsible for mailing the Disclosure Statement is also responsible for printing and mailing the Plain Language Disclosure Statement.
Aid	Loans and Grants	EMPNIndicator	Electronic Master Promissory Note Indicator	This basic component indicates if there is a paper or electronic MPN on file.
Aid	Loans and Grants	EndorserAmount	Endorser Amount	This basic component represents the total amount of loan the endorser has agreed to co-sign.
Aid	Loans and Grants	EstimatedFinancialAidAmount	Estimated Financial Aid Amount	This basic component specifies the estimated amount of financial aid.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Loans and Grants	FFELLoanInformation	FFEL Loan Information	This complex component provides a logical grouping of components related to FFEL Loan information.
Aid	Loans and Grants	FSACode	FSA Code	This basic component specifies to institutions that modifications have been made to their database and require immediate action to correct.
Aid	Loans and Grants	FederalShareAmount	Federal Share Amount	This basic component represents the federal share portion of a campus based award. The campus based awards include Federal Work-Study (FWS), Federal Supplemental Education Opportunity Grant (FSEOG), and Federal Perkins Loan award amount.
Aid	Loans and Grants	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.
Aid	Loans and Grants	FinancialAwardAmount	Pell Financial Award Amount	This basic component represents the total award amount a student is eligible to receive for a Pell grant.
Aid	Loans and Grants	FinancialAwardAmountRequested	Financial Award Amount Requested	This basic component represents the total award amount requested by the person.
Aid	Loans and Grants	FinancialAwardConfirmationCode	Financial Award Confirmation Code	This basic component specifies the results of the confirmation process.
Aid	Loans and Grants	FinancialAwardID	Financial Award ID	This basic component specifies the unique award identifier.
Aid	Loans and Grants	FinancialAwardNumber	Financial Award Number	This basic component specifies the number associated with a loan.
Aid	Loans and Grants	FinancialAwardStatus	Financial Award Status	This basic component specifies the status of the award being reported.
Aid	Loans and Grants	FinancialAwardStatusDate	Financial Award Status Date	This basic component specifies the Financial Award Status was effective.
Aid	Loans and Grants	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.
Aid	Loans and Grants	GrossLoanAmount	Gross Loan Amount	This basic component represents the sum of the gross amount of the disbursements that the borrower is scheduled to receive and/or has received.
Aid	Loans and Grants	GuaranteeDate	Guarantee Date	This basic component specifies the date the loan was guaranteed or insured.
Aid	Loans and Grants	GuarantorStatusCode	Guarantor Status Code	This basic component specifies the status of the loan guarantee from request to approval.
Aid	Loans and Grants	GuarantorStatusDateTime	Guarantor Status Date Time	This basic component specifies the date and time the Guarantor Status Code was created.
Aid	Loans and Grants	HoursAwardYear	Hours Award Year	This basic component specifies the total number of credit/clock hours in all payment periods that the School expects this student to attend and be paid for during this Federal Pell Grant Award year.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Loans and Grants	HoursProgramsAcademicYear	Hours Programs Academic Year	This basic component specifies the total number of credit or clock hours in the School's definition of academic year for this student's Program of Study.
Aid	Loans and Grants	InterestRateOption	Interest Rate Option Code	This basic component specifies the type of interest rate associated with the loan.
Aid	Loans and Grants	InterestRebatePercent	Interest Rebate Percent	This basic component represents the up front interest rebate percentage for this disbursement.
Aid	Loans and Grants	LenderApprovedAmount	Lender Approved Amount	This basic component represents the amount approved by the lender for the loan.
Aid	Loans and Grants	LenderOfLastResortIndicator	Lender Of Last Resort Indicator	This basic component indicates if the loan is a lender of last resort loan.
Aid	Loans and Grants	LenderStatusCode	Lender Status Code	This basic component specifies the status the status of the loan origination from request to approval.
Aid	Loans and Grants	LenderStatusDateTime	Lender Status Date Time	This basic component specifies the date and time the lender status code was created.
Aid	Loans and Grants	LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.
Aid	Loans and Grants	LoanKey	Loan Key	This basic component specifies related loan information.
Aid	Loans and Grants	LowTuitionFeesCode	Low Tuition and Fees	This basic component specifies the tuition ranges when the annual tuition is less than or equal to minimum defined by low tuition and fees table.
Aid	Loans and Grants	MPNID	Master Promissory Note ID	This basic component specifies the unique identifier for a Master Promissory Note.
Aid	Loans and Grants	MPNLinkIndicator	Master Promissory Note Link Indicator	This basic component indicates if a promissory note has been linked to a loan in COD.
Aid	Loans and Grants	MPNStatusCode	Master Promissory Note Status Code	This basic component specifies the current status of the Master Promissory Note.
Aid	Loans and Grants	NegativePendingAmount	Negative Pending Amount	This basic component represents the amount by which the Pell award is overpaid (i.e., sum of disbursements exceeds Award Amount). School must adjust either award amount or disbursement amount within 30 days to avoid a COD-generated negative disbursement.
Aid	Loans and Grants	OriginationFeePercent	Origination Fee Percent	This basic component represents the origination fee percent used for this record.
Aid	Loans and Grants	PaymentMethodologyCode	Payment Methodology	This basic component represents the formula used to calculate the student's federal Pell grant award.
Aid	Loans and Grants	PaymentToServicerAmount	Payment To Servicer Amount	This basic component represents the amount of payment sent to a servicer from a borrower.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Loans and Grants	PaymentToServicerDate	Payment To Servicer Date	This basic component specifies the date the servicer posted the payment to the student's account.
Aid	Loans and Grants	Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.
Aid	Loans and Grants	Period	Pell Award Period	This complex component provides a logical grouping of components for the begin and end dates for a given Pell award.
Aid	Loans and Grants	PromissoryNoteDeliveryCode	Promissory Note Delivery Code	This basic component specifies the preferred or actual method of delivering the promissory note to the borrower.
Aid	Loans and Grants	PromissoryNotePrintCode	Promissory Note Print Code	This basic component specifies which party is responsible Promissory print option used for this record.
Aid	Loans and Grants	PromissoryNoteStatusCode	Promissory Note Status Code	This basic component specifies the status of the promissory note from printing to approval.
Aid	Loans and Grants	PromissoryNoteStatusDateTime	Promissory Note Status Date Time	This basic component specifies the date and time the Promissory Note Status Code was created.
Aid	Loans and Grants	ReallocationAwardID	Reallocation Award ID	This basic component represents the combined Financial Award ID and the Financial Award Number to cross reference the subsidized and unsubsidized loan for purposes of reallocation.
Aid	Loans and Grants	ReinstatementAvailableAmount	Reinstatement Available Amount	This basic component represents the total amount of all pre and post-disbursement cancellations applied to the loan.
Aid	Loans and Grants	ReprintIndicator	Reprint Indicator	This basic component indicates if a request to reprint an application previously printed.
Aid	Loans and Grants	Response	Direct Loan PLUS Award Response	This complex component provides a logical grouping of components used in a Direct Loan PLUS Award Response.
Aid	Loans and Grants	Response	Pell Disbursement Response	This complex component provides a logical grouping of components used in a Pell Disbursement Response.
Aid	Loans and Grants	Response	Direct Loan Award Response	This complex component provides a logical grouping of components used in Direct Loan Award Response.
Aid	Loans and Grants	Response	Pell Award Response	This complex component provides a logical grouping of components used in a Pell Award Response.
Aid	Loans and Grants	Response	Direct Loan Disbursement Response	This complex component provides a logical grouping of components used in a Direct Loan Disbursement Response.
Aid	Loans and Grants	ResponseToOriginatorIndicator	Response To Originator Indicator	This basic component indicates if this award record is a response to an Application Request originated by the organization identified as the Destination, or if this award record is provided for information to an interested third party.
Aid	Loans and Grants	RevisedNoticeOfGuaranteeCode	Revised Notice Of Guarantee Code	This basic component specifies a code used to identify if a revised Notice of Guarantee will be issued to the borrower.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Loans and Grants	ScheduledPellGrant	Scheduled Pell Grant	This basic component represents the scheduled amount a person is eligible for based on full time student.
Aid	Loans and Grants	SecondaryEFCUsedCode	Secondary EFC Used	This basic component indicates if the Secondary EFC will be used to calculate the Pell award amount.
Aid	Loans and Grants	SequenceNumber	Loan Sequence Number	This basic component specifies the Loan Sequence Number.
Aid	Loans and Grants	SequenceNumber	Pell Sequence Number	This basic component specifies the Pell information sequence.
Aid	Loans and Grants	SerialLoanActualIndicator	Serial Loan Actual Indicator	This basic component indicates if how the service provider processed the Master Promissory Note for this certification.
Aid	Loans and Grants	SerialLoanActualIndicator	Serial Loan Actual Indicator	This basic component indicates if how the service provider processed the Master Promissory Note for this certification.
Aid	Loans and Grants	ServiceTypeCode	Service Type Code	This basic component specifies how the disbursement of funds will be handled.
Aid	Loans and Grants	TerminateIndicator	Terminate Indicator	This basic component indicates a request to terminate an application which will result in a withdrawal of the loan(s) prior to guarantee.
Aid	Loans and Grants	TotalNumberScheduledDisbursements	Total Number of Scheduled Disbursements	This basic component specifies the current number of disbursements scheduled for the loan.
Aid	Loans and Grants	VerificationStatusCode	Verification Status	This basic component specifies the verification status of an applicant, as reported by the school.
Aid	Loans and Grants	WeeksProgramsAcademicYear	Weeks Programs Academic Year	This basic component specifies the total number of weeks of instructional time in the School's definition of academic year for this student's Program of Study.
Aid	Loans and Grants	WeeksUsedCalculate	Weeks Used Calculate	This basic component specifies the total number of weeks of instructional time in the payment periods for which this student is eligible.
Aid	Types	AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.
Aid	Types	DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.
Aid	Types	DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.
Aid	Types	DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.
Aid	Types	FFELPCombined	FFEL Combined	This complex component provides a logical grouping of components related to FFEL Combined information.

Classification	Subclassification	Tag Name	Business Term	Definition
Aid	Types	FFELPLUS	FFEL PLUS	This complex component provides a logical grouping of components related to FFEL PLUS information.
Aid	Types	FFELPSubsidized	FFEL Subsidized Loan	This complex component provides a logical grouping of components related to FFEL Subsidized Loan information.
Aid	Types	FFELPUnsubsidized	FFEL Unsubsidized Loan	This complex component provides a logical grouping of components related to FFEL Unsubsidized Loan information.
Aid	Types	FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.
Aid	Types	FWSP	Federal Work-Study Program	This complex component provides a logical grouping of components related to a Federal Work-Study Program Award.
Aid	Types	HEAL	HEAL	This complex component provides a logical grouping of components related to award information.
Aid	Types	Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.
Aid	Types	SLS	SLS	This complex component provides a logical grouping of components related to award information.
Financial Partner	Identification	LenderNumber	Lender Number	This basic component specifies a 6 digit number used to identify the specific Lender organization.
Financial Partner	Participation	ActivityStatusChanges	Activity Status Changes	This complex component provides a logical grouping of components related to guaranty agency activities, which do not involve the receipt or the disbursement of funds between Department of ED and a guaranty agency. The Department of ED needs this informat
Financial Partner	Participation	AdministrativeWageGarnishmentGuarantyAgencyReportedAmounts	Administrative Wage Garnishment Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the administrative wage garnishment.
Financial Partner	Participation	AdministrativeWageGarnishmentTotalCollectedReportedAmounts	Administrative Wage Garnishment Total Collected Reported Amounts	This complex component provides a logical grouping of components related to administrative wage garnishment.
Financial Partner	Participation	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.
Financial Partner	Participation	AnnualAgencyAccruals	Annual Agency Accruals	This complex component provides a logical grouping of components related to the total amount of interest accrued during the fiscal year. Also report total amounts of additional other charges added to borrowers accounts through the same period. Include a
Financial Partner	Participation	BankruptciesTransferredOut	Bankruptcies Transferred out	This complex component provides a logical grouping of components related to charges associated with bankruptcy accounts transferred to another guaranty agency (for example bankruptcy transfers to the Educational Credit Management Corporation (ECMC) or to
Financial Partner	Participation	Bankruptcy	Bankruptcy	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable for bankruptcies.
Financial Partner	Participation	BankruptcyCollections	Bankruptcy Collections	This complex component provides a logical grouping of components related to collections on bankruptcy claims.

Classification	Subclassification	Tag Name	Business Term	Definition
Financial Partner	Participation	BankruptcyLenderLastResort	Bankruptcy to Lender of Last Resort	This complex component provides a logical grouping of components related to amounts for Chapter 7, 11, 12 and 13 bankruptcies that are not discharged and return to default or lender-of-last-resort loan (default) claim status.
Financial Partner	Participation	BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.
Financial Partner	Participation	BorrowerRepaymentReturn	Borrower Payment Return	This complex component provides a logical grouping of components related to refunds of collections, including wage garnishment collections, to a guaranty agency which were received on a closed school or false certification claim and returned to the borrow
Financial Partner	Participation	CallReportBillPeriodQuarter	Call Report Bill Period Quarter	This basic component specifies the 1 digit number specifying the financial quarter for the Call Report Bill Period.
Financial Partner	Participation	CallReportBillPeriodYear	Call Report Bill Period Year	This basic component specifies the 4 digit number specifying the century and the year for the Call Report Bill Period.
Financial Partner	Participation	CallReportEndingPrincipalBalance	Call Report Ending Principal Balance	This basic component represents the amount of the ending principal balance.
Financial Partner	Participation	CallReportLoanPrincipalDisbursed	Call Report Loan Principal Disbursed	This basic component represents the amount of the loan principal disbursed.
Financial Partner	Participation	CallReportLoanType	Call Report Loan Type	This basic component specifies the type of loan (i.e., SF, PL, SL, CL, SU).
Financial Partner	Participation	ClaimStatusChanges	Borrower's Claim Status Changes	This complex component provides a logical grouping of components related to reporting on default claims originally paid at a reduced reinsurance rate but which are now eligible for full reimbursement because the borrowers' claim status has changed.
Financial Partner	Participation	ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary r
Financial Partner	Participation	Compromises	Compromises	This complex component provides a logical grouping of components related to the portion of federal receivable of which the agency has reached an agreement with the borrower to pay part of the amount due and not to make any further attempt to collect the r
Financial Partner	Participation	DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.
Financial Partner	Participation	DefaultCollections	Default Collections	This complex component provides a logical grouping of components related to default collections by the guaranty agency on loans for which reinsurance ED has paid and which have not been assigned to ED by the agency.
Financial Partner	Participation	DefaultCollectionsGuarantyAgencyReportedAmounts	Default Collections Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the default collections.
Financial Partner	Participation	DefaultCollectionsTotalCollectedReportedAmounts	Default Collections Total Collected Reported Amounts	This complex component provides a logical grouping of components related to default collections.
Financial Partner	Participation	DefaultFFELConsolidatedByDirectLoanProgram	Default FFEL Consolidated by Direct Loan Program	This complex component provides a logical grouping of components related to federal receivable amounts of FFELP loans, which were consolidated in the Direct Loan Program during the period being reported.
Financial Partner	Participation	DefaultLenderLastResortBankruptcy	Default or Lender of Last Resort to Bankruptcy	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to the change in status of the default claim to a Chapter 7, 11, 12 or 13 bankruptcy.

Classification	Subclassification	Tag Name	Business Term	Definition
Financial Partner	Participation	DefaultLenderLastResortClosedSchool	Default or Lender of Last Resort to Closed School	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to the change in status to a closed school or false certification claim.
Financial Partner	Participation	DefaultLenderLastResortDeathDisability	Default or Lender of Last Resort to Death or Disability	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to a change in status to death or disability. A death claim is one on which the loan is can
Financial Partner	Participation	DefaultLoansTransferredIn	Default Loans Transferred In	This complex component provides a logical grouping of components related to federal receivables transferred to the agency from another guaranty agency. Do not include loan guarantees, loans in repayment or loans where the status is, or has changed to dead
Financial Partner	Participation	DefaultLoansTransferredOut	Default Loans Transferred Out	This complex component provides a logical grouping of components related to federal receivables transferred to another guaranty agency during the fiscal year. Report only those accounts that have been accepted by another guaranty agency during the period
Financial Partner	Participation	DefaultReportedAmounts	Default Reported Amounts	This complex component provides a logical grouping of components related to defaulted loans.
Financial Partner	Participation	DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the
Financial Partner	Participation	DelinquentBetween181And365Days	Delinquent Between 181 and 365 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 181 and 365 days.
Financial Partner	Participation	DelinquentBetween1And2Years	Delinquent Between 1 and 2 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 1 and 2 years.
Financial Partner	Participation	DelinquentBetween1And90Days	Delinquent Between 1 and 90 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 1 and 90 days.
Financial Partner	Participation	DelinquentBetween2And6Years	Delinquent Between 2 and 6 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 2 and 6 years.
Financial Partner	Participation	DelinquentBetween6And10Years	Delinquent Between 6 and 10 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 6 and 10 years.
Financial Partner	Participation	DelinquentBetween91And180Days	Delinquent Between 91 and 180 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 90 and 180 days.
Financial Partner	Participation	DelinquentMoreThan10Years	Delinquent More Than 10 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default more than 10 years.
Financial Partner	Participation	DischargesReportedAmounts	Discharges Reported Amounts	This complex component provides a logical grouping of components related to discharges.
Financial Partner	Participation	EndingBalanceDefaultedLoans	Ending Balance on Defaulted Loans	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable on the accrual basis for the fiscal year to date. The total of principal and interest should be equal to the sum of MR-33 through
Financial Partner	Participation	EndingBalancesOnBankruptcies	Ending Balances on Bankruptcies	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable for bankruptcies on the accrual basis for the fiscal year to date.
Financial Partner	Participation	FFELPConsolidatedRefund	FFEL Consolidated Refund	This complex component provides a logical grouping of components related to the amounts used to report Federal default consolidation loan refunds due to the Department of ED as a result of the sale of certain defaulted FFEL loans consolidated into a Feder

Classification	Subclassification	Tag Name	Business Term	Definition
Financial Partner	Participation	FFELPConsolidationGuarantyAgencyRetentionReportedAmounts	FFEL Consolidation Guaranty Agency Retention Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the FFEL consolidation payoffs.
Financial Partner	Participation	FFELPConsolidationPayoffReportedAmounts	FFEL Consolidation Payoff Reported Amounts	This complex component provides a logical grouping of components related to FFEL consolidation payoffs.
Financial Partner	Participation	GAAAdministrativeWageGarnishment	Guaranty Agency Administrative Wage Garnishment	This complex component provides a logical grouping of components related to administrative wage garnishment collection activities by the guaranty agency on loans for which reinsurance has been paid by the Department of ED and which have not been assigned
Financial Partner	Participation	GANonPaymentActivity	Guaranty Agency Non-Payment Activity	This complex component provides a logical grouping of components related to non-payment activity.
Financial Partner	Participation	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.
Financial Partner	Participation	LateReportingInterest	Late Reporting Interest	This complex component provides a logical grouping of components related to late reporting interest. Late reporting interest is assessed to the guaranty agency on partial refunds of reinsurance, rehabilitated loan refunds to ED, FFEL consolidation refund
Financial Partner	Participation	LenderLastResortReportedAmounts	Lender of Last Resort Reported Amounts	This complex component provides a logical grouping of components related to defaults from lender of last resort loans.
Financial Partner	Participation	LenderPortfolio	Lender Portfolio	This complex component provides a logical grouping of components related to a Lender Portfolio.
Financial Partner	Participation	MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt
Financial Partner	Participation	NonFederalShareOffset	Non Federal Share Offset	This complex component provides a logical grouping of components related to the portion of the TOP offset, which is an amount equal to the complement of the reinsurance percentage, which was in effect when the Secretary made the reinsurance payment for de
Financial Partner	Participation	NotDelinquent	Not Delinquent	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are not in default.
Financial Partner	Participation	OtherTransactionsAffectingFederalReceivables	Other Transactions Affecting Federal Receivables	This complex component provides a logical grouping of components related to the net dollar amount affecting the federal receivable that is not reported elsewhere on this report. Dollar amounts reported in this category can be either positive or negative.
Financial Partner	Participation	OverstatedClaims	Overstated Claims	This complex component provides a logical grouping of components related to the amounts used to correct and refund reinsurance if the guaranty agency's arithmetic or typographical errors on previously submitted reinsurance requests and additional reinsura
Financial Partner	Participation	PartialRefundsCurrentFiscalYear	Partial Refunds for Current Fiscal Year	This complex component provides a logical grouping of components related to reinsurance claim paid by Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this current fiscal year.
Financial Partner	Participation	PartialRefundsPriorFiscalYears	Partial Refunds for Prior Fiscal Years	This complex component provides a logical grouping of components related to reinsurance claim paid by the Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this prior fiscal years.
Financial Partner	Participation	PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.
Financial Partner	Participation	RehabilitatedLoanRefund	Rehabilitated Loan Refund	This complex component provides a logical grouping of components related to the amounts used to report rehabilitated loan payments due to Department of ED as the result of the sale of certain defaulted loans to eligible lenders.

Classification	Subclassification	Tag Name	Business Term	Definition
Financial Partner	Participation	RehabilitatedLoansReportedAmounts	Rehabilitated Loans Reported Amounts	This complex component provides a logical grouping of components related to rehabilitated loans.
Financial Partner	Participation	RepurchasesCurrentFiscalYear	Repurchases for Current Fiscal Year	This complex component provides a logical grouping of components related to the total dollar amount of prior fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.
Financial Partner	Participation	RepurchasesPriorFiscalYears	Repurchases for Prior Fiscal Years	This complex component provides a logical grouping of components related to the total dollar amount of current fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.
Financial Partner	Participation	SubrogatedLoans	Subrogated Loans	This complex component provides a logical grouping of components related to the federal receivable dollar amount for subrogated loans (permanent assignments to the Department of ED). Report only on subrogated loans that are accepted by the Debt Collectio
Financial Partner	Participation	TOP	Treasury Offset Program	This complex component provides a logical grouping of components related to activity on accounts after Treasury Offset Program (TOP), (formerly called IRS offset), have occurred and non-payment information which is used to calculate the guaranty agency's
Financial Partner	Participation	TOPAmount	Treasury Offset Program Amount	This complex component provides a logical grouping of components related to amounts offset against defaulted borrower's Federal income tax funds by the U.S. Internal Revenue Service under the Treasury Offset Program. The amount offset is used to reduce e
Financial Partner	Participation	TOOverpayments	Treasury Offset Program Overpayments	This complex component provides a logical grouping of components related to the Treasury Offset Program (TOP) category reports activity on accounts after offsets have occurred. Overpayment refunds are made to borrowers by the guaranty agency when the off
Financial Partner	Participation	TOPReversal	Treasury Offset Program Reversal	This complex component provides a logical grouping of components related to the portion of the Treasury Offset Program (TOP) offset made against that portion of a Federal income tax refund which is attributable to the spouse of the defaulted borrower when
Financial Partner	Participation	TotalInterestAmount	Total Interest Amount	This basic component represents the total amount of accrued interest calculated by the guaranty agency on the loan principal of a claim for collection from the borrower during this reporting period.
Financial Partner	Participation	TotalOtherAmount	Total Other Amount	This basic component represents the total amount of fees, penalties, collection charges, and any other charges which have accrued for any loan during this reporting period.
Financial Partner	Participation	TotalPaymentActivity	Total Payment Activity	This basic component represents the summary of all payment activity.
Financial Partner	Participation	TotalPrincipalAmount	Total Principal Amount	This basic component represents the total amount of principal and purchased interest activity during this reporting period.
Financial Partner	Participation	UnpaidRefundsReportedAmounts	Unpaid Refunds Reported Amounts	This complex component provides a logical grouping of components related to unpaid refunds.
General Person/Organization	Address and Contact	Address	Address	This complex component provides a logical grouping of components related to address information.
General Person/Organization	Address and Contact	AddressBeginDate	Address Begin Date	This basic component specifies the date to start using an Address.
General Person/Organization	Address and Contact	AddressEndDate	Address End Date	This basic component specifies the date to stop using an Address.
General Person/Organization	Address and Contact	AddressLine	Address Line	This basic component specifies the local delivery information such as street, building number, post office box, or apartment portion of a postal address.

Classification	Subclassification	Tag Name	Business Term	Definition
General Person/Organization	Address and Contact	AddressUpdateDate	Address Update Date	This basic component specifies the date when the address was last changed.
General Person/Organization	Address and Contact	AddressValidityIndicator	Address Valid Indicator	This basic component indicates the validity of this address.
General Person/Organization	Address and Contact	AreaCityCode	Phone Number Area City Code	This basic component specifies the phone number area city code.
General Person/Organization	Address and Contact	AttentionLine	Address Attention Line	This basic component specifies the person or office name within the postal address where the delivery should be directed.
General Person/Organization	Address and Contact	BusinessAddress	Business Address	This complex component provides a logical grouping of components related to a business address.
General Person/Organization	Address and Contact	BusinessEmail	Business Email	This complex component provides a logical grouping of components related to a business email address.
General Person/Organization	Address and Contact	BusinessPhone	Business Phone	This complex component provides a logical grouping of components related to business phone number information.
General Person/Organization	Address and Contact	City	City	This basic component specifies the city portion of the address.
General Person/Organization	Address and Contact	CommonAddressDetails	Common Address Details	This complex component provides a logical grouping of components of common items to all addresses.
General Person/Organization	Address and Contact	Contacts	Contacts	This complex component provides a logical grouping of components related to contact information for a person or organization. Includes address, phone, and e-mail information.
General Person/Organization	Address and Contact	CountryCode	Country Code	This basic component specifies the Country for the address. Use ISO standard.
General Person/Organization	Address and Contact	CountryPrefixCode	Phone Number Country Prefix Code	This basic component specifies the phone number country prefix code.
General Person/Organization	Address and Contact	County	County	This basic component specifies the name for an administrative district of a state; called "parish" in Louisiana.
General Person/Organization	Address and Contact	CountyCode	County Code	This basic component specifies the code for an administrative district of a state; called "parish" in Louisiana.
General Person/Organization	Address and Contact	CurrentAddress	Current Address	This complex component provides a logical grouping of components related to a current address.
General Person/Organization	Address and Contact	DomesticAddress	Domestic Address	This complex component provides a logical grouping of components related to a complete Domestic Address.
General Person/Organization	Address and Contact	DomesticAddressDetails	Domestic Address Details	This complex component provides a logical grouping of components related to US specific addresses.

Classification	Subclassification	Tag Name	Business Term	Definition
General Person/Organization	Address and Contact	Email	Email Address	This complex component provides a logical grouping of components related to email information.
General Person/Organization	Address and Contact	EmailAddress	Email Address	This basic component specifies the numbers, letters, and symbols used to identify an electronic mail (e-mail) user within the network to which the person or organization belongs. Follows the format of username@domain.
General Person/Organization	Address and Contact	EmailAddressUpdateDate	Email Address Update Date	This basic component specifies the date the e-mail address became effective or the sender became aware of the information.
General Person/Organization	Address and Contact	EmailAddressValidityIndicator	Email Address Validity Indicator	This basic component indicates if the person or organization's email address information is valid.
General Person/Organization	Address and Contact	FaxPhone	Fax Phone	This complex component provides a logical grouping of components related to fax number information.
General Person/Organization	Address and Contact	GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.
General Person/Organization	Address and Contact	HomeEmail	Home Email	This complex component provides a logical grouping of components related to a home email address.
General Person/Organization	Address and Contact	HomePhone	Home Phone	This complex component provides a logical grouping of components related to home phone number information.
General Person/Organization	Address and Contact	HousingStatusCode	Address Housing Status Code	This basic component specifies the type of local housing a student is using.
General Person/Organization	Address and Contact	InternationalAddress	International Address	This complex component provides a logical grouping of components related to a complete International Address.
General Person/Organization	Address and Contact	InternationalAddressDetails	International Address Details	This complex component provides a logical grouping of components related to International specific addresses.
General Person/Organization	Address and Contact	LocalAddress	Local Address	This complex component provides a logical grouping of components related to a local address.
General Person/Organization	Address and Contact	LocalHomePhone	Local Home Phone	This complex component provides a logical grouping of components related to local home phone number information.
General Person/Organization	Address and Contact	MailingAddress	Mailing Address	This complex component provides a logical grouping of components related to a mailing address.
General Person/Organization	Address and Contact	MobilePhone	Mobile Phone	This complex component provides a logical grouping of components related to mobile phone number information.
General Person/Organization	Address and Contact	PagerPhone	Pager Phone	This complex component provides a logical grouping of components related to pager information.
General Person/Organization	Address and Contact	PermanentAddress	Permanent Address	This complex component provides a logical grouping of components related to a permanent address.

Classification	Subclassification	Tag Name	Business Term	Definition
General Person/Organization	Address and Contact	PermanentHomePhone	Permanent Home Phone	This complex component provides a logical grouping of components related to permanent home phone number information.
General Person/Organization	Address and Contact	PermanentPhone	Permanent Phone	This complex component provides a logical grouping of components related to permanent phone number information.
General Person/Organization	Address and Contact	Phone	Phone	This complex component provides a logical grouping of components related to phone information.
General Person/Organization	Address and Contact	PhoneNumber	Phone Number	This basic component specifies a person's phone number.
General Person/Organization	Address and Contact	PhoneNumberExtension	Phone Number Extension	This basic component specifies the phone number extension.
General Person/Organization	Address and Contact	PhoneNumberUpdateDate	Phone Number Update Date	This basic component specifies the date the phone number was updated.
General Person/Organization	Address and Contact	PostalCode	Address Postal Code	This basic component specifies the unique five or nine digit code identifying a mailing address; assigned by the U.S. Postal Service.
General Person/Organization	Address and Contact	PreviousAddress	Previous Address	This complex component provides a logical grouping of components related to a previous address.
General Person/Organization	Address and Contact	ReceiverEmail	Receiver Email	This complex component provides a logical grouping of components related to the receiving party's email address.
General Person/Organization	Address and Contact	SchoolAssignedEmail	School Assigned Email	This complex component provides a logical grouping of components related to a school assigned email.
General Person/Organization	Address and Contact	SenderEmail	Sender Email	This complex component provides a logical grouping of components related to the sending party's email address.
General Person/Organization	Address and Contact	StateProvince	State Province	This basic component specifies the U.S. State, Territory or Canadian Province for an address.
General Person/Organization	Address and Contact	StateProvinceCode	State Province Code	This basic component specifies the code for the U.S. State, Territory or Canadian Province for an address.
General Person/Organization	Address and Contact	TemporaryPhone	Temporary Phone	This complex component provides a logical grouping of components related to temporary phone number information.
General Person/Organization	Address and Contact	URLAddress	URL Address	This complex component provides a logical grouping of components related to an organization's URL address.
General Person/Organization	Address and Contact	URLAddress	URL Address	This basic component specifies the Uniform Resource Locator address associated with a person or organization.
General Person/Organization	Address and Contact	URLValidDate	URL Address Valid Date	This basic component specifies the date the URL address became effective or the sender became aware of the information.

Classification	Subclassification	Tag Name	Business Term	Definition
General Person/Organization	Address and Contact	URLValidIndicator	URL Address Valid Indicator	This basic component indicates if the person or organization's URL address information is valid.
Organization	Demographics	ContactName	Lender Representative Name	This basic component specifies the name of the point of contact at the organization.
Organization	Identification	ACT	ACT ID	This basic component specifies the unique identifier assigned by the American College Testing Program.
Organization	Identification	ATP	ATP ID	This basic component specifies the unique identifier assigned by the College Board.
Organization	Identification	CCD	CCD ID	This basic component specifies the unique identifier assigned by the National Center for Education Statistics as the Common Core of data.
Organization	Identification	CEEBACT	CEEBACT ID	This basic component specifies the unique identifier assigned by the College Entrance Examining Board and the American College Testing Program.
Organization	Identification	CampusBasedDUNSNumber	Campus Based Grantee DUNS Number	This basic component specifies the Campus Based Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
Organization	Identification	DLDUNSNumber	Direct Student Loan Program Grantee DUNS Number	This basic component specifies the Direct Student Loan Program Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
Organization	Identification	DUNSNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
Organization	Identification	EINID	Entity ID	This basic component specifies the 9-digit employer identification number (EIN) assigned to the lending organization by the U.S. Internal Revenue Service.
Organization	Identification	ESIS	ESIS ID	This basic component specifies the unique identifier assigned by the Statistics Canada Enhanced Student Information System.
Organization	Identification	EntityID	Entity ID	This basic component specifies the Entity ID for an organization.
Organization	Identification	FICE	FICE ID	This basic component specifies a unique identifier assigned by the National Center for Education Statistics.
Organization	Identification	FederalSchoolCode	Federal School Code	This complex component provides a logical grouping of components related to the Federal School code.
Organization	Identification	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.
Organization	Identification	IPEDS	IPEDS ID	This basic component specifies a unique identifier assigned by the National Center for Education Statistics.
Organization	Identification	NHELPID	NHELP ID	This basic component specifies the unique identifier assigned by the National Council of Higher Education Loan Programs for each data exchange partner.

Classification	Subclassification	Tag Name	Business Term	Definition
Organization	Identification	NonEDBranchID	Non ED Branch ID	This basic component specifies the unique identification code assigned by an organization other than the Department of ED.
Organization	Identification	OPEID	OPEID	This basic component specifies the unique identifier assigned by the Office of Postsecondary Education for each data exchange partner.
Organization	Identification	OrganizationName	Organization Name	This basic component specifies the full, legally accepted, or popularly accepted name of an organization (e.g., a school, an association, a company).
Organization	Identification	PellDUNSNumber	Pell Grantee DUNS Number	This basic component specifies the Pell Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
Organization	Identification	PreviousCampusBasedDUNSNumber	Previous Campus Based Grantee DUNS Number	This basic component specifies the Campus Based Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
Organization	Identification	PreviousDLDUNSNumber	Previous Direct Student Loan Program Grantee DUNS Number	This basic component specifies the Direct Student Loan Program Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
Organization	Identification	PreviousPellDUNSNumber	Pell Grantee DUNS Number	This basic component specifies the Pell Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
Organization	Identification	PreviousTIN	Organization's Previous Tax Identification Number	This basic component specifies the previous 9 digit identification number assigned by the U.S. Internal Revenue Service (IRS) to the organization for federal tax purposes.
Organization	Identification	SECDUNSNumber	SEC Grantee DUNS Number	This basic component specifies School Eligibility Channel Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
Organization	Identification	TIN	Organization's Tax Identification Number	This basic component specifies the current 9 digit identification number assigned by the U.S. Internal Revenue Service (IRS) to an organization for federal tax purposes.
Organization	Identification	TINInformation	Organization's Tax Identification Number	This complex component provides a logical grouping of components related to an organization's Tax Identification Number assigned by the U.S. Internal Revenue Service (IRS) .
Organization	Identification	USIS	USIS ID	This basic component specifies the unique identifier assigned by the Statistics Canada University Student Information System.
Organization	Types	DisbursingAgent	Disbursing Agent	This complex component provides a logical grouping of components related to Disbursing Agent ID information.
Organization	Types	Employer	Employer	This complex component provides a logical grouping of components related to Employer ID information.
Organization	Types	Guarantor	Guarantor	This complex component provides a logical grouping of components related to Guarantor ID information.
Organization	Types	GuarantorServicer	Guarantor Servicer	This complex component provides a logical grouping of components related to Guarantor Servicer ID information.
Organization	Types	Lender	Lender	This complex component provides a logical grouping of components related to Lender ID information.

Classification	Subclassification	Tag Name	Business Term	Definition
Organization	Types	LenderServicer	Lender Servicer	This complex component provides a logical grouping of components related to Lender Servicer ID information.
Organization	Types	LoanServicer	Loan Servicer	This complex component provides a logical grouping of components related to Loan Servicer ID information.
Organization	Types	PreferredBorrowerLender	Preferred Borrower Lender	This complex component provides a logical grouping of components related to Preferred Borrower Lender ID information.
Organization	Types	School	School	This complex component provides a logical grouping of components related to School ID information.
Organization	Types	ThirdPartyServicer	Third Party Servicer	This complex component provides a logical grouping of components related to Third Party Servicer ID information.
Person	Demographics	AccommodationsNeededCode	Accommodations Needed Code	This basic component specifies the codes identifying the set of health accommodations.
Person	Demographics	AlienRegistrationNumber	Alien Registration Number	This basic component specifies the federal alien registration number assigned to legally authorized aliens by the Department of Homeland Security.
Person	Demographics	Birth	Birth Information	This complex component provides a logical grouping of components related to a person's birth.
Person	Demographics	BirthDay	Birth Day	This basic component specifies the day of a person's birth.
Person	Demographics	Citizenship	Citizenship	This complex component provides a logical grouping of components related to citizenship.
Person	Demographics	CitizenshipChangeDate	Citizenship Status Change Date	This basic component specifies the date on which a change in the person's citizenship status occurred.
Person	Demographics	CitizenshipCountry	Citizenship Country	This basic component specifies the country to which an individual acknowledges citizenship.
Person	Demographics	CitizenshipStatusChangeCode	Citizenship Status Change Code	This basic component specifies a change in the person's citizenship status has occurred subsequent to what was initially reported and confirmed.
Person	Demographics	CitizenshipStatusCode	Social Security Citizenship Status Code	This basic component specifies the results from a citizenship status match with SSA.
Person	Demographics	CitizenshipStatusCode	Citizenship Status	This basic component indicates a person's reported citizenship status.
Person	Demographics	CurrentEmployment	Current Employment	This complex component provides a logical grouping of components related to current employment.
Person	Demographics	DHS	Department of Homeland Security	This complex component provides a logical grouping of components related to Department of Homeland Security information.

Classification	Subclassification	Tag Name	Business Term	Definition
Person	Demographics	Deceased	Deceased	This complex component provides a logical grouping of components related to a person's death.
Person	Demographics	DeceasedDate	Social Security Deceased Date	This basic component specifies the date of death provided for the SSN from the SSA.
Person	Demographics	DeceasedIndicator	Deceased Indicator	This basic component indicates that a person is deceased.
Person	Demographics	DisabilityConditionCode	Disability Condition Code	This basic component specifies the codes identifying the set of disability conditions.
Person	Demographics	DisabilityConditionStatusCode	Disability Condition Status Code	This basic component specifies the codes used to identify the status of a disability condition.
Person	Demographics	DisabilityDeterminationSourceCode	Disability Determination Source Code	This basic component specifies the codes identifying the set of disability determination sources.
Person	Demographics	EmploymentBeginDate	Employment Begin Date	This basic component specifies the date on which a person's employment began.
Person	Demographics	EmploymentEndDate	Employment End Date	This basic component specifies the date on which a person's employment ended.
Person	Demographics	EmploymentInformation	Employment Information	This complex component provides a logical grouping of components related to employment information.
Person	Demographics	FirstEntryIntoUSDate	First Entry Into US Date	This basic component specifies the date of the person's initial arrival to the United States in order to establish residency.
Person	Demographics	Gender	Gender	This complex component provides a logical grouping of components related to gender information.
Person	Demographics	GenderChangeCode	Gender Change Code	This basic component specifies a change in the person's gender.
Person	Demographics	GenderCode	Gender Code	This basic component specifies the gender of the person.
Person	Demographics	Health	Health	This complex component provides a logical grouping of components related to health information.
Person	Demographics	Immigration	Immigration	This complex component provides a logical grouping of components related to immigration information.
Person	Demographics	ImmigrationI20RequestIndicator	Immigration I20 Request Indicator	This basic component indicates if the institution issued an Immigration I-20 form on behalf of the student.
Person	Demographics	Immunization	Immunization	This complex component provides a logical grouping of components related to immunization information.

Classification	Subclassification	Tag Name	Business Term	Definition
Person	Demographics	ImmunizationCode	Immunization Code	This basic component specifies the medical immunization or vaccine codes from the Current Procedural Terminology (CPT) 2002 of American Medical Association.
Person	Demographics	ImmunizationDate	Immunization Date	This basic component specifies the when an immunization was administered to the person.
Person	Demographics	MaritalStatus	Marital Status	This complex component provides a logical grouping of components related to a person's marital information.
Person	Demographics	MaritalStatusChangeCode	Marital Status Change Code	This basic component indicates a change in the person's marital status.
Person	Demographics	MaritalStatusCode	Marital Status	This basic component indicates a person's marital status.
Person	Demographics	MaritalStatusDate	Marital Status Date	This basic component specifies the date of a person's marital status.
Person	Demographics	MarriedIndicator	Married	This basic component indicates if a person is married.
Person	Demographics	MonthsAtEmployer	Months at Employer	This basic component specifies s the number of months the person has been with the employer.
Person	Demographics	NationalEthnicOrigin	National Ethnic Origin	This basic component specifies the person's ethnic or national subgroup.
Person	Demographics	NonImmigrantVisaIssueDate	NonImmigrant Visa Issue Date	This basic component specifies the date of on which the Nonimmigrant Visa was issued.
Person	Demographics	NonImmigrantVisaNumber	NonImmigrant Visa Number	This basic component specifies the number of the non-immigrant visa issued.
Person	Demographics	NonImmigrantVisaStatusChangeCode	NonImmigrant Visa Status Change Code	This basic component indicates that a change has occurred in the non-immigrant (Visa) classification.
Person	Demographics	NonImmigrantVisaStatusChangeDate	NonImmigrant Visa Status Change Date	This basic component specifies the date on which an official change to the non-immigrant (visa) status occurred.
Person	Demographics	Occupation	Person's Occupation	This basic component specifies the person's profession , or normal way of earning a living.
Person	Demographics	PositionTitle	Position Title	This basic component specifies the title, position, or job description.
Person	Demographics	PreviousEmployment	Previous Employment	This complex component provides a logical grouping of components related to previous employment.
Person	Demographics	RaceEthnicityClassificationCode	Race Ethnicity Classification Code	This basic component specifies the categories used to describe groups to which a person belongs or with which they identify. The codes are those approved for use by the federal Office of Management and Budget (OMB).

Classification	Subclassification	Tag Name	Business Term	Definition
Person	Demographics	RelationshipToBorrowerCode	Relationship to Borrower Code	This basic component specifies the person's relationship to the borrower.
Person	Demographics	RelationshipToStudentCode	Relationship to Student Code	This basic component specifies the person's relationship to the student.
Person	Demographics	ReligiousAffiliation	Person's Religious Affiliation	This basic component specifies the religion or religious group with which the individual most identifies.
Person	Demographics	Residency	Residency Data	This complex component provides a logical grouping of components related to residency information.
Person	Demographics	ResidencyByCutoff	Residency By Cutoff	This basic component indicates if a person was a legal resident for five years prior to the first year of the award year.
Person	Demographics	ResidencyStatusCode	Residency Status Code	This basic component specifies the code for a person's residency classification within a state used to assess tuition and other changes.
Person	Demographics	SelectiveService	Selective Service	This complex component provides a logical grouping of components related to selective service information.
Person	Demographics	SelectiveServiceMale	Selective Service Male	This basic component indicates if the person is a male.
Person	Demographics	SelectiveServiceRegisterIndicator	Selective Service Register	This basic component indicates if a male wants to be registered by the Selective Service.
Person	Demographics	SelectiveServiceRegistrationCode	Selective Service Registration Code	This basic component indicates the results from the student's request to be registered with Selective Service.
Person	Demographics	SelfEmploymentIndicator	Self Employment Indicator	This basic component indicates if the person is self-employed.
Person	Demographics	VeteranIndicator	Veteran	This basic component indicates if a person is a veteran of the U.S. Armed Forces.
Person	Demographics	YearsAtEmployer	Years at Employer	This basic component specifies the number of years the person has been with the employer.
Person	Financial	AdjustedGrossIncome	Adjusted Gross Income	This basic component represents a person's adjusted gross income.
Person	Financial	AssetData	Asset Data	This complex component provides a logical grouping of components related to asset information
Person	Financial	AutomobileMonthlyPayment	Automobile Monthly Payment	This basic component represents the total monthly automobile payment.
Person	Financial	BusinessFarmNetWorth	Business Farm Net Worth	This basic component represents the person's business or farm net worth.

Classification	Subclassification	Tag Name	Business Term	Definition
Person	Financial	CashSavingsChecking	Cash Savings Checking	This basic component specifies the person's total of cash savings and checking.
Person	Financial	CreditAuthorizationIndicator	Credit Authorization Indicator	This basic component indicates if the authorization to perform a credit check has been obtained.
Person	Financial	CreditCardMonthlyPayment	Credit Card Monthly Payment	This basic component represents the total monthly credit card payment.
Person	Financial	CreditUnderDifferentNameIndicator	Credit Under Different Name Indicator	This basic component indicates if the person has been granted credit under a different name.
Person	Financial	DebtData	Debt Data	This complex component provides a logical grouping of components related to debt information.
Person	Financial	EarnedIncome	Earned Income	This basic component represents a person's earned income from work.
Person	Financial	EducationalLoanMonthlyPayment	Educational Loan Monthly Payment	This basic component represents the total monthly educational loan payments.
Person	Financial	ExemptionsClaimed	Exemptions Claimed	This basic component specifies the number of exceptions a person claimed on their previous tax return.
Person	Financial	FinancialData	Financial Data	This complex component provides a logical grouping of components related to financial data information.
Person	Financial	Form1040AEZEligibleCode	Form 1040 AEZ Eligible	This basic component specifies if a person is able to file a 1040A or 1040EZ tax return.
Person	Financial	GrossAnnualSalary	Gross Annual Salary	This basic component specifies the income earned by the person from his or her primary employment.
Person	Financial	HEALDebtAmount	HEAL Debt Amount	This basic component represents the student's total Health Education Assistance Loan (HEAL) debt prior to this award period.
Person	Financial	HomeOwnerIndicator	Home Owner Indicator	This basic component indicates if the person owns their home.
Person	Financial	HousingMonthlyPayment	Housing Monthly Payment	This basic component represents the total monthly housing payment.
Person	Financial	IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.
Person	Financial	IncomeTaxPaid	Income Tax Paid	This basic component represents the amount a person paid in income taxes.
Person	Financial	InvestmentNetWorth	Investment Net Worth	This basic component represents the person's investment net worth.

Classification	Subclassification	Tag Name	Business Term	Definition
Person	Financial	MonthlyBenefitAmount	Monthly Veterans Benefit Amount	This basic component represents the amount of benefits the student receives monthly.
Person	Financial	MonthsAtAddress	Months at Address	This basic component specifies the number months the person or organization has been at the address.
Person	Financial	NumberOfMonths	Number of Months Benefits Received	This basic component specifies the number of months a student received benefits.
Person	Financial	OtherDebtAmount	Other Debt Amount	This basic component represents the borrower's total other student educational loan debt prior to this award period and not included in any previous debt fields as known by the sending organization.
Person	Financial	OtherIncome	Other Income	This basic component specifies the total other income earned by the person.
Person	Financial	OtherIncomeSource	Other Income Source	This basic component specifies the source of the person's other income.
Person	Financial	OtherLoansThisPeriodDebtAmount	Other Student Educational Loans This Period Debt Amount	This basic component represents the student's total other student educational loan debt for this award period.
Person	Financial	OtherMonthlyPayment	Other Monthly Payment	This basic component represents the total other monthly payments.
Person	Financial	PLUSDebtAmount	PLUS Debt Amount	This basic component represents the borrower's outstanding Federal PLUS loan debt.
Person	Financial	PaymentData	Payment Data	This complex component provides a logical grouping of components related to payment information.
Person	Financial	PerkinsDebtAmount	Perkins Debt Amount	This basic component represents the student's total Perkins loan debt prior to this award period as known by the sending organization.
Person	Financial	SLSDebtAmount	SLS Debt Amount	This basic component represents the borrower's total Federal Supplemental Loans for Students (SLS) debt prior to this award period.
Person	Financial	SpouseEarnedIncome	Spouse Earned Income	This basic component represents a spouse's earned income.
Person	Financial	StaffordLoanDebtAmount	Stafford Loan Debt Amount	This basic component represents the student's total Federal Stafford loan debt prior to this award period.
Person	Financial	TaxFormTypeCode	Tax Form Type	This basic component specifies what type of tax form a person filed.
Person	Financial	TaxReturnStatusCode	Tax Return Status	This basic component specifies a person's tax return status.
Person	Financial	TotalOutstandingStaffordSLSDebt	Total Outstanding Stafford SLS Debt	This basic component represents the student's outstanding Federal Stafford and/or SLS loans.

Classification	Subclassification	Tag Name	Business Term	Definition
Person	Financial	TotalStudentLoanDebtAmount	Total Student Loan Debt Amount	This basic component represents the total amount of the student loan debt prior to this award period.
Person	Financial	VeteransBenefits	Veterans Benefits	This complex component provides a logical grouping of components related to financial information.
Person	Financial	YearsAtAddress	Years at Address	This basic component specifies the number of years the person or organization has been at the address.
Person	Identification	AgencyAssignedID	Agency Assigned ID	This basic component specifies the ID assigned by an agency to a person.
Person	Identification	AlternateName	Alternate Name	This complex component provides a logical grouping of components related to a person's alternate name.
Person	Identification	BirthDate	Birth Date	This basic component specifies the day, month, and year that a person was born.
Person	Identification	CNSID	Canadian CNS ID	This basic component specifies the Canadian CNS identifier type.
Person	Identification	DriversLicense	Driver's License	This complex component provides a logical grouping of components related to a person's driver's license.
Person	Identification	DriversLicenseNumber	Driver's License Number	This basic component specifies the person's driver's license number.
Person	Identification	DriversLicenseStateCode	Driver's License State	This basic component specifies the code of the state that issued a person's driver's license.
Person	Identification	FirstInitial	First Initial	This basic component specifies the first letter of a person's First Name.
Person	Identification	FirstName	First Name	This basic component specifies the name given to a person at birth, baptism, or another naming ceremony, or through legal change.
Person	Identification	FormerName	Former Name	This complex component provides a logical grouping of components related to a person's former name.
Person	Identification	FullName	Full Name	This basic component specifies the full name of the person in the following format: Last, First Middle
Person	Identification	Index	Index	This complex component provides a logical grouping of components related to person identification information.
Person	Identification	LastName	Last Name	This basic component specifies a person's last name.
Person	Identification	MiddleInitial	Middle Initial	This basic component specifies a person's middle initial.

Classification	Subclassification	Tag Name	Business Term	Definition
Person	Identification	MiddleName	Middle Name	This basic component specifies the secondary name given to an individual at birth, baptism, or another naming ceremony, or through legal change.
Person	Identification	Name	Name	This complex component provides a logical grouping of components related to a person's name.
Person	Identification	NameChangeDate	Name Change Date	This basic component specifies the date that the person's name was changed.
Person	Identification	NamePrefix	Name Prefix	This basic component specifies the appellation denoting rank, placement, or status (e.g., Mr., Ms., Colonel, Mister).
Person	Identification	NameSuffix	Name Suffix	This basic component specifies the appendage denoting a person's generation in his family (e.g., Jr., Sr., III).
Person	Identification	OriginalNameID	Original Name ID	This basic component specifies the original name ID for the person.
Person	Identification	OriginalSSN	Original SSN	This basic component specifies the original unique nine digit number that was assigned to a person in order to establish a federal Social Security account.
Person	Identification	PensionPlanID	Pension Plan ID	This basic component specifies the ID assigned by a pension plan.
Person	Identification	PersonIdentifiers	Identifiers	This complex component provides a logical grouping of components related to person identification.
Person	Identification	SSN	Social Security Number	This basic component specifies the unique nine digit number assigned to a person in order to establish a federal Social Security account.
Person	Identification	SchoolAssignedPersonID	School Assigned Person ID	This basic component specifies the ID assigned to a person by a school.
Person	Identification	TransactionNumber	Transaction Number	This basic component specifies the number identifying the transaction.
Person	Identification	UserName	User Name	This basic component specifies a person's user name for a particular institution.
Person	Types	Borrower	Borrower	This complex component provides a logical grouping of components related to borrower information.
Person	Types	Cosigner	Cosigner	This complex component provides a logical grouping of components related to cosigner information.
Person	Types	FatherStepfather	Father Stepfather	This complex component provides a logical grouping of components related to information about a person's father or stepfather.
Person	Types	MotherStepmother	Mother Stepmother	This complex component provides a logical grouping of components related to information about a person's mother or stepmother.

Classification	Subclassification	Tag Name	Business Term	Definition
Person	Types	Reference	Reference	This complex component provides a logical grouping of components related to reference information.
Person	Types	Spouse	Spouse	This complex component provides a logical grouping of components related to information about a person's spouse.
Person	Types	Student	Student	This complex component provides a logical grouping of components related to student information.
School	Academics	AcademicSessionDetail	Academic Session Detail	This complex component provides a logical grouping of components related to identifying an academic session.
School	Academics	CourseAcademicGrade	Course Academic Grade	This basic component specifies the final grade awarded for participation in the course.
School	Academics	CourseAcademicGradeScaleCode	Course Academic Grade Scale Code	This basic component specifies the type of grading system used by the school for applying a grade to this course. It is based on the American Medical Colleges Admissions Services (AMCAS) grade scale , values 001 through 499 and from the American Associati
School	Academics	CourseAddDate	Course Add Date	This basic component specifies the date on which the student adds the course.
School	Academics	CourseApplicability	Course Applicability	This basic component specifies the program to which the course and course credits apply.
School	Academics	CourseBeginDate	Course Begin Date	This basic component specifies the date on which the student begins the course.
School	Academics	CourseCIPCode	Course CIP Code	This basic component specifies the Classification of Instructional Programs (CIP) code to describe the area of study for the course.
School	Academics	CourseCSISCode	Course CSIS Code	This basic component specifies the Statistics Canada Canadian College Student Information System (CCSIS) code to describe the area of study for the course.
School	Academics	CourseCreditBasis	Course Credit Basis Code	This basic component specifies the type of enrollment Associated with the credit hours for the course.
School	Academics	CourseCreditEarned	Course Credit Earned	This basic component specifies the number of credits a student earns by the successful completion of a course.
School	Academics	CourseCreditLevel	Course Credit Level Code	This basic component specifies the level of credit associated with the credit hours earned for the course.
School	Academics	CourseCreditUnits	Course Credit Units Code	This basic component specifies the type of credit (unit, semester, or quarter) associated with the credit hours earned for the course.
School	Academics	CourseCreditValue	Course Credit Value	This basic component specifies the number of credit hours that may be earned in the course.
School	Academics	CourseDropDate	Course Drop Date	This basic component specifies the date on which the student drops the course.

Classification	Subclassification	Tag Name	Business Term	Definition
School	Academics	CourseEndDate	Course End Date	This basic component specifies the date on which the course ends.
School	Academics	CourseInstitutionOverrideCode	Course Institution Override Code	This basic component specifies the source of the academic credit if not awarded by the home or parent institution.
School	Academics	CourseInstructionMethod	Course Instruction Method Code	This basic component specifies the primary method of instruction used for the course.
School	Academics	CourseInstructionSite	Course Instruction Site Code	This basic component specifies the type of location at which the course is taught.
School	Academics	CourseLevel	Course Level Code	This basic component specifies the level of the course offering for the term.
School	Academics	CourseNarrativeExplanationGrade	Course Narrative Explanation Grade	This basic component specifies the narrative of the grade awarded to a student in an academic course in those cases where a course does not receive a letter or numeric grade included in the grading scale of the Course Academic Grade Qualifier.
School	Academics	CourseNumber	Course Number	This basic component specifies the official reference number assigned to a course that the student has enrolled in. This number normally designates the level of the course as well as the level of the student expected to enroll in the course.
School	Academics	CourseQualityPointsEarned	Course Quality Points Earned	This basic component specifies the numerical value assigned to a letter grade to provide a basis of quantitative determination of an average.
School	Academics	CourseRepeatCode	Course Repeat Code	This basic component specifies that an academic course has been repeated by a student and how that repeat is to be computed in the student's academic grade average.
School	Academics	CourseSectionNumber	Course Section Number	This basic component specifies the number assigned to differentiate among distinct occurrences of courses that have the same course abbreviation and number but are considered to be different courses.
School	Academics	CourseSubjectAbbreviation	Course Subject Abbreviation	This basic component specifies the alphabetic abbreviation of the academic department or discipline offering the course. It is one part of the total course identifier number.
School	Academics	CourseSubjectCode	Course Subject Code	This basic component specifies a standardized code indicating the area of study associated with a course.
School	Academics	CourseTitle	Course Title	This basic component specifies the full descriptive title of the course in which the student has enrolled, as it appears in an official institutional catalog or other official publication.
School	Academics	CourseUSISCode	Course USIS Code	This basic component specifies the Statistics Canada Canadian College Student Information System (CCSIS) code to describe the area of study for the course.
School	Academics	Courses	Courses	This complex component provides a logical grouping of components related to course information.
School	Academics	InstructionalActivityStatusCode	Instructional Activity Status Code	This basic component specifies the academic status of a student as defined by the type of instructional activity the student is enrolled in..
School	Academics	OverrideSchoolCourseNumber	Override School Course Number	This basic component specifies the way the academic course was identified at the awarding school if the credit was not awarded by the home or parent school.

Classification	Subclassification	Tag Name	Business Term	Definition
School	Academics	ProgramCIPCode	Program CIP Code	This basic component specifies the code representing a discipline or field of study.
School	Academics	ProgramCSISCode	Program CSIS Code	This basic component specifies the code representing a discipline or field of study.
School	Academics	ProgramESISCode	Program ESIS Code	This basic component specifies the code representing a discipline or field of study.
School	Academics	ProgramHEGISCode	Program HEGIS Code	This basic component specifies the code representing a discipline or field of study.
School	Academics	SessionDesignator	Session Designator Date	This basic component specifies the academic session for which the data are recorded and applicable expressed as a year and month.
School	Academics	SessionDesignatorSuffix	Session Designator Suffix	This basic component specifies the free-from extension to the session designator to differentiate discreet sessions that begin in the same month.
School	Academics	SessionName	Session Name	This basic component specifies the free-form name of term.
School	Demographics	AffiliationChangeInformation	Institution Change of Affiliation Information	This complex component provides a logical grouping of components related to an institution's change of affiliation information.
School	Demographics	AffiliationCode	Institution Affiliation Code	This basic component specifies the code used to represent the type of school structure change (e.g., Location to Freestanding, Redesignated, Merged/Consolidated, or Merged/Absorbed).
School	Demographics	BranchIndicator	Institution Location Branch Indicator	This basic component specifies if the location is a Branch.
School	Demographics	CongressionalDistrict	Congressional District	This basic component specifies the district in which an organization is located, established by law for the election of Representatives to the United States Congress.
School	Demographics	EthnicAffiliationCode	Institution Ethnic Affiliation Code	This basic component specifies the type of ethnic affiliation for a school (e.g., Native American, HBCU, Hispanic, or Ethnicity Not Reported).
School	Demographics	OwnershipType	Institution Ownership Type	This basic component specifies the type of control and structure of the school (e.g., Public, Private, Nonprofit, Proprietary, Foreign Public, Foreign Private, or Foreign for Profit).
School	Demographics	RegionCode	Institution Region Code	This basic component specifies a defined cluster of states within the United States and its outlying areas (e.g., Puerto Rico, Guam, Trust Territory of the Pacific Islands etc.).
School	Identification	CampusBasedInstitutionID	Campus Based Institution ID	This complex component provides a logical grouping of components used to identify an Institution for Campus Based disbursement.
School	Identification	DLInstitutionID	DSLPI Institution ID	This complex component provides a logical grouping of components used to identify an Institution for DSLP disbursement.
School	Identification	FFELInstitutionID	FFEL Institution ID	This complex component provides a logical grouping of components used to identify an Institution for FFEL disbursement.

Classification	Subclassification	Tag Name	Business Term	Definition
School	Identification	FederalSchoolCode	Current Federal School Code	This basic component specifies the current Federal School Code.
School	Identification	NewOPEID	New OPEID	This basic component specifies the institution's new OPEID.
School	Identification	PellInstitutionID	Pell Institution ID	This complex component provides a logical grouping of components used to identify an Institution for Pell disbursement.
School	Identification	PreviousFederalSchoolCode	Previous Federal School Code	This basic component specifies the previous Federal School Code reported by the school.
School	Participation	AccreditationActiveIndicator	Accreditation Active Indicator	This basic component indicates if the Accrediting Agency is recognized as a valid by the U.S. Secretary of Education.
School	Participation	AccreditationAgency	Accreditation Agency	This basic component specifies the agency recognized by the U.S. Secretary of Education as a reliable authority for evaluating the educational quality of programs offered by postsecondary institutions.
School	Participation	AccreditationDesignation	Accreditation Designation	This basic component specifies the designation from the school identifying which accreditation agency the institution uses to establish its eligibility for Title IV Aid. Primary (PRI) indicates the accrediting agency the school used to establish Title IV
School	Participation	AccreditationInformation	Accreditation Information	This complex component provides a logical grouping of components related to accreditation information.
School	Participation	AccreditationType	Accreditation Type	This basic component specifies the institution's accreditation type, either institutional or programmatic. Institutional accreditation applies to an entire institution, indicating that each of an institution's parts is contributing to the achievement of t
School	Participation	BeginReasonCode	Stop Payment Monitoring Reason Code	This basic component specifies the reason for monitoring/payment is taking place. It is a 4 digit code.
School	Participation	CMOCASETeamCode	CMO Case Team Code	This basic component specifies the case team that handles the schools in a particular state.
School	Participation	CertificationType	Institution Certification Status Type	This basic component indicates the school's certification status (e.g., Fully Certified, Provisional Certification, or Not Certified).
School	Participation	ClosedSchoolFalseCertificationReportedAmounts	Closed School or False Certification Reported Amounts	This complex component provides a logical grouping of components related to school closures and false certifications.
School	Participation	ClosureDate	Closure Date	This basic component specifies the date that the school ceases to provide educational instruction in all programs, as determined by the U.S. Secretary of Education.
School	Participation	ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.
School	Participation	ClosureRecordHolder	Closure Record Holder	This basic component specifies the name of the organization, generally the State Licensing Agency in the state in which the school was located which made arrangements to store student records.
School	Participation	ClosureVerificationHolder	Closure Verification Holder	This basic component specifies the name of the organization that verified that the institution is closed.

Classification	Subclassification	Tag Name	Business Term	Definition
School	Participation	CohortDefaultCode	Cohort Default Code	This basic component specifies the institution's previous cohort default rate code which specifies the rate as combined, combo, substituted, actual or average.
School	Participation	CohortDefaultYear	Cohort Default Year	This basic component specifies the fiscal year for which the cohort default rate is calculated.
School	Participation	CurrentCohortDefaultRate	Current Cohort Default Rate	This basic component specifies the percentage of a school's borrowers who enter repayment on certain FFEL and/or Direct Loans during that fiscal year and default, or meet other specified conditions, within the cohort default period.
School	Participation	CurrentDefaultedLoanTotals	Current Loan Default Totals	This basic component specifies the current unduplicated defaulted loan totals.
School	Participation	CurrentRepaymentTotals	Current Loan Repayment Totals	This basic component specifies the current unduplicated repayment loan totals.
School	Participation	DLInformation	Direct Student Loan Program Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program.
School	Participation	DLLevel	Direct Student Loan Program Origination Level	This basic component specifies the level in which the school can participate in Direct Student Loan Programs.
School	Participation	DLLevelAwardYear	Direct Student Loan Program Origination Level Award Year	This basic component specifies the institution DSLP's origination level award year.
School	Participation	DLLoanPaymentInformation	DSLPL Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated DSLP loan payment information.
School	Participation	DLPLUSProgramInformation	Direct Student Loan Program PLUS Program Information	This complex component provides a logical grouping of components related to Direct Student Loan PLUS Program Information.
School	Participation	DLSequenceNumber	DSLPL Sequence Number	This complex component provides a logical grouping of components related to the DSLP sequence number.
School	Participation	DLStaffordProgramInformation	Direct Student Loan Program Stafford Program Information	This complex component provides a logical grouping of components related to Direct Student Loan Program Information.
School	Participation	DLStaffordUnsubsidizedProgramInformation	DSLPL Stafford Unsubsidized Program Information	This complex component provides a logical grouping of components related to Direct Student Loan Stafford Unsubsidized Program Information.
School	Participation	DefaultManagementInformation	Institution Default Management Information	This complex component provides a logical grouping of components related to institution default management information.
School	Participation	DefaultedLoanSums	Defaulted Loan Sums	This complex component provides a logical grouping of components related to unduplicated defaulted loan sums.
School	Participation	DualLoanPaymentInformation	Dual Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated Dual loan payment information.
School	Participation	EndEmailEffectiveDate	Stop Payment Monitoring Removal Email End Date	This complex component provides a logical grouping of components that specifies the effective date that an email was sent stating that monitoring will end.

Classification	Subclassification	Tag Name	Business Term	Definition
School	Participation	EndReason	Program End Reason	This basic component specifies the reason a school's Title IV participation has ended.
School	Participation	EndReasonCode	Stop Payment Monitoring End Reason Code	This basic component specifies the reason monitoring / stop payment process has ended.
School	Participation	FFELPLUSProgramInformation	FFEL PLUS Program Information	This complex component provides a logical grouping of components related to FFEL PLUS Program Information.
School	Participation	FFELLoanPaymentInformation	FFEL Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated FFEL loan payment information.
School	Participation	FFELSLSPProgramInformation	FFEL SLS Program Information	This complex component provides a logical grouping of components related to FFEL SLS Program Information.
School	Participation	FFELStaffordProgramInformation	FFEL Stafford Program Information	This complex component provides a logical grouping of components related to FFEL Stafford Program Information.
School	Participation	FSEOGProgramInformation	FSEOG Program Information	This complex component provides a logical grouping of components related to FSEOG Program Information.
School	Participation	FWSCCommunityServiceProgramInformation	Federal Work-Study Community Service Program Information	This complex component provides a logical grouping of components related to Federal Work-Study Community Service Program Information.
School	Participation	FWSJobLocationDevelopmentProgramInformation	Federal Work-Study Job Location Development Program Information	This complex component provides a logical grouping of components related to Federal Work-Study Job Location Development Program Information.
School	Participation	FWSPrivateSectorEmploymentProgramInformation	Federal Work-Study Private Sector Employment Program Information	This complex component provides a logical grouping of components related to Federal Work-Study Private Sector Employment Program Information.
School	Participation	GAPSEffectiveDate	GAPS Effective Date	This complex component provides a logical grouping of components related to the effective date monitoring began, the date is assigned by GAPS.
School	Participation	HistoryCode	History Code	This basic component specifies the institution's history code.
School	Participation	LoanPaymentInformation	Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated loan payment information.
School	Participation	LocationCloseDate	Institution Location Close Date	This basic component specifies the date that the location ceases to provide educational instruction in all programs, as determined by the U.S. Secretary of Education.
School	Participation	LocationEligibilityApproval	Institution Location Eligibility Certification Approve Indicator	This basic component indicates if the institution location is approved for eligibility or certification.
School	Participation	LocationReinstateCode	Institution Location Reinstate Code	This basic component specifies the date the institution location was reinstated.
School	Participation	MethodCode	Stop Payment Monitoring Method Code	This basic component specifies the method for monitoring/payment (e.g., HCM - Cash Monitoring 1, HCM - Cash Monitoring 2, Reimbursement, or Stop Payment).

Classification	Subclassification	Tag Name	Business Term	Definition
School	Participation	OriginationInformation	Direct Student Loan Program Origination Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program Origination Information.
School	Participation	OverallEligibilityActionDate	Institution Overall Eligibility Action Date	This basic component specifies the effective date of the action taken by FSA on a school's eligibility.
School	Participation	OverallEligibilityReasonCode	Institution Overall Eligibility Reason Code	This basic component specifies the reason for change, maintenance or loss of overall eligibility.
School	Participation	OverallEligibilityActionCode	Institution Overall Eligibility Action Code	This basic component specifies the action taken to establish, maintain or lose eligibility for Title IV participation.
School	Participation	ParticipationAgreementExecutionDate	IPOS Program Participation Agreement Execution Date	This basic component specifies the date the program participation agreement was counter-signed, or executed, by a Department of Education Authorized Official. Once the PPA is executed the school's certification is in effect.
School	Participation	ParticipationAgreementExpirationDate	IPOS Program Participation Agreement Expiration Date	This basic component specifies the Program Participation Agreement expiration date.
School	Participation	ParticipationAgreementSentDate	IPOS Program Participation Agreement Sent Date	This basic component specifies if there has been a change in the Pell grant.
School	Participation	PellProgramInformation	Pell Program Information	This complex component provides a logical grouping of components related to Pell Program Information.
School	Participation	PerkinsProgramInformation	Federal Perkins Program Information	This complex component provides a logical grouping of components related to Federal Perkins Program Information.
School	Participation	PreviousClosureDate	Previous Closure Date	This basic component specifies the known date of a school's closure at the time of data entry, or the closure date entered in PEPS which was changed because of an error.
School	Participation	PreviousCohortDefaultRate	Previous Cohort Default Rate	This basic component specifies the school's previous cohort default rate, prior to any adjustments due to the default appeal process.
School	Participation	PreviousDLSequenceNumber	Previous DSLP Sequence Number	This basic component specifies the previous DSLP Sequence Number.
School	Participation	PreviousDefaultedLoanTotals	Previous Loan Default Totals	This basic component represents the previous unduplicated defaulted loan totals reported by the school.
School	Participation	PreviousRepaymentDefaultTotals	Previous Loan Default Totals	This basic component represents the previous unduplicated repayment loan totals as reported by the school.
School	Participation	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.
School	Participation	ProgramLength	Institution Program Length	This basic component specifies the length of the longest program, i.e., the highest level of education, offered by the institution.
School	Participation	ProgramParticipation	Institution Program Participation	This basic component specifies the Title IV program(s) in which the school can participate.

Classification	Subclassification	Tag Name	Business Term	Definition
School	Participation	RepaymentLoanSums	Repayment Loan Sums	This complex component provides a logical grouping of components related to unduplicated repayment loan sums.
School	Participation	SECParticipationDates	SEC Program Participation Agreement Dates	This complex component provides a logical grouping of components related to Institutional Participation Oversight Service Participation Agreement dates.
School	Participation	SchoolBondAmount	School Bond Amount	This basic component represents the value of the school's bond amount with the state.
School	Participation	StartEmailEffectiveDate	Stop Payment Monitoring Effective Email Date	This complex component provides a logical grouping of components that specifies the effective date that an email was sent stating that monitoring of the institution will occur.
School	Participation	StateBondIndicator	State Bond Indicator	This basic component indicates if the school has a bond with the state.
School	Participation	StopPaymentMonitoringEndDate	Stop Payment Monitoring End Date	This complex component provides a logical grouping of components related to the date monitoring ended.
School	Participation	StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.
School	Participation	SystemFundOfficeIndicator	Institution System Fund Office Indicator	This basic component specifies if the Institution is a System Office.
School	Participation	TitleIVEligibilityApprovalDate	Institution Title IV Eligibility Initial Approval Date	This basic component specifies the effective date of the start or renewal of eligibility to participate in Title IV program(s).
School	Participation	TitleIVEligibilityDisapprovalDate	Institution Title IV Eligibility Disapproval Date	This basic component specifies the effective date of the end of eligibility to participate in Title IV program(s).
School	Participation	TitleIVEligibilityStatus	Institution Title IV Funds Eligibility Status Indicator	This basic component indicates if the institution is eligible to participate in Title IV Programs (e.g., Eligible for Title IV Participation or Not Eligible).
School	Participation	TuitionRecoveryFundIndicator	Tuition Recovery Fund	This basic component indicates if tuition recovery funds exist.
School	Participation	TuitionRecoveryFundRecoveredAmount	Tuition Recovery Fund Recovered Amount	This basic component represents the amount of tuition recovery funds that exist.
School	Participation	UnauthorizedLocationIndicator	Unauthorized Location Indicator	This basic component indicates if a closed school disburses Title IV funds to students from an unauthorized location.
Student	Academic-Achievement	AcademicAwardDate	Academic Award Date	This basic component specifies the date on which the student's degree was conferred.
Student	Academic-Achievement	AcademicAwardLevel	Academic Award Level Code	This basic component specifies the level of the degree, certificate, or award granted for the successful completion of requirements of an academic program.
Student	Academic-Achievement	AcademicAwardTitle	Academic Award Title	This basic component specifies the descriptive title for the academic award.

Classification	Subclassification	Tag Name	Business Term	Definition
Student	Academic-Achievement	AcademicCompletionDate	Academic Completion Date	This basic component specifies the date on which the student's requirements for the degree were met or completed.
Student	Academic-Achievement	AcademicDegreeRequirement	Academic Degree Requirement Information	This complex component provides a logical grouping of components related to academic degree requirement information.
Student	Academic-Achievement	AcademicHonors	Academic Honors	This complex component provides a logical grouping of components related to academic honors information.
Student	Academic-Achievement	AcademicProgramType	Academic Program Type Code	This basic component specifies the major, minor, and/or area of concentration of study.
Student	Academic-Achievement	AcademicSessionType	Academic Session Type Code	This basic component specifies the type of academic session at an educational institution.
Student	Academic-Achievement	AcademicSummaryLevel	Academic Summary Level Code	This basic component specifies the level of credit associated with the credit hours earned for the course.
Student	Academic-Achievement	AcademicSummaryType	Academic Summary Type Code	This basic component specifies the academic information being summarized over what period of time.
Student	Academic-Achievement	AnticipatedGraduationDate	Anticipated Graduation Date	This basic component specifies the date on which the student is or was expected to graduate.
Student	Academic-Achievement	CandidacyAdmitIndicator	Candidacy Admit Indicator	This basic component indicates if the student has been admitted as a doctoral candidate.
Student	Academic-Achievement	CandidacyDate	Candidacy Date	This basic component specifies the date on which the student was admitted to doctoral candidate status.
Student	Academic-Achievement	ClassRank	Class Rank	This basic component specifies the student's class rank relative to other students in their academic cohort (e.g., class).
Student	Academic-Achievement	ClassSize	Class Size	This basic component specifies the numeric size of the academic cohort (e.g., class).
Student	Academic-Achievement	ConditionsMetDate	Conditions Met Date	This basic component specifies the date the requirement, attribute or proficiency was earned or demonstrated.
Student	Academic-Achievement	ConditionsMetIndicator	Conditions Met Indicator	This basic component indicates that the specified requirement, attribute or proficiency was or was not earned or demonstrated.
Student	Academic-Achievement	DegreeOrCertificateCode	Degree Or Certificate	This basic component specifies the degree or certificate for which the student is enrolled.
Student	Academic-Achievement	Delinquencies	Delinquencies Code	This basic component specifies the academic standing of the student upon transfer to the school.
Student	Academic-Achievement	EducationLevelCode	Education Level Code	This basic component specifies the person's education level based on code.

Classification	Subclassification	Tag Name	Business Term	Definition
Student	Academic-Achievement	ExamResultsCode	Exam Results Code	This basic component specifies the student's status in completing exams required for graduate or doctoral degree programs.
Student	Academic-Achievement	ExamTakenDate	Exam Taken Date	This basic component specifies the date on which the student took an exam for advancement, continuation or completion of a doctoral program.
Student	Academic-Achievement	ExamsRequiredCode	Exams Required Code	This basic component specifies the type of exam required of doctoral level students.
Student	Academic-Achievement	ExitDate	Exit Date	This basic component specifies the date on which the student officially withdrew or graduated.
Student	Academic-Achievement	GraduationDate	Graduation Date	This basic component specifies the anticipated or actual date the student will complete the program at the school.
Student	Academic-Achievement	HighSchoolDiplomaOrGEDIndicator	High School Diploma Or GED	This basic component indicates if a person has received a high school diploma or GED.
Student	Academic-Achievement	HonorsLevel	Honors Level	This basic component specifies the 1st highest honor, 2nd highest and 3rd highest.
Student	Academic-Achievement	HonorsTitle	Honors Title	This basic component specifies that the student graduated with outstanding scholastic achievement.
Student	Academic-Achievement	Language	Language	This complex component provides a logical grouping of components related to language information.
Student	Academic-Achievement	LanguageCode	Language Code	This basic component specifies the language used by a person, based on the ISO 639 code set.
Student	Academic-Achievement	LanguageInstructionUsageCode	Language Instruction Usage Code	This basic component specifies the use of language in an instructional context.
Student	Academic-Achievement	LanguageProficiencyCode	Language Proficiency Code	This basic component specifies the person's ability to comprehend and use a language.
Student	Academic-Achievement	LanguageUsageCode	Language Usage Code	This basic component specifies the medium in which a language is used.
Student	Academic-Achievement	Licensure	Licensure	This complex component provides a logical grouping of components related to licensure information.
Student	Academic-Achievement	LicensurePassage	Licensure Passage	This basic component specifies the type of license.
Student	Academic-Achievement	LicensurePassageDate	Licensure Passage Date	This basic component specifies the date the licensure was passed.
Student	Academic-Achievement	LicensurePassageLevel	Licensure Passage Level	This basic component specifies the level of license.

Classification	Subclassification	Tag Name	Business Term	Definition
Student	Academic-Achievement	OralDefenseCompletedIndicator	Oral Defense Completed Indicator	This basic component indicates if the student has completed an oral defense. The requirement to conduct an oral defense by doctoral students may vary across schools, programs, or fields of study.
Student	Academic-Achievement	OralDefenseDate	Oral Defense Date	This basic component specifies the date on which the student gave an oral defense.
Student	Academic-Achievement	Paid Participation Indicator	Paid Participation Indicator	This basic component indicates if the student was paid to participate.
Student	Academic-Achievement	ParticipationLevel	Participation Level	This basic component specifies the student's grade or activity level.
Student	Academic-Achievement	RAPCode	RAP Code	This basic component specifies the requirements, attributes, and proficiencies demonstrated or earned.
Student	Academic-Achievement	RAPCodeQualifier	RAP Code Qualifier	This basic component specifies the code set used for the requirement attribute proficiency code.
Student	Academic-Achievement	RAPName	RAP Name	This basic component specifies the free form name of the requirements, attributes and proficiencies demonstrated or earned.
Student	Academic-Achievement	RAPSubName	RAP Sub Name	This basic component specifies the free form name of a subset of the RAP category indicated in the RAP name.
Student	Academic-Achievement	RecruitedIndicator	Recruited Indicator	This basic component indicates if the student was recruited in this area by the school.
Student	Academic-Achievement	RequirementAttributeProficiency	Requirement Attribute Proficiency	This complex component provides a logical grouping of components related to requirement attribute proficiency information.
Student	Academic-Achievement	SchoolSponsoredIndicator	School Sponsored Indicator	This basic component indicates if the activity was sponsored by the school.
Student	Academic-Achievement	ServiceReceived	Service Received	This basic component specifies the program services received.
Student	Academic-Achievement	StudentActivities	Student Activities	This complex component provides a logical grouping of components related to student activities information.
Student	Academic-Metrics	Attendance	Attendance Information	This complex component provides a logical grouping of components related to attendance information.
Student	Academic-Metrics	AttendanceStatusCode	Attendance Status Code	This basic component specifies the attendance status of a degree seeking student as defined by number of credit hours taken and student level.
Student	Academic-Metrics	CreditHoursAttempted	Credit Hours Attempted	This basic component specifies the total credit hours for which a student is enrolled.
Student	Academic-Metrics	CreditHoursEarned	Credit Hours Earned	This basic component specifies the total credit hours that a student earned.

Classification	Subclassification	Tag Name	Business Term	Definition
Student	Academic-Metrics	CreditHoursforGPA	Credit Hours for GPA	This basic component specifies the hours used as a basis for GPA calculation.
Student	Academic-Metrics	EnrollmentDate	Enrollment Date	This basic component specifies the first date that the student was enrolled in an eligible program for the designated award year.
Student	Academic-Metrics	EnrollmentStatusCode	Enrollment Status Code	This basic component indicates the student's enrollment status during the award period.
Student	Academic-Metrics	GPA	GPA	This complex component provides a logical grouping of components related to GPA information.
Student	Academic-Metrics	GradePointAverage	Grade Point Average	This basic component specifies the student's Grade Point Average.
Student	Academic-Metrics	ScoreInvalidatedIndicator	Standardized Test Score Invalidated Indicator	This basic component indicates if the score reported has been invalidated.
Student	Academic-Metrics	ScoreRevisedIndicator	Standardized Test Score Revised Indicator	This basic component indicates if the score reported has been revised.
Student	Academic-Metrics	ScoreSelfReportedIndicator	Standardized Test Score Self Reported Indicator	This basic component indicates if the score reported has been self-reported.
Student	Academic-Metrics	SubTestCode	Standardized SubTest Code	This basic component specifies the code identifying a standardized subtest.
Student	Academic-Metrics	SubTestName	Standardized SubTest Name	This basic component specifies a name identifying a standardized subtest.
Student	Academic-Metrics	TestCode	Standardized Test Code	This basic component specifies a code identifying a standardized test.
Student	Academic-Metrics	TestDate	Standardized Test Date	This basic component specifies the date when a standardized test was administered to the person.
Student	Academic-Metrics	TestName	Standardized Test Name	This basic component specifies a name identifying a standardized test.
Student	Academic-Metrics	TestScoreMethod	Standardized Test Score Method Code	This basic component specifies the codes identifying the method used to measure and report the test scores.
Student	Academic-Metrics	TestScoreValue	Standardized Test Score Value	This basic component specifies the actual value of the score received by the student on the standardized test.
Student	Academic-Metrics	Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).
Student	Application-Admissions	AdmissionDecision	Admission Decision Information	This complex component provides a logical grouping of components related to admission decision information.

Classification	Subclassification	Tag Name	Business Term	Definition
Student	Application-Admissions	AdmissionStatusCode	Admission Status Code	This basic component specifies the codes identifying the set of admission status values.
Student	Application-Admissions	AdmissionStatusDate	Admission Status Date	This basic component specifies the date on which the admission status was verified.
Student	Application-Admissions	AdmissionType	Admission Type Code	This basic component specifies the codes identifying the set of admission type values.
Student	Application-Aid	AcademicYearPeriod	Academic Year Period	This complex component provides a logical grouping of components related to the dates when the student's academic year begins and ends at the school.
Student	Application-Aid	BornBeforeCutoffIndicator	Born Before Cutoff	This basic component indicates if a person was born before 01-01-1980.
Student	Application-Aid	DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.
Student	Application-Aid	DependencyOverrideCode	Dependency Override Code	This basic component specifies the code identifying a dependency override.
Student	Application-Aid	DrugConvictionCode	Drug Conviction	This basic component specifies if a person has a drug conviction that would affect financial aid eligibility.
Student	Application-Aid	EFCAdjustmentCode	EFC Adjustment Code	This basic component specifies the code identifying an EFC adjustment.
Student	Application-Aid	EnrollmentData	Enrollment Data	This complex component provides a logical grouping of components related to enrollment information.
Student	Application-Aid	EstablishedDate	Residency Established Date	This basic component specifies the date on which a person's residency was established.
Student	Application-Aid	FallCode	Fall Enrollment	This basic component specifies the enrollment intention of the student for the fall of the upcoming academic year.
Student	Application-Aid	FirstBachelorsByCutoffIndicator	First Bachelors By Cutoff	This basic component indicates if a student will receive a first Bachelor's degree by 07-01 of this year.
Student	Application-Aid	HouseholdData	Household Data	This complex component provides a logical grouping of components related to a person's household data.
Student	Application-Aid	LegalDependentsIndicator	Legal Dependents Indicator	This basic component indicates if a person has legal dependents other than children or spouse to support.
Student	Application-Aid	LessThanFullTimeIndicator	Less Than Full Time Indicator	This basic component indicates if a student's attendance status is less than full time.
Student	Application-Aid	MastersOrDoctorateIndicator	Masters Or Doctorate	This basic component indicates if the student is working on a Master's or Doctorate Program for the upcoming academic year.

Classification	Subclassification	Tag Name	Business Term	Definition
Student	Application-Aid	MembersInFamily	Household Members In Family	This basic component specifies the number of family members in a person's household.
Student	Application-Aid	NumberInCollege	Household Number In College	This basic component specifies the number of family members in college during the current academic year.
Student	Application-Aid	OrphanWardOfCourtIndicator	Orphan Ward Of Court Indicator	This basic component indicates if a person is an orphan or ward of the court.
Student	Application-Aid	ProfessionalJudgment	Professional Judgment	This complex component provides a logical grouping of components related to Professional Judgment information.
Student	Application-Aid	QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.
Student	Application-Aid	SpringCode	Spring Enrollment	This basic component specifies the enrollment intention of the student for the spring of the upcoming academic year.
Student	Application-Aid	StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.
Student	Application-Aid	StudentLoanInterestIndicator	Student Loan Interest	This basic component indicates if a person is interested in student loan financial assistance.
Student	Application-Aid	SummerHeaderCode	Summer Header	This basic component specifies the enrollment intention of the student for the summer preceding the upcoming academic year.
Student	Application-Aid	SummerTrailerCode	Summer Trailer	This basic component specifies the enrollment intention of the student for the summer following the upcoming academic year.
Student	Application-Aid	SupportsChildrenIndicator	Supports Children	This basic component indicates if a person has children to support.
Student	Application-Aid	WinterCode	Winter Enrollment	This basic component specifies the enrollment intention of the student for the winter of the upcoming academic year.
Student	Application-Aid	WorkStudyInterestIndicator	Work-Study Interest	This basic component indicates if a student is interested in student work study financial assistance.
Student	Application-Aid	WorksheetA	Worksheet A	This basic component represents the total from those items on Worksheet A of the FAFSA.
Student	Application-Aid	WorksheetB	Worksheet B	This basic component represents the total from those items on Worksheet B of the FAFSA.
Student	Application-Aid	WorksheetC	Worksheet C	This basic component represents the total from those items on Worksheet C of the FAFSA.
	Message Specification	AcknowledgementCommentCode	Acknowledgement Comment Code	This basic component specifies the acknowledgement comment code.

Classification	Subclassification	Tag Name	Business Term	Definition
	Message Specification	AcknowledgementCommentCodes	Acknowledgement Comment Codes	This complex component provides a logical grouping of components related to acknowledgement comment codes.
	Message Specification	Assumption	Assumption	This complex component provides a logical grouping of components related to a specific assumption.
	Message Specification	AssumptionOverrideCode	Assumption Override Code	This basic component specifies the assumption override code.
	Message Specification	AssumptionOverrides	Assumption Overrides	This complex component provides a logical grouping of components related to assumption overrides.
	Message Specification	Assumptions	Assumptions	This complex component provides a logical grouping of components related to multiple assumptions.
	Message Specification	BeginDate	Begin Date	This basic component specifies a generic begin date.
	Message Specification	CheckedDate	Checked Date	This basic component specifies a date that a status was checked.
	Message Specification	CommentCode	Comment Code	This basic component specifies a comment code.
	Message Specification	CommentCodes	Comment Codes	This complex component provides a logical grouping of components related to comment codes.
	Message Specification	CorrectionCode	Correction Code	This complex component provides a logical grouping of components related to a specific correction code.
	Message Specification	CorrectionCode	Correction Code	This basic component specifies a correction code.
	Message Specification	CorrectionCodes	Correction Codes	This complex component provides a logical grouping of components related to multiple correction codes.
	Message Specification	CreatedDate	Create Date	This basic component specifies a generic created date. It can be used to represent a message creation date or batch date.
	Message Specification	CreatedDateTime	Created Date Time	This basic component specifies the date and time stamp when a document was created. It can be used to represent a message or batch creation date and time.
	Message Specification	DataProviderTypeCode	Data Provider Type Code	This basic component specifies the type of organization sending the data.
	Message Specification	DataVerifyCode	Data Verify Code	This complex component provides a logical grouping of components related to a specific data verify code.
	Message Specification	DataVerifyCodes	Data Verify Codes	This complex component provides a logical grouping of components related to multiple data verify codes.

Classification	Subclassification	Tag Name	Business Term	Definition
	Message Specification	Destination	Destination	This basic component specifies the file destination.
	Message Specification	DocumentID	Document ID	This basic component specifies the file transmission date and time stamp with additional unique qualifying characters.
	Message Specification	DocumentStatusCode	Document Status Code	This basic component specifies the status of the processed document.
	Message Specification	DocumentTypeCode	Document Type Code	This basic component specifies a short description of the data in the document.
	Message Specification	EditProcessResult	Edit Process Result	This complex component provides a logical grouping of components used to respond application/business level edits to an inbound request.
	Message Specification	EffectiveDate	Effective Date	This basic component specifies the effective date that an event took place.
	Message Specification	EndDate	End Date	This basic component specifies a generic end date.
	Message Specification	FieldName	Field Name	This basic component specifies a field name.
	Message Specification	FieldValue	Field Value	This basic component specifies a field value.
	Message Specification	HighlightFields	Highlight Fields	This complex component provides a logical grouping of components related to highlight fields.
	Message Specification	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.
	Message Specification	ProcessDate	Process Date	This basic component specifies the date the document information was processed.
	Message Specification	ProcessingTypeCode	Processing Type Code	This basic component specifies the type of processing that is requested for this application. This element controls how the record is processed.
	Message Specification	Receipt	Receipt	This basic component specifies the date/time stamp indicating receipt of the document.
	Message Specification	RejectCodes	Reject Codes	This basic component specifies the reject codes.
	Message Specification	RejectOverrideCode	Reject Override Code	This basic component specifies the reject override code.
	Message Specification	RejectOverrides	Reject Overrides	This complex component provides a logical grouping of components related to reject overrides.

Classification	Subclassification	Tag Name	Business Term	Definition
	Message Specification	RejectReasons	Reject Reasons	This complex component provides a logical grouping of components related to reject reasons.
	Message Specification	ReportedFinancialSummary	Reported Financial Summary	This complex component provides a logical grouping of components related to reported financial summary information.
	Message Specification	ReportedValue	Reported Value	This basic component represents value originally sent in by the user.
	Message Specification	Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.
	Message Specification	ResponseCode	Response Code	This basic component specifies the results from processing this record.
	Message Specification	ResponseErrorCode	Response Error Code	This basic component specifies the error code thrown by an application during edit processing.
	Message Specification	ResponseErrorField	Response Error Field	This basic component specifies the tag referenced by the edit error code.
	Message Specification	ResponseErrorValue	Response Error Value	This basic component specifies a new value in a field, only used if a correction is applied.
	Message Specification	ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.
	Message Specification	ResponseMessage	Response Message	This basic component specifies the error message associated with the error code.
	Message Specification	ResponseMessageLevel	Response Message Level	This basic component specifies the severity level of the message.
	Message Specification	ResponseTypeCode	Response Type Code	This basic component specifies the code used to specify the type of response.
	Message Specification	SentDate	Sent Date	This basic component specifies the sent date.
	Message Specification	SignatureData	Signature Data	This complex component provides a logical grouping of components related to a student's signature.
	Message Specification	SignatureDate	Signature Date	This basic component specifies the date the signature occurred.
	Message Specification	SignatureSourceCode	Signature Source Code	This basic component specifies the source of the signature.
	Message Specification	Software	Software	This complex component provides a logical grouping of components related to software information.

Classification	Subclassification	Tag Name	Business Term	Definition
	Message Specification	SoftwareProvider	Software Provider	This basic component specifies the software provider.
	Message Specification	SoftwareVersion	Software Version	This basic component specifies the software version.
	Message Specification	Source	Source	This basic component specifies the source of the file being sent.
	Message Specification	TimePeriod	Period	This complex component provides a logical grouping of components for the begin and end dates for a given period.
	Message Specification	TotalCountAccepted	Total Count Accepted	This basic component specifies the total number of accepted awards in this document. This information is summarized by program by award year.
	Message Specification	TotalCountCorrected	Total Count Corrected	This basic component specifies the total number of corrected awards in this document. This information is summarized by program by award year.
	Message Specification	TotalCountDuplicate	Total Count Duplicate	This basic component specifies the total number of duplicate awards in this document. This information is summarized by program by award year.
	Message Specification	TotalCountRejected	Total Count Rejected	This basic component specifies the total number of rejected awards in this document. This information is summarized by program by award year.
	Message Specification	TotalCountSSAdministration	Total Count Social Security Administration	This basic component specifies the total number of students in this document that are reported by CPS to have a SSA match not equal to 4. This information is summarized by program by award year.
	Message Specification	TotalCountVerificationSelected	Total Count Verification Selected	This basic component specifies the total number of students in this document that are reported selected for verification by CPS. This information is summarized by program by award year.
	Message Specification	TotalFinancialAwardAccepted	Total Financial Award Accepted	This basic component specifies the total dollar amount accepted in this document. For Pell Grant and Direct Loan, this is the accepted award amount. This information is summarized by year by program.
	Message Specification	TotalFinancialAwardCorrected	Total Financial Award Corrected	This basic component specifies the total dollar value reported in this document for corrected Pell disbursements. This information is summarized by program by award year.
	Message Specification	TotalFinancialDisbursementAccepted	Total Financial Disbursement Accepted	This basic component specifies the total dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted. For Direct Loan, the total gross disbursement amount accepted, regardless of payment trigger. This information is s
	Message Specification	TotalFundedDisbursementAccepted	Total Funded Disbursement Accepted	This basic component specifies the total funded dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted with a Disbursement Release Indicator of <i>¿true.¿</i> For Direct Loan, the total net disbursement amount accepted
	Message Specification	TotalNonFundedDisbursementAccepted	Total Non Funded Disbursement Accepted	This basic component specifies the total nonfunded dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted with a Disbursement Release Indicator of <i>¿false.¿</i> For Direct Loan, the total net disbursement amount accep
	Message Specification	TransactionTypeCode	Transaction Source Code	This basic component specifies a description of the type of transaction using the file.
	Message Specification	TransmissionData	Transmission Data	This complex component provides a logical grouping of components related to transmission data information.

Classification	Subclassification	Tag Name	Business Term	Definition
	Message Specification	eSignatureCustodian	eSignature Custodian	This complex component provides a logical grouping of components related to eSignature custodian information.
	Message Specification	eSignatureIndicator	Signature Indicator	This basic component indicates if the signature is electronic.
		CollectionTerminations	Collection Terminations	This complex component provides a logical grouping of components related to the dollar amount of the portion of federal receivable balances (i.e., principal, accrued interest, and other charges) on which the agency has decided to terminate collection acti
		ContactCode	Contact Code	This basic component specifies the code for a contact.
		DataReleaseNumber	Data Release Number	This basic component specifies the data release number.
		GraduateIndicator	Graduate Indicator	This basic component indicates if the student has graduated.
		ParentTaxFilingStatusCode	Parent Tax Filing Status Code	This basic component specifies the parent's tax return filing status.
		PerkinsPortfolioIndicator	Perkins Portfolio Indicator	This basic component indicates if the closed school has a Perkins portfolio.
		PreviousSECUNSNNumber	Previous SEC Grantee DUNS Number	This basic component specifies School Eligibility Channel Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.
