

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AcademicAwardDate	Academic Award Date	This basic component specifies the date on which the student's degree was conferred.					
AcademicAwardLevel	Academic Award Level Code	This basic component specifies the level of the degree, certificate, or award granted for the successful completion of requirements of an academic program.					
AcademicAwardTitle	Academic Award Title	This basic component specifies the descriptive title for the academic award.					
AcademicCalendarCode	Academic Calendar	This basic component specifies the code used to represent the type of academic calendar by which classes at a school are measured (e.g., Quarter Hours, Semester Hours or Trimester Hours).					
AcademicCompletionDate	Academic Completion Date	This basic component specifies the date on which the student's requirements for the degree were met or completed.					
AcademicDegreeRequirement	Academic Degree Requirement Information	This complex component provides a logical grouping of components related to academic degree requirement information.	OralDefenseCompletedIndicator	Oral Defense Completed Indicator	This basic component indicates if the student has completed an oral defense. The requirement to conduct an oral defense by doctoral students may vary across schools, programs, or fields of study.	1	1
AcademicDegreeRequirement	Academic Degree Requirement Information	This complex component provides a logical grouping of components related to academic degree requirement information.	OralDefenseDate	Oral Defense Date	This basic component specifies the date on which the student gave an oral defense.	1	1
AcademicDegreeRequirement	Academic Degree Requirement Information	This complex component provides a logical grouping of components related to academic degree requirement information.	CandidacyAdmitIndicator	Candidacy Admit Indicator	This basic component indicates if the student has been admitted as a doctoral candidate.	1	1
AcademicDegreeRequirement	Academic Degree Requirement Information	This complex component provides a logical grouping of components related to academic degree requirement information.	CandidacyDate	Candidacy Date	This basic component specifies the date on which the student was admitted to doctoral candidate status.	1	1
AcademicDegreeRequirement	Academic Degree Requirement Information	This complex component provides a logical grouping of components related to academic degree requirement information.	ExamResultsCode	Exam Results Code	This basic component specifies the student's status in completing exams required for graduate or doctoral degree programs.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AcademicDegreeRequirement	Academic Degree Requirement Information	This complex component provides a logical grouping of components related to academic degree requirement information.	ExamsRequiredCode	Exams Required Code	This basic component specifies the type of exam required of doctoral level students.	1	1
AcademicDegreeRequirement	Academic Degree Requirement Information	This complex component provides a logical grouping of components related to academic degree requirement information.	ExamTakenDate	Exam Taken Date	This basic component specifies the date on which the student took an exam for advancement, continuation or completion of a doctoral program.	1	1
AcademicHonors	Academic Honors	This complex component provides a logical grouping of components related to academic honors information.	HonorsLevel	Honors Level	This basic component specifies the 1st highest honor, 2nd highest and 3rd highest.	1	1
AcademicHonors	Academic Honors	This complex component provides a logical grouping of components related to academic honors information.	HonorsTitle	Honors Title	This basic component specifies that the student graduated with outstanding scholastic achievement.	1	1
AcademicProgramType	Academic Program Type Code	This basic component specifies the major, minor, and/or area of concentration of study.					
AcademicSessionDetail	Academic Session Detail	This complex component provides a logical grouping of components related to identifying an academic session.					
AcademicSessionType	Academic Session Type Code	This basic component specifies the type of academic session at an educational institution.					
AcademicSummaryLevel	Academic Summary Level Code	This basic component specifies the level of credit associated with the credit hours earned for the course.					
AcademicSummaryType	Academic Summary Type Code	This basic component specifies the academic information being summarized over what period of time.					
AcademicYearPeriod	Academic Year Period	This complex component provides a logical grouping of components related to the dates when the student's academic year begins and ends at the school.	TimePeriod	Period	This complex component provides a logical grouping of components for the begin and end dates for a given period.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AccommodationsNeededCode	Accommodations Needed Code	This basic component specifies the codes identifying the set of health accommodations.					
AccountBalance	Loan Account Balance	This basic component represents the outstanding loan balance including principal, accrued interest and fees.					
AccountBalanceDate	Loan Account Balance Date	This basic component specifies the effective date of the outstanding loan balance.					
AccreditationActiveIndicator	Accreditation Active Indicator	This basic component indicates if the Accrediting Agency is recognized as a valid by the U.S. Secretary of Education.					
AccreditationAgency	Accreditation Agency	This basic component specifies the agency recognized by the U.S. Secretary of Education as a reliable authority for evaluating the educational quality of programs offered by postsecondary institutions.					
AccreditationDesignation	Accreditation Designation	This basic component specifies the designation from the school identifying which accreditation agency the institution uses to establish its eligibility for Title IV Aid. Primary (PRI) indicates the accrediting agency the school used to establish Title IV eligibility. Secondary (SEC) indicates all other accrediting agencies) identified.					
AccreditationInformation	Accreditation Information	This complex component provides a logical grouping of components related to accreditation information.	AccreditationActiveIndicator	Accreditation Active Indicator	This basic component indicates if the Accrediting Agency is recognized as a valid by the U.S. Secretary of Education.	1	1
AccreditationInformation	Accreditation Information	This complex component provides a logical grouping of components related to accreditation information.	AccreditationType	Accreditation Type	This basic component specifies the institution's accreditation type, either institutional or programmatic. Institutional accreditation applies to an entire institution, indicating that each of an institution's parts is contributing to the achievement of the institution's objectives. Programmatic accreditation applies to programs, departments, or schools that are parts of an institution.	1	1
AccreditationInformation	Accreditation Information	This complex component provides a logical grouping of components related to accreditation information.	AccreditationAgency	Accreditation Agency	This basic component specifies the agency recognized by the U.S. Secretary of Education as a reliable authority for evaluating the educational quality of programs offered by postsecondary institutions.	1	1
AccreditationInformation	Accreditation Information	This complex component provides a logical grouping of components related to accreditation information.	AccreditationDesignation	Accreditation Designation	This basic component specifies the designation from the school identifying which accreditation agency the institution uses to establish its eligibility for Title IV Aid. Primary (PRI) indicates the accrediting agency the school used to establish Title IV eligibility. Secondary (SEC) indicates all other accrediting agencies) identified.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AccreditationInformation	Accreditation Information	This complex component provides a logical grouping of components related to accreditation information.	EndDate	End Date	This basic component specifies a generic end date.	1	1
AccreditationType	Accreditation Type	This basic component specifies the institution's accreditation type, either institutional or programmatic. Institutional accreditation applies to an entire institution, indicating that each of an institution's parts is contributing to the achievement of the institution's objectives. Programmatic accreditation applies to programs, departments, or schools that are parts of an institution.					
AccruedInterest	Accrued Interest	This basic component represents the outstanding interest since the last time interest was satisfied either through a borrower payment, capitalization or government subsidy.					
AcknowledgementCommentCode	Acknowledgement Comment Code	This basic component specifies the acknowledgement comment code.					
AcknowledgementCommentCodes	Acknowledgement Comment Codes	This complex component provides a logical grouping of components related to acknowledgement comment codes.	AcknowledgementCommentCode	Acknowledgement Comment Code	This basic component specifies the acknowledgement comment code.	1	1
ACT	ACT ID	This basic component specifies the unique identifier assigned by the American College Testing Program.					
ActiveBankruptcyChangeIndicator	Loan Active Bankruptcy Change Indicator	This basic component indicates if there has been a change in active bankruptcy.					
ActiveBankruptcyIndicator	Loan Active Bankruptcy Indicator	This basic component indicates if there is an active bankruptcy.					
ActivityStatusChanges	Activity Status Changes	This complex component provides a logical grouping of components related to guaranty agency activities, which do not involve the receipt or the disbursement of funds between Department of ED and a guaranty agency. The Department of ED needs this information for accounting and other reporting purposes. This category also includes the account balance at conversion for any additional amounts requested in MR-3, Status Changes.	DefaultLenderLastResortBankruptcy	Default or Lender of Last Resort to Bankruptcy	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to the change in status of the default claim to a Chapter 7, 11, 12 or 13 bankruptcy.	1	1
ActivityStatusChanges	Activity Status Changes	This complex component provides a logical grouping of components related to guaranty agency activities, which do not involve the receipt or the disbursement of funds between Department of ED and a guaranty agency. The Department of ED needs this information for accounting and other reporting purposes. This category also includes the account balance at conversion for any additional amounts requested in MR-3, Status Changes.	DefaultLenderLastResortDeathDisability	Default or Lender of Last Resort to Death or Disability	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to a change in status to death or disability. A death claim is one on which the loan is cancelled due to the borrower's death. This includes a Federal PLUS loan death claim paid to a lender when a student, on whose behalf a parent received the Federal PLUS loan, dies. A disability claim is one on which the loan is cancelled due to the total and permanent disability of the borrower.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ActivityStatusChanges	Activity Status Changes	This complex component provides a logical grouping of components related to guaranty agency activities, which do not involve the receipt or the disbursement of funds between Department of ED and a guaranty agency. The Department of ED needs this information for accounting and other reporting purposes. This category also includes the account balance at conversion for any additional amounts requested in MR-3, Status Changes.	BankruptcyLenderLastResort	Bankruptcy to Lender of Last Resort	This complex component provides a logical grouping of components related to amounts for Chapter 7 11, 12 and 13 bankruptcies that are not discharged and return to default or lender-of-last-resort loan (default) claim status.	1	1
ActivityStatusChanges	Activity Status Changes	This complex component provides a logical grouping of components related to guaranty agency activities, which do not involve the receipt or the disbursement of funds between Department of ED and a guaranty agency. The Department of ED needs this information for accounting and other reporting purposes. This category also includes the account balance at conversion for any additional amounts requested in MR-3, Status Changes.	DefaultLenderLastResortClosedSchool	Default or Lender of Last Resort to Closed School	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to the change in status to a closed school or false certification claim.	1	1
ActualInterestRate	Actual Interest Rate	This basic component specifies the current interest rate of the loan while the student is enrolled in school.					
AdditionalLoanIndicator	Additional Loan Indicator	This basic component indicates if the additional Loan information has been changed or if there are additional loans.					
AdditionalPellIndicator	Additional Pell Indicator	This basic component indicates if the additional Pell information has been changed or if there are additional loans.					
AdditionalUnsubsidizedCode	Loan Additional Unsubsidized Code	This basic component specifies the Loan Additional Unsubsidized Code.					
Address	Address	This complex component provides a logical grouping of components related to address information.	GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	1	1
AddressBeginDate	Address Begin Date	This basic component specifies the date to start using an Address.					
AddressEndDate	Address End Date	This basic component specifies the date to stop using an Address.					
AddressLine	Address Line	This basic component specifies the local delivery information such as street, building number, post office box, or apartment portion of a postal address.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AddressUpdateDate	Address Update Date	This basic component specifies the date when the address was last changed.					
AddressValidityIndicator	Address Valid Indicator	This basic component indicates the validity of this address.					
AdjustedAvailableIncome	EFC Adjusted Available Income	This basic component represents the Adjusted Available Income.					
AdjustedGrossIncome	Adjusted Gross Income	This basic component represents a person's adjusted gross income.					
AdministrativeWageGarnishmentGuarantyAgencyReportedAmounts	Administrative Wage Garnishment Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the administrative wage garnishment.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
AdministrativeWageGarnishmentTotalCollectedReportedAmounts	Administrative Wage Garnishment Total Collected Reported Amounts	This complex component provides a logical grouping of components related to administrative wage garnishment.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
AdmissionDecision	Admission Decision Information	This complex component provides a logical grouping of components related to admission decision information.	AdmissionStatusCode	Admission Status Code	This basic component specifies the codes identifying the set of admission status values.	1	1
AdmissionDecision	Admission Decision Information	This complex component provides a logical grouping of components related to admission decision information.	AdmissionType	Admission Type Code	This basic component specifies the codes identifying the set of admission type values.	1	1
AdmissionDecision	Admission Decision Information	This complex component provides a logical grouping of components related to admission decision information.	AdmissionStatusDate	Admission Status Date	This basic component specifies the date on which the admission status was verified.	1	1
AdmissionStatusCode	Admission Status Code	This basic component specifies the codes identifying the set of admission status values.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AdmissionStatusDate	Admission Status Date	This basic component specifies the date on which the admission status was verified.					
AdmissionType	Admission Type Code	This basic component specifies the codes identifying the set of admission type values.					
AffiliationChangeInformation	Institution Change of Affiliation Information	This complex component provides a logical grouping of components related to an institution's change of affiliation information.				1	1
AffiliationChangeInformation	Institution Change of Affiliation Information	This complex component provides a logical grouping of components related to an institution's change of affiliation information.	NewOPEID	New OPEID	This basic component specifies the institution's new OPEID.	1	1
AffiliationChangeInformation	Institution Change of Affiliation Information	This complex component provides a logical grouping of components related to an institution's change of affiliation information.	AffiliationCode	Institution Affiliation Code	This basic component specifies the code used to represent the type of school structure change (e.g., Location to Freestanding, Redesignated, Merged/Consolidated, or Merged/Absorbed).	1	1
AffiliationChangeInformation	Institution Change of Affiliation Information	This complex component provides a logical grouping of components related to an institution's change of affiliation information.	EffectiveDate	Effective Date	This basic component specifies the effective date that an event took place.	1	1
AffiliationCode	Institution Affiliation Code	This basic component specifies the code used to represent the type of school structure change (e.g., Location to Freestanding, Redesignated, Merged/Consolidated, or Merged/Absorbed).					
AgencyAssignedID	Agency Assigned ID	This basic component specifies the ID assigned by an agency to a person.					
AggregateCombinedSummary	Aggregate Combined Summary	This complex component provides a logical grouping of components related to Aggregate Combined Loan information.	AggregateLoanSummary	Aggregate Loan Summary	This complex component provides a logical grouping of components related to Aggregate Loan Information.	1	1
AggregateConsolidatedSummary	Aggregate Consolidated Summary	This complex component provides a logical grouping of components related to Aggregate Consolidated Loan information.	AggregateLoanSummary	Aggregate Loan Summary	This complex component provides a logical grouping of components related to Aggregate Loan Information.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AggregateLoanChangeIndicator	Aggregate Loan Change Indicator	This basic component indicates if there has been a change in the aggregate loan.					
AggregateLoanSummary	Aggregate Loan Summary	This complex component provides a logical grouping of components related to Aggregate Loan Information.	Total	Aggregate Loan Total	This basic component represents the aggregate loan total.	1	1
AggregateLoanSummary	Aggregate Loan Summary	This complex component provides a logical grouping of components related to Aggregate Loan Information.	PendingDisbursement	Aggregate Loan Pending Disbursement	This basic component represents the aggregate loan pending disbursement.	1	1
AggregateLoanSummary	Aggregate Loan Summary	This complex component provides a logical grouping of components related to Aggregate Loan Information.	OutstandingPrincipalBalance	Aggregate Loan Outstanding Principal Balance	This basic component represents the aggregate loan outstanding principal balance.	1	1
AggregateSubsidizedSummary	Aggregate Subsidized Summary	This complex component provides a logical grouping of components related to Aggregate Subsidized Loan information.	LoanLimitCode	Loan Limit Code	This basic component specifies the code for a loan limit.	1	1
AggregateSubsidizedSummary	Aggregate Subsidized Summary	This complex component provides a logical grouping of components related to Aggregate Subsidized Loan information.	LoanLimitCode	Loan Limit Code	This basic component specifies the code for a loan limit.	1	1
AggregateSubsidizedSummary	Aggregate Subsidized Summary	This complex component provides a logical grouping of components related to Aggregate Subsidized Loan information.	AggregateLoanSummary	Aggregate Loan Summary	This complex component provides a logical grouping of components related to Aggregate Loan Information.	1	1
AggregateUnsubsidizedSummary	Aggregate Unsubsidized Summary	This complex component provides a logical grouping of components related to Aggregate Unsubsidized Loan information.	PLUSPromissoryNoteCode	PLUS Promissory Note Code	This basic component specifies the code for a PLUS Promissory Note.	1	1
AggregateUnsubsidizedSummary	Aggregate Unsubsidized Summary	This complex component provides a logical grouping of components related to Aggregate Unsubsidized Loan information.	AggregateLoanSummary	Aggregate Loan Summary	This complex component provides a logical grouping of components related to Aggregate Loan Information.	1	1
AlienRegistrationNumber	Alien Registration Number	This basic component specifies the federal alien registration number assigned to legally authorized aliens by the Department of Homeland Security.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AlternateMonth	EFC Alternate Month	This basic component specifies the primary alternate EFC used by FAO in determining eligibility based on periods of time other than 9 months.					
AlternateName	Alternate Name	This complex component provides a logical grouping of components related to a person's alternate name.	Name	Name	This complex component provides a logical grouping of components related to a person's name.	1	1
AlternateName	Alternate Name	This complex component provides a logical grouping of components related to a person's alternate name.	Name	Name	This complex component provides a logical grouping of components related to a person's name.	1	1
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	LessThanFullTimeIndicator	Less Than Full Time Indicator	This basic component indicates if a student's attendance status is less than full time.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	FederalShareAmount	Federal Share Amount	This basic component represents the federal share portion of a campus based award. The campus based awards include Federal Work-Study (FWS), Federal Supplemental Education Opportunity Grant (FSEOG), and Federal Perkins Loan award amount.	0	0

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	SecondaryEFCUsedCode	Secondary EFC Used	This basic component indicates if the Secondary EFC will be used to calculate the Pell award amount	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	0	0
AlternativeLoan	Alternative Loan	This complex component provides a logical grouping of components related to award information.	FISAPIncomeAmount	FISAP Income Amount	This basic component represents the total taxable and nontaxable income for the student, if independent, or student and parent, if dependent.	0	0
AlternativeLoanApplicationVersion	Alternative Loan Application Version	This basic component specifies the version of the alternative loan application used for the loan.					
AlternativeLoanProgramCode	Alternative Loan Program Code	This basic component specifies the specific category of the alternative loan.					
AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.					
AnnualAgencyAccruals	Annual Agency Accruals	This complex component provides a logical grouping of components related to the total amount of interest accrued during the fiscal year. Also report total amounts of additional other charges added to borrowers accounts through the same period. Include all accrued amounts deemed collectible and to which the Secretary is entitled to an equitable share.	GARreportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
AnticipatedGraduationDate	Anticipated Graduation Date	This basic component specifies the date on which the student is or was expected to graduate.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ApprovalIndicator	Program Approval Indicator	This basic component indicates if the school's grant and loan program information has been approved.					
AreaCityCode	Phone Number Area City Code	This basic component specifies the phone number area city code.					
AssetData	Asset Data	This complex component provides a logical grouping of components related to asset information	CashSavingsChecking	Cash Savings Checking	This basic component specifies the person's total of cash savings and checking.	1	1
AssetData	Asset Data	This complex component provides a logical grouping of components related to asset information	BusinessFarmNetWorth	Business Farm Net Worth	This basic component represents the person's business or farm net worth.	1	1
AssetData	Asset Data	This complex component provides a logical grouping of components related to asset information	InvestmentNetWorth	Investment Net Worth	This basic component represents the person's investment net worth.	1	1
AssetProtectionAllowance	EFC Asset Protection Allowance	This basic component represents the asset protection allowance.					
Assumption	Assumption	This complex component provides a logical grouping of components related to a specific assumption.	FieldName	Field Name	This basic component specifies a field name.	1	1
Assumption	Assumption	This complex component provides a logical grouping of components related to a specific assumption.	FieldValue	Field Value	This basic component specifies a field value.	1	1
AssumptionOverrideCode	Assumption Override Code	This basic component specifies the assumption override code.					
AssumptionOverrides	Assumption Overrides	This complex component provides a logical grouping of components related to assumption overrides.	AssumptionOverrideCode	Assumption Override Code	This basic component specifies the assumption override code.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Assumptions	Assumptions	This complex component provides a logical grouping of components related to multiple assumptions.	Assumption	Assumption	This complex component provides a logical grouping of components related to a specific assumption.	1	1
ATP	ATP ID	This basic component specifies the unique identifier assigned by the College Board.					
Attendance	Attendance Information	This complex component provides a logical grouping of components related to attendance information.	AttendanceStatusCode	Attendance Status Code	This basic component specifies the attendance status of a degree seeking student as defined by number of credit hours taken and student level.	1	1
Attendance	Attendance Information	This complex component provides a logical grouping of components related to attendance information.	BeginDate	Begin Date	This basic component specifies a generic begin date.	1	1
Attendance	Attendance Information	This complex component provides a logical grouping of components related to attendance information.	EndDate	End Date	This basic component specifies a generic end date.	1	1
AttendanceCost	Attendance Cost	This basic component represents the cost of attending school. For Pell, the amount must equal COA calculated by the School for a full-time student or a full academic year following the Federal Pell Grant Program requirements.					
AttendanceStatusCode	Attendance Status Code	This basic component specifies the attendance status of a degree seeking student as defined by number of credit hours taken and student level.					
AttentionLine	Address Attention Line	This basic component specifies the person or office name within the postal address where the delivery should be directed.					
AutomobileMonthlyPayment	Automobile Monthly Payment	This basic component represents the total monthly automobile payment.					
AvailableIncome	EFC Available Income	This basic component represents the available income.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
AvailableIncomeContribution	EFC Available Income Contribution	This basic component represents the available income contribution.					
AwardAmountPaid	Pell Award Amount Paid	This basic component represents the Award Amount Paid for Pell grants.					
AwardInstitutionID	Institution's ID for award disbursement	This complex component provides a logical grouping of components used to identify an Institution for award disbursement.	PreviousPEPSID	Institution's Previous PEPS ID for award disbursement	This basic component specifies the School's Previous ID for award disbursement.	1	1
AwardInstitutionID	Institution's ID for award disbursement	This complex component provides a logical grouping of components used to identify an Institution for award disbursement.				1	1
AwardInstitutionID	Institution's ID for award disbursement	This complex component provides a logical grouping of components used to identify an Institution for award disbursement.				1	1
AwardInstitutionID	Institution's ID for award disbursement	This complex component provides a logical grouping of components used to identify an Institution for award disbursement.				1	1
AwardInstitutionID	Institution's ID for award disbursement	This complex component provides a logical grouping of components used to identify an Institution for award disbursement.				1	1
AwardInstitutionID	Institution's ID for award disbursement	This complex component provides a logical grouping of components used to identify an Institution for award disbursement.	PEPSID	Institution's PEPS ID for award disbursement	This basic component specifies the School's Current ID for award disbursement.	1	1
BankruptciesTransferredOut	Bankruptcies Transferred out	This complex component provides a logical grouping of components related to charges associated with bankruptcy accounts transferred to another guaranty agency (for example bankruptcy transfers to the Educational Credit Management Corporation (ECMC) or to the Department of ED.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
Bankruptcy	Bankruptcy	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable for bankruptcies.	EndingBalancesOnBankruptcies	Ending Balances on Bankruptcies	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable for bankruptcies on the accrual basis for the fiscal year to date.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Bankruptcy	Bankruptcy	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable for bankruptcies.	BankruptciesTransferredOut	Bankruptcies Transferred out	This complex component provides a logical grouping of components related to charges associated with bankruptcy accounts transferred to another guaranty agency (for example bankruptcy transfers to the Educational Credit Management Corporation (ECMC) or to the Department of ED.	1	1
BankruptcyCollections	Bankruptcy Collections	This complex component provides a logical grouping of components related to collections on bankruptcy claims.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
BankruptcyLenderLastResort	Bankruptcy to Lender of Last Resort	This complex component provides a logical grouping of components related to amounts for Chapter 7, 11, 12 and 13 bankruptcies that are not discharged and return to default or lender-of-last-resort loan (default) claim status.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
BeginDate	Begin Date	This basic component specifies a generic begin date.					
BeginReasonCode	Stop Payment Monitoring Reason Code	This basic component specifies the reason for monitoring/payment is taking place. It is a 4 digit code.					
Birth	Birth Information	This complex component provides a logical grouping of components related to a person's birth.	BirthDay	Birth Day	This basic component specifies the day of a person's birth.	1	1
Birth	Birth Information	This complex component provides a logical grouping of components related to a person's birth.	PostalCode	Address Postal Code	This basic component specifies the unique five or nine digit code identifying a mailing address; assigned by the U.S. Postal Service.	1	1
Birth	Birth Information	This complex component provides a logical grouping of components related to a person's birth.	BirthDate	Birth Date	This basic component specifies the day, month, and year that a person was born.	1	1
Birth	Birth Information	This complex component provides a logical grouping of components related to a person's birth.	CountryCode	Country Code	This basic component specifies the Country for the address. Use ISO standard.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Birth	Birth Information	This complex component provides a logical grouping of components related to a person's birth.	City	City	This basic component specifies the city portion of the address.	1	1
BirthDate	Birth Date	This basic component specifies the day, month, and year that a person was born.					
BirthDay	Birth Day	This basic component specifies the day of a person's birth.					
BlanketGuaranteeDate	Blanket Guarantee Date	This basic component specifies the date the blanket guarantee was approved by the lender.					
BookedLoanAmount	Booked Loan Amount	This basic component represents the total amount of disbursements accepted and booked for this loan.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	1	1
BookedLoanAmountDate	Booked Loan Amount Date	This basic component specifies the date the loan booked.					
BornBeforeCutoffIndicator	Born Before Cutoff	This basic component indicates if a person was born before 01-01-1980.					
Borrower	Borrower	This complex component provides a logical grouping of components related to borrower information.					
Borrower	Borrower	This complex component provides a logical grouping of components related to borrower information for a PLUS Direct Loan.					
BorrowerInterestIndicator	Borrower Interest Indicator	This basic component indicates if the borrower intends to pay interest on the Federal Unsubsidized Stafford loan or Federal PLUS loans while in school and when the loan is in grace or deferment.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
BorrowerReferencesIndicator	Borrower References Indicator	This basic component indicates if the person reference information on the application is complete.					
BorrowerRepaymentReturn	Borrower Payment Return	This complex component provides a logical grouping of components related to refunds of collections, including wage garnishment collections, to a guaranty agency which were received on a closed school or false certification claim and returned to the borrower after reinsurance was paid.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
BranchIndicator	Institution Location Branch Indicator	This basic component specifies if the location is a Branch.					
BusinessAddress	Business Address	This complex component provides a logical grouping of components related to a business address.	GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	1	1
BusinessEmail	Business Email	This complex component provides a logical grouping of components related to a business email address.	Email	Email Address	This complex component provides a logical grouping of components related to email information.	1	1
BusinessFarmNetWorth	Business Farm Net Worth	This basic component represents the person's business or farm net worth.					
BusinessPhone	Business Phone	This complex component provides a logical grouping of components related to business phone number information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1
CallReportBillPeriodQuarter	Call Report Bill Period Quarter	This basic component specifies the 1 digit number specifying the financial quarter for the Call Report Bill Period.					
CallReportBillPeriodYear	Call Report Bill Period Year	This basic component specifies the 4 digit number specifying the century and the year for the Call Report Bill Period.					
CallReportEndingPrincipalBalance	Call Report Ending Principal Balance	This basic component represents the amount of the ending principal balance.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CallReportLoanPrincipalDisbursed	Call Report Loan Principal Disbursed	This basic component represents the amount of the loan principal disbursed.					
CallReportLoanType	Call Report Loan Type	This basic component specifies the type of loan (i.e., SF, PL, SL, CL, SU).					
CampusBasedDUNSNumber	Campus Based Grantee DUNS Number	This basic component specifies the Campus Based Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.					
CampusBasedInstitutionID	Campus Based Institution ID	This complex component provides a logical grouping of components used to identify an Institution for Campus Based disbursement.				1	1
CancellationAmount	Cancellation Amount	This basic component represents the amount of the previously reported disbursement that was cancelled or reduced.					
CancellationDate	Cancellation Date	This basic component specifies the effective date of the cancellation.					
CandidacyAdmitIndicator	Candidacy Admit Indicator	This basic component indicates if the student has been admitted as a doctoral candidate.					
CandidacyDate	Candidacy Date	This basic component specifies the date on which the student was admitted to doctoral candidate status.					
CapitalizedInterestAmount	Capitalized Interest Amount	This basic component represents the amount of the accumulated capitalized interest for the life of the loan.					
CapitalizedInterestIndicator	Loan Capitalized Interest Indicator	This basic component indicates if loan interest capitalization exists.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CashSavingsChecking	Cash Savings Checking	This basic component specifies the person's total of cash savings and checking.					
CCD	CCD ID	This basic component specifies the unique identifier assigned by the National Center for Education Statistics as the Common Core of data.					
CEEBACT	CEEBACT ID	This basic component specifies the unique identifier assigned by the College Entrance Examining Board and the American College Testing Program.					
CertificationType	Institution Certification Status Type	This basic component indicates the school's certification status (e.g., Fully Certified, Provisional Certification, or Not Certified).					
ChangeIndicator	Loan Changed Indicator	This basic component indicates if the Loan information has changed.					
CheckedDate	Checked Date	This basic component specifies a date that a status was checked.					
CheckNumber	Check Number	This basic component specifies the identification number assigned to the check for the disbursement.					
Citizenship	Citizenship	This complex component provides a logical grouping of components related to citizenship.	CitizenshipChangeDate	Citizenship Status Change Date	This basic component specifies the date on which a change in the person's citizenship status occurred.	1	1
Citizenship	Citizenship	This complex component provides a logical grouping of components related to citizenship.	CitizenshipCountry	Citizenship Country	This basic component specifies the country to which an individual acknowledges citizenship.	1	1
Citizenship	Citizenship	This complex component provides a logical grouping of components related to citizenship.	CitizenshipStatusChangeCode	Citizenship Status Change Code	This basic component specifies a change in the person's citizenship status has occurred subsequent to what was initially reported and confirmed.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Citizenship	Citizenship	This complex component provides a logical grouping of components related to citizenship.	CitizenshipStatusCode	Citizenship Status	This basic component indicates a person's reported citizenship status.	0	0
CitizenshipChangeDate	Citizenship Status Change Date	This basic component specifies the date on which a change in the person's citizenship status occurred.					
CitizenshipCountry	Citizenship Country	This basic component specifies the country to which an individual acknowledges citizenship.					
CitizenshipStatusCode	Citizenship Status Change Code	This basic component specifies a change in the person's citizenship status has occurred subsequent to what was initially reported and confirmed.					
CitizenshipStatusCode	Citizenship Status	This basic component indicates a person's reported citizenship status.					
CitizenshipStatusCode	Social Security Citizenship Status Code	This basic component specifies the results from a citizenship status match with SSA.					
City	City	This basic component specifies the city portion of the address.					
ClaimFiledDate	Claim Filed Date	This basic component specifies the date when the lender or servicer filed the claim with the guarantor.					
ClaimFiledIndicator	Claim Filed Indicator	This basic component indicates if a claim has been filed with the guarantor.					
ClaimPaidDate	Claim Paid Date	This basic component specifies the date when the guarantor paid the claim.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ClaimPaidIndicator	Claim Paid Indicator	This basic component indicates if a claim has been paid by the guarantor.					
ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.	1	1
ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	LenderLastResortReportedAmounts	Lender of Last Resort Reported Amounts	This complex component provides a logical grouping of components related to defaults from lender of last resort loans.	1	1
ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	DischargesReportedAmounts	Discharges Reported Amounts	This complex component provides a logical grouping of components related to discharges.	1	1
ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	ClosedSchoolFalseCerificationReportedAmounts	Closed School or False Certification Reported Amounts	This complex component provides a logical grouping of components related to school closures and false certifications.	1	1
ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	DefaultReportedAmounts	Default Reported Amounts	This complex component provides a logical grouping of components related to defaulted loans.	1	1
ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	UnpaidRefundsReportedAmounts	Unpaid Refunds Reported Amounts	This complex component provides a logical grouping of components related to unpaid refunds.	1	1
ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.	1	1
ClaimStatusChanges	Borrower's Claim Status Changes	This complex component provides a logical grouping of components related to reporting on default claims originally paid at a reduced reinsurance rate but which are now eligible for full reimbursement because the borrowers' claim status has changed.	BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ClaimStatusChanges	Borrower's Claim Status Changes	This complex component provides a logical grouping of components related to reporting on default claims originally paid at a reduced reinsurance rate but which are now eligible for full reimbursement because the borrowers' claim status has changed.	ClosedSchoolFalseCertificationReportedAmounts	Closed School or False Certification Reported Amounts	This complex component provides a logical grouping of components related to school closures and false certifications.	1	1
ClaimStatusChanges	Borrower's Claim Status Changes	This complex component provides a logical grouping of components related to reporting on default claims originally paid at a reduced reinsurance rate but which are now eligible for full reimbursement because the borrowers' claim status has changed.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
ClaimStatusChanges	Borrower's Claim Status Changes	This complex component provides a logical grouping of components related to reporting on default claims originally paid at a reduced reinsurance rate but which are now eligible for full reimbursement because the borrowers' claim status has changed.	DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.	1	1
ClassRank	Class Rank	This basic component specifies the student's class rank relative to other students in their academic cohort (e.g., class).					
ClassSize	Class Size	This basic component specifies the numeric size of the academic cohort (e.g., class).					
ClosedSchoolFalseCertificationReportedAmounts	Closed School or False Certification Reported Amounts	This complex component provides a logical grouping of components related to school closures and false certifications.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
ClosureDate	Closure Date	This basic component specifies the date that the school ceases to provide educational instruction in all programs, as determined by the U.S. Secretary of Education.					
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	TuitionRecoveryFundRecoveredAmount	Tuition Recovery Fund Recovered Amount	This basic component represents the amount of tuition recovery funds that exist.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	UnauthorizedLocationIndicator	Unauthorized Location Indicator	This basic component indicates if a closed school disburses Title IV funds to students from an unauthorized location.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	StateBondIndicator	State Bond Indicator	This basic component indicates if the school has a bond with the state.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	SchoolBondAmount	School Bond Amount	This basic component represents the value of the school's bond amount with the state.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	ClosureVerificationHolder	Closure Verification Holder	This basic component specifies the name of the organization that verified that the institution is closed.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	TuitionRecoveryFundIndicator	Tuition Recovery Fund	This basic component indicates if tuition recovery funds exist.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	HistoryCode	History Code	This basic component specifies the institution's history code.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	ClosureDate	Closure Date	This basic component specifies the date that the school ceases to provide educational instruction in all programs, as determined by the U.S. Secretary of Education.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	PreviousClosureDate	Previous Closure Date	This basic component specifies the known date of a school's closure at the time of data entry, or the closure date entered in PEPS which was changed because of an error.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	PerkinsPortfolioIndicator	Perkins Portfolio Indicator	This basic component indicates if the closed school has a Perkins portfolio.	1	1
ClosureInformation	Institution Closure Information	This complex component provides a logical grouping of components related to institution closure information.	ClosureRecordHolder	Closure Record Holder	This basic component specifies the name of the organization, generally the State Licensing Agency in the state in which the school was located which made arrangements to store student records.	1	1
ClosureRecordHolder	Closure Record Holder	This basic component specifies the name of the organization, generally the State Licensing Agency in the state in which the school was located which made arrangements to store student records.					
ClosureVerificationHolder	Closure Verification Holder	This basic component specifies the name of the organization that verified that the institution is closed.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CMOCASETEAMCODE	CMO Case Team Code	This basic component specifies the case team that handles the schools in a particular state.					
CNSID	Canadian CNS ID	This basic component specifies the Canadian CNS identifier type.					
COHORTDEFAULTCODE	Cohort Default Code	This basic component specifies the institution's previous cohort default rate code which specifies the rate as combined, combo, substituted, actual or average.					
COHORTDEFAULTYEAR	Cohort Default Year	This basic component specifies the fiscal year for which the cohort default rate is calculated.					
COLLECTIONCOSTS	Collection Costs	This complex component provides a logical grouping of components related to collection cost information.	COLLECTIONCOSTSAMOUNT	Collection Costs Amount	This basic component represents the costs assessed by the guarantor on defaulted student loans.	1	1
COLLECTIONCOSTS	Collection Costs	This complex component provides a logical grouping of components related to collection cost information.	COLLECTIONCOSTSDATE	Collection Costs Date	This basic component specifies the date the Collection Costs Amount was assessed.	1	1
COLLECTIONCOSTSAMOUNT	Collection Costs Amount	This basic component represents the costs assessed by the guarantor on defaulted student loans.					
COLLECTIONCOSTSDATE	Collection Costs Date	This basic component specifies the date the Collection Costs Amount was assessed.					
COLLECTIONTERMINATIONS	Collection Terminations	This complex component provides a logical grouping of components related to the dollar amount of the portion of federal receivable balances (i.e., principal, accrued interest, and other charges) on which the agency has decided to terminate collection activities and not to make any further attempt to collect the amount due. All collection terminations must meet agency standards approved by the Department of ED.	GAREPORTEDAMOUNTS	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
COMMENTCODE	Comment Code	This basic component specifies a comment code.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CommentCodes	Comment Codes	This complex component provides a logical grouping of components related to comment codes.	CommentCode	Comment Code	This basic component specifies a comment code.	1	1
CommonAddressDetails	Common Address Details	This complex component provides a logical grouping of components of common items to all addresses.	AttentionLine	Address Attention Line	This basic component specifies the person or office name within the postal address where the delivery should be directed.	1	1
CommonAddressDetails	Common Address Details	This complex component provides a logical grouping of components of common items to all addresses.				1	1
CommonAddressDetails	Common Address Details	This complex component provides a logical grouping of components of common items to all addresses.				1	1
CommonAddressDetails	Common Address Details	This complex component provides a logical grouping of components of common items to all addresses.	City	City	This basic component specifies the city portion of the address.	0	0
CommonAddressDetails	Common Address Details	This complex component provides a logical grouping of components of common items to all addresses.	AddressLine	Address Line	This basic component specifies the local delivery information such as street, building number, post office box, or apartment portion of a postal address.	1	4
Compromises	Compromises	This complex component provides a logical grouping of components related to the portion of federal receivable of which the agency has reached an agreement with the borrower to pay part of the amount due and not to make any further attempt to collect the remainder. All compromises must meet agency standards approved by ED. If the agency reaches an agreement with the borrower to pay part of the amount due and terminates collection of the rest, then report the amount on which collection has been compromised in this item.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
ConditionsMetDate	Conditions Met Date	This basic component specifies the date the requirement, attribute or proficiency was earned or demonstrated.					
ConditionsMetIndicator	Conditions Met Indicator	This basic component indicates that the specified requirement, attribute or proficiency was or was not earned or demonstrated.					
CongressionalDistrict	Congressional District	This basic component specifies the district in which an organization is located, established by law for the election of Representatives to the United States Congress.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ContactCode	Contact Code	This basic component specifies the code for a contact.					
ContactName	Lender Representative Name	This basic component specifies the name of the point of contact at the organization.					
Contacts	Contacts	This complex component provides a logical grouping of components related to contact information for a person or organization. Includes address, phone, and e-mail information.					
ContactType	Loan Contact Code	This basic component specifies the Loan Contact Type.					
ContactTypeCode	Loan Contact Type Code	This basic component specifies the Loan Contact Type Code.					
CorrectionCode	Correction Code	This complex component provides a logical grouping of components related to a specific correction code.	FieldName	Field Name	This basic component specifies a field name.	1	1
CorrectionCode	Correction Code	This complex component provides a logical grouping of components related to a specific correction code.	CorrectionCode	Correction Code	This basic component specifies a correction code.	1	1
CorrectionCode	Correction Code	This basic component specifies a correction code.					
CorrectionCodes	Correction Codes	This complex component provides a logical grouping of components related to multiple correction codes.	CorrectionCode	Correction Code	This complex component provides a logical grouping of components related to a specific correction code.	1	1
Cosigner	Cosigner	This complex component provides a logical grouping of components related to cosigner information.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CountryCode	Country Code	This basic component specifies the Country for the address. Use ISO standard.					
CountryPrefixCode	Phone Number Country Prefix Code	This basic component specifies the phone number country prefix code.					
County	County	This basic component specifies the name for an administrative district of a state; called "parish" in Louisiana.					
CountyCode	County Code	This basic component specifies the code for an administrative district of a state; called "parish" in Louisiana.					
CourseAcademicGrade	Course Academic Grade	This basic component specifies the final grade awarded for participation in the course.					
CourseAcademicGradeScaleCode	Course Academic Grade Scale Code	This basic component specifies the type of grading system used by the school for applying a grade to this course. It is based on the American Medical Colleges Admissions Services (AMCAS) grade scale , values 001 through 499 and from the American Association of Collegiate Registrars and Admissions Officers grade scale for miscellaneous grades, values 500 through 999.					
CourseAddDate	Course Add Date	This basic component specifies the date on which the student adds the course.					
CourseApplicability	Course Applicability	This basic component specifies the program to which the course and course credits apply.					
CourseBeginDate	Course Begin Date	This basic component specifies the date on which the student begins the course.					
CourseCIPCode	Course CIP Code	This basic component specifies the Classification of Instructional Programs (CIP) code to describe the area of study for the course.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CourseCreditBasis	Course Credit Basis Code	This basic component specifies the type of enrollment Associated with the credit hours for the course.					
CourseCreditEarned	Course Credit Earned	This basic component specifies the number of credits a student earns by the successful completion of a course.					
CourseCreditLevel	Course Credit Level Code	This basic component specifies the level of credit associated with the credit hours earned for the course.					
CourseCreditUnits	Course Credit Units Code	This basic component specifies the type of credit (unit, semester, or quarter) associated with the credit hours earned for the course.					
CourseCreditValue	Course Credit Value	This basic component specifies the number of credit hours that may be earned in the course.					
CourseCSISCode	Course CSIS Code	This basic component specifies the Statistics Canada Canadian College Student Information System (CCSIS) code to describe the area of study for the course.					
CourseDropDate	Course Drop Date	This basic component specifies the date on which the student drops the course.					
CourseEndDate	Course End Date	This basic component specifies the date on which the course ends.					
CourseInstitutionOverrideCode	Course Institution Override Code	This basic component specifies the source of the academic credit if not awarded by the home or parent institution.					
CourseInstructionMethod	Course Instruction Method Code	This basic component specifies the primary method of instruction used for the course.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CourseInstructionSite	Course Instruction Site Code	This basic component specifies the type of location at which the course is taught.					
CourseLevel	Course Level Code	This basic component specifies the level of the course offering for the term.					
CourseNarrativeExplanationGrade	Course Narrative Explanation Grade	This basic component specifies the narrative of the grade awarded to a student in an academic course in those cases where a course does not receive a letter or numeric grade included in the grading scale of the Course Academic Grade Qualifier.					
CourseNumber	Course Number	This basic component specifies the official reference number assigned to a course that the student has enrolled in. This number normally designates the level of the course as well as the level of the student expected to enroll in the course.					
CourseQualityPointsEarned	Course Quality Points Earned	This basic component specifies the numerical value assigned to a letter grade to provide a basis of quantitative determination of an average.					
CourseRepeatCode	Course Repeat Code	This basic component specifies that an academic course has been repeated by a student and how that repeat is to be computed in the student's academic grade average.					
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseAcademicGradeScaleCode	Course Academic Grade Scale Code	This basic component specifies the type of grading system used by the school for applying a grade to this course. It is based on the American Medical Colleges Admissions Services (AMCAS) grade scale, values 001 through 499 and from the American Association of Collegiate Registrars and Admissions Officers grade scale for miscellaneous grades, values 500 through 999.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseAcademicGrade	Course Academic Grade	This basic component specifies the final grade awarded for participation in the course.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseAddDate	Course Add Date	This basic component specifies the date on which the student adds the course.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseApplicability	Course Applicability	This basic component specifies the program to which the course and course credits apply.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseBeginDate	Course Begin Date	This basic component specifies the date on which the student begins the course.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseCreditBasis	Course Credit Basis Code	This basic component specifies the type of enrollment Associated with the credit hours for the course.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseCreditEarned	Course Credit Earned	This basic component specifies the number of credits a student earns by the successful completion of a course.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseCreditLevel	Course Credit Level Code	This basic component specifies the level of credit associated with the credit hours earned for the course.	1	1

CourseCSISCode	Course CSIS Code	This basic component specifies the Statistics Canada Canadian College Student Information System (CCSIS) code to describe the area of study for the course.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseUSISCode	Course USIS Code	This basic component specifies the Statistics Canada Canadian College Student Information System (CCSIS) code to describe the area of study for the course.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseSectionNumber	Course Section Number	This basic component specifies the number assigned to differentiate among distinct occurrences of courses that have the same course abbreviation and number but are considered to be different courses.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseSubjectAbbreviation	Course Subject Abbreviation	This basic component specifies the alphabetic abbreviation of the academic department or discipline offering the course. It is one part of the total course identifier number.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseSubjectCode	Course Subject Code	This basic component specifies a standardized code indicating the area of study associated with a course.	1	1
Courses	Courses	This complex component provides a logical grouping of components related to course information.	CourseTitle	Course Title	This basic component specifies the full descriptive title of the course in which the student has enrolled, as it appears in an official institutional catalog or other official publication.	1	1
CourseSectionNumber	Course Section Number	This basic component specifies the number assigned to differentiate among distinct occurrences of courses that have the same course abbreviation and number but are considered to be different courses.					
CourseSubjectAbbreviation	Course Subject Abbreviation	This basic component specifies the alphabetic abbreviation of the academic department or discipline offering the course. It is one part of the total course identifier number.					
CourseSubjectCode	Course Subject Code	This basic component specifies a standardized code indicating the area of study associated with a course.					
CourseTitle	Course Title	This basic component specifies the full descriptive title of the course in which the student has enrolled, as it appears in an official institutional catalog or other official publication.					
CourseUSISCode	Course USIS Code	This basic component specifies the Statistics Canada Canadian College Student Information System (CCSIS) code to describe the area of study for the course.					
CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CreatedDate	Create Date	This basic component specifies a generic created date. It can be used to represent a message creation date or batch date.					
CreatedDateTime	Created Date Time	This basic component specifies the date and time stamp when a document was created. It can be used to represent a message or batch creation date and time.					
CreditAuthorizationIndicator	Credit Authorization Indicator	This basic component indicates if the authorization to perform a credit check has been obtained.					
CreditCardMonthlyPayment	Credit Card Monthly Payment	This basic component represents the total monthly credit card payment.					
CreditDecisionDate	Credit Decision Date	This basic component specifies the date on which the credit decision was processed.					
CreditDecisionDateTime	Credit Decision Date Time	This basic component specifies the date and time the Credit Decision Code was created.					
CreditDecisionStatus	Credit Decision Status	This basic component specifies the current status of a person's credit decision.					
CreditHoursAttempted	Credit Hours Attempted	This basic component specifies the total credit hours for which a student is enrolled.					
CreditHoursEarned	Credit Hours Earned	This basic component specifies the total credit hours that a student earned.					
CreditHoursforGPA	Credit Hours for GPA	This basic component specifies the hours used as a basis for GPA calculation.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CreditOverrideCode	Credit Override Code	This basic component indicates the status of a borrower's credit after an override.					
CreditUnderDifferentNameIndicator	Credit Under Different Name Indicator	This basic component indicates if the person has been granted credit under a different name.					
CurrentAddress	Current Address	This complex component provides a logical grouping of components related to a current address.	GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	1	1
CurrentCohortDefaultRate	Current Cohort Default Rate	This basic component specifies the percentage of a school's borrowers who enter repayment on certain FFEL and/or Direct Loans during that fiscal year and default, or meet other specified conditions, within the cohort default period.					
CurrentDefaultedLoanTotals	Current Loan Default Totals	This basic component specifies the current unduplicated defaulted loan totals.					
CurrentEmployment	Current Employment	This complex component provides a logical grouping of components related to current employment.	EmploymentBeginDate	Employment Begin Date	This basic component specifies the date on which a person's employment began.	1	1
CurrentEmployment	Current Employment	This complex component provides a logical grouping of components related to current employment.	EmploymentEndDate	Employment End Date	This basic component specifies the date on which a person's employment ended.	1	1
CurrentEmployment	Current Employment	This complex component provides a logical grouping of components related to current employment.	PositionTitle	Position Title	This basic component specifies the title, position, or job description.	1	1
CurrentEmployment	Current Employment	This complex component provides a logical grouping of components related to current employment.	SelfEmploymentIndicator	Self Employment Indicator	This basic component indicates if the person is self-employed.	1	1
CurrentEmployment	Current Employment	This complex component provides a logical grouping of components related to current employment.	YearsAtEmployer	Years at Employer	This basic component specifies the number of years the person has been with the employer.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
CurrentEmployment	Current Employment	This complex component provides a logical grouping of components related to current employment.	MonthsAtEmployer	Months at Employer	This basic component specifies s the number of months the person has been with the employer.	1	1
CurrentGuaranteeAmount	Current Guarantee Amount	This basic component represents the original guarantee amount including modifications due to any subsidized/unsubsidized reallocations or loan increases.					
CurrentInterestRate	Current Interest Rate	This basic component specifies the interest rate at which the person's loan accrues interest.					
CurrentRepaymentTotals	Current Loan Repayment Totals	This basic component specifies the current unduplicated repayment loan totals.					
CurrentYearLoanAmount	Perkins Current Year Loan Amount	This basic component represents information about the Perkins current year loan amount.					
DataProviderTypeCode	Data Provider Type Code	This basic component specifies the type of organization sending the data.					
DataReleaseNumber	Data Release Number	This basic component specifies the data release number.					
DataVerifyCode	Data Verify Code	This complex component provides a logical grouping of components related to a specific data verify code.	FieldName	Field Name	This basic component specifies a field name.	1	1
DataVerifyCode	Data Verify Code	This complex component provides a logical grouping of components related to a specific data verify code.	VerificationCode	Verify Code	This basic component specifies a verification code.	1	1
DataVerifyCodes	Data Verify Codes	This complex component provides a logical grouping of components related to multiple data verify codes.	DataVerifyCode	Data Verify Code	This complex component provides a logical grouping of components related to a specific data verify code.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DebtData	Debt Data	This complex component provides a logical grouping of components related to debt information.					
Deceased	Deceased	This complex component provides a logical grouping of components related to a person's death.					
DeceasedDate	Social Security Deceased Date	This basic component specifies the date of death provided for the SSN from the SSA.					
DeceasedIndicator	Deceased Indicator	This basic component indicates that a person is deceased.					
Default	Loan Default Information	This complex component provides a logical grouping of components related to default information.	ClaimFiledIndicator	Claim Filed Indicator	This basic component indicates if a claim has been filed with the guarantor.	1	1
Default	Loan Default Information	This complex component provides a logical grouping of components related to default information.	ClaimFiledDate	Claim Filed Date	This basic component specifies the date when the lender or servicer filed the claim with the guarantor.	1	1
Default	Loan Default Information	This complex component provides a logical grouping of components related to default information.	ClaimPaidIndicator	Claim Paid Indicator	This basic component indicates if a claim has been paid by the guarantor.	1	1
Default	Loan Default Information	This complex component provides a logical grouping of components related to default information.	ClaimPaidDate	Claim Paid Date	This basic component specifies the date when the guarantor paid the claim.	1	1
DefaultAversionCureDate	Default Aversion Cure Date	This basic component specifies the date when the default aversion request was cured.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DefaultAversionRequestCuredIndicator	Default Aversion Request Cured Indicator	This basic component indicates if a default aversion request has been cured.					
DefaultAversionRequestDate	Default Aversion Request Date	This basic component specifies the date when the default aversion request was filed.					
DefaultAversionRequestFiledIndicator	Default Aversion Request Filed Indicator	This basic component indicates if a default aversion request has been filed.					
DefaultCollections	Default Collections	This complex component provides a logical grouping of components related to default collections by the guaranty agency on loans for which reinsurance ED has paid and which have not been assigned to ED by the agency.	DefaultCollectionsGuarantyAgencyReportedAmounts	Default Collections Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the default collections.	1	1
DefaultCollections	Default Collections	This complex component provides a logical grouping of components related to default collections by the guaranty agency on loans for which reinsurance ED has paid and which have not been assigned to ED by the agency.	DefaultCollectionsTotalCollectedReportedAmounts	Default Collections Total Collected Reported Amounts	This complex component provides a logical grouping of components related to default collections.	1	1
DefaultCollections	Default Collections	This complex component provides a logical grouping of components related to default collections by the guaranty agency on loans for which reinsurance ED has paid and which have not been assigned to ED by the agency.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
DefaultCollectionsGuarantyAgencyReportedAmounts	Default Collections Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the default collections.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefaultCollectionsTotalCollectedReportedAmounts	Default Collections Total Collected Reported Amounts	This complex component provides a logical grouping of components related to default collections.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefaultedLoanSums	Defaulted Loan Sums	This complex component provides a logical grouping of components related to unduplicated defaulted loan sums.	CurrentDefaultedLoanTotals	Current Loan Default Totals	This basic component specifies the current unduplicated defaulted loan totals.	1	1
DefaultedLoanSums	Defaulted Loan Sums	This complex component provides a logical grouping of components related to unduplicated defaulted loan sums.	PreviousDefaultedLoanTotals	Previous Loan Default Totals	This basic component represents the previous unduplicated defaulted loan totals reported by the school.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DefaultFFELConsolidatedByDirectLoanProgram	Default FFEL Consolidated by Direct Loan Program	This complex component provides a logical grouping of components related to federal receivable amounts of FFELP loans, which were consolidated in the Direct Loan Program during the period being reported.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefaultLenderLastResortBankruptcy	Default or Lender of Last Resort to Bankruptcy	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to the change in status of the default claim to a Chapter 7, 11, 12 or 13 bankruptcy.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefaultLenderLastResortClosedSchool	Default or Lender of Last Resort to Closed School	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to the change in status to a closed school or false certification claim.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefaultLenderLastResortDeathDisability	Default or Lender of Last Resort to Death or Disability	This complex component provides a logical grouping of components related to amounts for default and lender-of-last-resort loan (default) claims being reported due to a change in status to death or disability. A death claim is one on which the loan is cancelled due to the borrower's death. This includes a Federal PLUS loan death claim paid to a lender when a student, on whose behalf a parent received the Federal PLUS loan, dies. A disability claim is one on which the loan is cancelled due to the total and permanent disability of the borrower.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefaultLoansTransferredIn	Default Loans Transferred In	This complex component provides a logical grouping of components related to federal receivables transferred to the agency from another guaranty agency. Do not include loan guarantees, loans in repayment or loans where the status is, or has changed to death, disability, bankruptcy, closed school or false certification.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefaultLoansTransferredOut	Default Loans Transferred Out	This complex component provides a logical grouping of components related to federal receivables transferred to another guaranty agency during the fiscal year. Report only those accounts that have been accepted by another guaranty agency during the period being reported. Do not include loan guarantees, loans in repayment or loans where the status is, or has changed to death, disability, bankruptcy, closed school or false certification.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefaultManagementInformation	Institution Default Management Information	This complex component provides a logical grouping of components related to institution default management information.	CohortDefaultYear	Cohort Default Year	This basic component specifies the fiscal year for which the cohort default rate is calculated.	1	1
DefaultManagementInformation	Institution Default Management Information	This complex component provides a logical grouping of components related to institution default management information.	CurrentCohortDefaultRate	Current Cohort Default Rate	This basic component specifies the percentage of a school's borrowers who enter repayment on certain FFEL and/or Direct Loans during that fiscal year and default, or meet other specified conditions, within the cohort default period.	1	1
DefaultManagementInformation	Institution Default Management Information	This complex component provides a logical grouping of components related to institution default management information.	LoanPaymentInformation	Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated loan payment information.	1	1
DefaultManagementInformation	Institution Default Management Information	This complex component provides a logical grouping of components related to institution default management information.	CohortDefaultCode	Cohort Default Code	This basic component specifies the institution's previous cohort default rate code which specifies the rate as combined, combo, substituted, actual or average.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DefaultManagementInformation	Institution Default Management Information	This complex component provides a logical grouping of components related to institution default management information.	PreviousCohortDefaultRate	Previous Cohort Default Rate	This basic component specifies the school's previous cohort default rate, prior to any adjustments due to the default appeal process.	1	1
DefaultManagementInformation	Institution Default Management Information	This complex component provides a logical grouping of components related to institution default management information.	ProgramParticipation	Institution Program Participation	This basic component specifies the Title IV program(s) in which the school can participate.	1	1
DefaultOverpayCode	Default Overpay Code	This basic component indicates if the person is in default or owes a loan or grant overpayment.					
DefaultReportedAmounts	Default Reported Amounts	This complex component provides a logical grouping of components related to defaulted loans.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DefermentForbearance	Deferment Forbearance	This complex component provides a logical grouping of components related to deferment and forbearance information.	DefermentForbearanceName	Deferment Forbearance Name	This basic component specifies the name of the type of deferment, waiver or forbearance that has been approved for the borrower.	1	1
DefermentForbearance	Deferment Forbearance	This complex component provides a logical grouping of components related to deferment and forbearance information.	DefermentForbearanceBeginDate	Deferment Forbearance Begin Date	This basic component specifies the date the period of the deferment, waiver or forbearance began.	1	1
DefermentForbearance	Deferment Forbearance	This complex component provides a logical grouping of components related to deferment and forbearance information.	DefermentForbearanceEndDate	Deferment Forbearance End Date	This basic component specifies the date the period of the deferment, waiver or forbearance ended.	1	1
DefermentForbearanceBeginDate	Deferment Forbearance Begin Date	This basic component specifies the date the period of the deferment, waiver or forbearance began.					
DefermentForbearanceEndDate	Deferment Forbearance End Date	This basic component specifies the date the period of the deferment, waiver or forbearance ended.					
DefermentForbearanceName	Deferment Forbearance Name	This basic component specifies the name of the type of deferment, waiver or forbearance that has been approved for the borrower.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DefermentRequestIndicator	Deferment Request Indicator	This basic component indicates if the borrower requests immediate deferment of the Federal PLUS or alternative loan.					
DegreeOrCertificateCode	Degree Or Certificate	This basic component specifies the degree or certificate for which the student is enrolled.					
Delinquencies	Delinquencies Code	This basic component specifies the academic standing of the student upon transfer to the school.					
DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the Dept of Education's financial records and to comply with federal government financial reporting requirements.	DelinquentBetween1And2Years	Delinquent Between 1 and 2 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 1 and 2 years.	1	1
DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the Dept of Education's financial records and to comply with federal government financial reporting requirements.	NotDelinquent	Not Delinquent	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are not in default.	1	1
DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the Dept of Education's financial records and to comply with federal government financial reporting requirements.	DelinquentBetween2And6Years	Delinquent Between 2 and 6 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 2 and 6 years.	1	1
DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the Dept of Education's financial records and to comply with federal government financial reporting requirements.	DelinquentBetween1And90Days	Delinquent Between 1 and 90 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 1 and 90 days.	1	1
DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the Dept of Education's financial records and to comply with federal government financial reporting requirements.	DelinquentBetween6And10Years	Delinquent Between 6 and 10 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 6 and 10 years.	1	1
DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the Dept of Education's financial records and to comply with federal government financial reporting requirements.	DelinquentBetween91And180Days	Delinquent Between 91 and 180 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 90 and 180 days.	1	1
DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the Dept of Education's financial records and to comply with federal government financial reporting requirements.	DelinquentBetween181And365Days	Delinquent Between 181 and 365 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 181 and 365 days.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DelinquencyByDept	Delinquency by Dept	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency, including an estimate of the age of these amounts. This information is needed in order to adjust the Dept of Education's financial records and to comply with federal government financial reporting requirements.	DelinquentMoreThan10Years	Delinquent More Than 10 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default more than 10 years.	1	1
DelinquentBetween181And365Days	Delinquent Between 181 and 365 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 181 and 365 days.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DelinquentBetween1And2Years	Delinquent Between 1 and 2 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 1 and 2 years.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DelinquentBetween1And90Days	Delinquent Between 1 and 90 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 1 and 90 days.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DelinquentBetween2And6Years	Delinquent Between 2 and 6 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 2 and 6 years.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DelinquentBetween6And10Years	Delinquent Between 6 and 10 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 6 and 10 years.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DelinquentBetween91And180Days	Delinquent Between 91 and 180 Days	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default between 90 and 180 days.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DelinquentMoreThan10Years	Delinquent More Than 10 Years	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are in default more than 10 years.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.	LegalDependentsIndicator	Legal Dependents Indicator	This basic component indicates if a person has legal dependents other than children or spouse to support.	1	1
DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.	VeteranIndicator	Veteran	This basic component indicates if a person is a veteran of the U.S. Armed Forces.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.	BornBeforeCutoffIndicator	Born Before Cutoff	This basic component indicates if a person was born before 01-01-1980.	1	1
DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.	SupportsChildrenIndicator	Supports Children	This basic component indicates if a person has children to support.	1	1
DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.	MastersOrDoctorateIndicator	Masters Or Doctorate	This basic component indicates if the student is working on a Master's or Doctorate Program for the upcoming academic year.	1	1
DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.	OrphanWardOfCourtIndicator	Orphan Ward Of Court Indicator	This basic component indicates if a person is an orphan or ward of the court.	1	1
DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.	MarriedIndicator	Married	This basic component indicates if a person is married.	1	1
DependencyOverrideCode	Dependency Override Code	This basic component specifies the code identifying a dependency override.					
DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.					
Destination	Destination	This basic component specifies the file destination.					
DHS	Department of Homeland Security	This complex component provides a logical grouping of components related to Department of Homeland Security information.	SecondaryConfirmationCode	Department of Homeland Security Secondary Confirmation Code	This basic component specifies the results from the Department of Homeland Security secondary confirmation for applicants who failed primary confirmation.	1	1
DHS	Department of Homeland Security	This complex component provides a logical grouping of components related to Department of Homeland Security information.	MatchCode	Department of Homeland Security Match Code	This basic component specifies the results of the Department of Homeland Security match.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DHS	Department of Homeland Security	This complex component provides a logical grouping of components related to Department of Homeland Security information.	VerificationNumber	Department of Homeland Security Verification Number	This basic component specifies the identification number provided by the Department of Homeland Security indicating the primary verification was performed.	1	1
DisabilityConditionCode	Disability Condition Code	This basic component specifies the codes identifying the set of disability conditions.					
DisabilityConditionStatusCode	Disability Condition Status Code	This basic component specifies the codes used to identify the status of a disability condition.					
DisabilityDeterminationSourceCode	Disability Determination Source Code	This basic component specifies the codes identifying the set of disability determination sources.					
Disbursement	Pell Disbursement	This complex component provides a logical grouping of components related to a Pell Disbursement.	Response	Pell Disbursement Response	This complex component provides a logical grouping of components used in a Pell Disbursement Response.	1	1
Disbursement	Pell Disbursement	This complex component provides a logical grouping of components related to a Pell Disbursement.	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	1	1
Disbursement	Pell Disbursement	This complex component provides a logical grouping of components related to a Pell Disbursement.	AcademicYearPeriod	Academic Year Period	This complex component provides a logical grouping of components related to the dates when the student's academic year begins and ends at the school.	1	1
Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	DisbursementSequenceNumber	Disbursement Sequence Number	This basic component specifies the number that determines the order in which transactions must be processed for a given disbursement number.	1	1
Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	DisbursementDate	Disbursement Date	This basic component specifies the current scheduled or actual disbursement date for the disbursement.	1	1
Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	DisbursementAmount	Disbursement Amount	This basic component represents the disbursement amount.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	DisbursementReleaseIndicator	Disbursement Release Indicator	This basic component indicates that the disbursement is to be released.	1	1
Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	1	1
Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.	FirstDisbursementIndicator	First Disbursement Indicator	This basic component specifies the disbursement with the earliest disbursement date.	1	1
Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.	InterestRebateAmount	Interest Rebate Amount	This basic component represents the rebate amount associated with this disbursement. If this disbursement release indicator is false, this is estimated information. If the disbursement release indicator is true, then this is actual information.	1	1
Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.	DisbursementFeeAmount	Disbursement Fee Amount	This basic component represents the fee charged to originate the loan.	1	1
Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	1	1
Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.	DisbursementNetAmount	Disbursement Net Amount	This basic component represents the net amount of the disbursement.	1	1
DisbursementAmount	Disbursement Amount	This basic component represents the disbursement amount.					
DisbursementConfirmationIndicator	Disbursement Confirmation Indicator	This basic component indicates if the borrower at the school has confirmed this disbursement.					
DisbursementConsummationIndicator	Disbursement Consummation Indicator	This basic component indicates if the returned funds have been applied to the borrower's account.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DisbursementDate	Disbursement Date	This basic component specifies the current scheduled or actual disbursement date for the disbursement.					
DisbursementDayOverrideIndicator	Disbursement Day Override Indicator	This basic component indicates if the school wants to override their current disbursement day profile.					
DisbursementFeeAmount	Disbursement Fee Amount	This basic component represents the fee charged to originate the loan.					
DisbursementFeePaid	Disbursement Fee Paid	This basic component represents the total amount of origination fees subsidized by the lender on behalf of the borrower for the disbursement.					
DisbursementNetAmount	Disbursement Net Amount	This basic component represents the net amount of the disbursement.					
DisbursementReleaseIndicator	Disbursement Release Indicator	This basic component indicates that the disbursement is to be released.					
DisbursementReturnedAmount	Disbursement Returned Amount	This basic component represents the net disbursement amount returned.					
DisbursementSequenceNumber	Disbursement Sequence Number	This basic component specifies the number that determines the order in which transactions must be processed for a given disbursement number.					
DisbursementStatusCode	Disbursement Status Code	This basic component specifies the status of the disbursement.					
DisbursementStatusDate	Disbursement Status Date	This basic component specifies the date that the disbursement status code is applicable.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DisbursementTypeCode	Disbursement Type Code	This basic component specifies the type of disbursement.					
DisbursingAgent	Disbursing Agent	This complex component provides a logical grouping of components related to Disbursing Agent ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
DischargesReportedAmounts	Discharges Reported Amounts	This complex component provides a logical grouping of components related to discharges.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
DisclosureStatementPrintCode	Disclosure Statement Print Code	This basic component indicates if the school or COD will print the Disclosure Statement. The party (school or COD) who is responsible for mailing the Disclosure Statement is also responsible for printing and mailing the Plain Language Disclosure Statement.					
DiscretionaryNetWorth	EFC Discretionary Net Worth	This basic component represents the discretionary net worth.					
DLDUNSNumber	Direct Student Loan Program Grantee DUNS Number	This basic component specifies the Direct Student Loan Program Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.					
DLInformation	Direct Student Loan Program Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program.	BeginDate	Begin Date	This basic component specifies a generic begin date.	1	1
DLInformation	Direct Student Loan Program Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program.	EndReason	Program End Reason	This basic component specifies the reason a school's Title IV participation has ended.	1	1
DLInformation	Direct Student Loan Program Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program.	EndDate	End Date	This basic component specifies a generic end date.	1	1
DLInformation	Direct Student Loan Program Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program.	OriginationInformation	Direct Student Loan Program Origination Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program Origination Information.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DLInstitutionID	DSL P Institution ID	This complex component provides a logical grouping of components used to identify an Institution for DSLP disbursement.				1	1
DLLevel	Direct Student Loan Program Origination Level	This basic component specifies the level in which the school can participate in Direct Student Loan Programs.					
DLLevelAwardYear	Direct Student Loan Program Origination Level Award Year	This basic component specifies the institution DSLP's origination level award year.					
DLLoanInformation	Direct Loan Information	This complex component provides a logical grouping of components related to Direct Loan information.	LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	1	1
DLLoanPaymentInformation	DSL P Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated DSLP loan payment information.	LoanPaymentInformation	Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated loan payment information.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	FinancialAwardNumber	Financial Award Number	This basic component specifies the number associated with a loan.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	Response	Direct Loan PLUS Award Response	This complex component provides a logical grouping of components used in a Direct Loan PLUS Award Response.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	Borrower	Borrower	This complex component provides a logical grouping of components related to borrower information for a PLUS Direct Loan.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	DefaultOverpayCode	Default Overpay Code	This basic component indicates if the person is in default or owes a loan or grant overpayment.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	FinancialAwardID	Financial Award ID	This basic component specifies the unique award identifier.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	FinancialAwardAmountRequested	Financial Award Amount Requested	This basic component represents the total award amount requested by the person.	1	1
DLPLUS	Direct Loan PLUS Loan	This complex component provides a logical grouping of components related to a Direct Loan PLUS award information.	Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.	1	1
DLPLUSProgramInformation	Direct Student Loan Program PLUS Program Information	This complex component provides a logical grouping of components related to Direct Student Loan PLUS Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	1	1
DLPromissoryNoteCode	Direct Loan Promissory Note Code	This basic component specifies the code for a Direct Loan Promissory Note.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DLSequenceNumber	DSLSP Sequence Number	This basic component specifies the current DSLSP Sequence Number.					
DLSequenceNumber	DSLSP Sequence Number	This complex component provides a logical grouping of components related to the DSLSP sequence number.	DLSequenceNumber	DSLSP Sequence Number	This basic component specifies the current DSLSP Sequence Number.	1	1
DLSequenceNumber	DSLSP Sequence Number	This complex component provides a logical grouping of components related to the DSLSP sequence number.	PreviousDLSequenceNumber	Previous DSLSP Sequence Number	This basic component specifies the previous DSLSP Sequence Number.	1	1
DLStaffordProgramInformation	Direct Student Loan Program Stafford Program Information	This complex component provides a logical grouping of components related to Direct Student Loan Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	1	1
DLStaffordUnsubsidizedProgramInformation	DSLSP Stafford Unsubsidized Program Information	This complex component provides a logical grouping of components related to Direct Student Loan Stafford Unsubsidized Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	FinancialAwardNumber	Financial Award Number	This basic component specifies the number associated with a loan.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	BeginDate	Begin Date	This basic component specifies a generic begin date.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	Response	Direct Loan Award Response	This complex component provides a logical grouping of components used in Direct Loan Award Response.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	CreateDate	Create Date	This basic component specifies a generic created date. It can be used to represent a message creation date or batch date.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	DefaultOverpayCode	Default Overpay Code	This basic component indicates if the person is in default or owes a loan or grant overpayment.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	1	1
DLSubsidized	Direct Loan Subsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Subsidized award information.	Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	FinancialAwardNumber	Financial Award Number	This basic component specifies the number associated with a loan.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	Response	Direct Loan Award Response	This complex component provides a logical grouping of components used in Direct Loan Award Response.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	DefaultOverpayCode	Default Overpay Code	This basic component indicates if the person is in default or owes a loan or grant overpayment.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	HPPAIndicator	HPPA Indicator	This basic component indicates if the dependent student is eligible for an additional unsubsidized loan amount. This was formerly a HEAL loan.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	FinancialAwardID	Financial Award ID	This basic component specifies the unique award identifier.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	1	1
DLUnsubsidized	Direct Loan Unsubsidized Loan	This complex component provides a logical grouping of components related to a Direct Loan Unsubsidized award information.	Disbursement	Direct Loan Disbursement	This complex component provides a logical grouping of components related to a Direct Loan Disbursement.	1	1
DocumentID	Document ID	This basic component specifies the file transmission date and time stamp with additional unique qualifying characters.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DocumentStatusCode	Document Status Code	This basic component specifies the status of the processed document.					
DocumentTypeCode	Document Type Code	This basic component specifies a short description of the data in the document.					
DomesticAddress	Domestic Address	This complex component provides a logical grouping of components related to a complete Domestic Address.	DomesticAddressDetails	Domestic Address Details	This complex component provides a logical grouping of components related to US specific addresses.	1	1
DomesticAddress	Domestic Address	This complex component provides a logical grouping of components related to a complete Domestic Address.				1	1
DomesticAddressDetails	Domestic Address Details	This complex component provides a logical grouping of components related to US specific addresses.	PostalCode	Address Postal Code	This basic component specifies the unique five or nine digit code identifying a mailing address; assigned by the U.S. Postal Service.	1	1
DomesticAddressDetails	Domestic Address Details	This complex component provides a logical grouping of components related to US specific addresses.	StateProvinceCode	State Province Code	This basic component specifies the code for the U.S. State, Territory or Canadian Province for an address.	1	1
DriversLicense	Driver's License	This complex component provides a logical grouping of components related to a person's driver's license.	DriversLicenseNumber	Driver's License Number	This basic component specifies the person's driver's license number.	1	1
DriversLicense	Driver's License	This complex component provides a logical grouping of components related to a person's driver's license.	DriversLicenseStateCode	Driver's License State	This basic component specifies the code of the state that issued a person's driver's license.	1	1
DriversLicenseNumber	Driver's License Number	This basic component specifies the person's driver's license number.					
DriversLicenseStateCode	Driver's License State	This basic component specifies the code of the state that issued a person's driver's license.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
DrugConvictionCode	Drug Conviction	This basic component specifies if a person has a drug conviction that would affect financial aid eligibility.					
DualLoanPaymentInformation	Dual Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated Dual loan payment information.	LoanPaymentInformation	Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated loan payment information.	1	1
DUNSNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.					
EarnedIncome	Earned Income	This basic component represents a person's earned income from work.					
EditProcessResult	Edit Process Result	This complex component provides a logical grouping of components used to respond application/business level edits to an inbound request.					
EducationalLoanMonthlyPayment	Educational Loan Monthly Payment	This basic component represents the total monthly educational loan payments.					
EducationLevelCode	Education Level Code	This basic component specifies the person's education level based on a code.					
EFC	EFC Value	This basic component represents the amount the student's family is expected to contribute toward the cost of education for the requested financial award period as calculated by CPS.					
EFCAdjustmentCode	EFC Adjustment Code	This basic component specifies the code identifying an EFC adjustment.					
EFCChangeCode	EFC Change Code	This basic component indicates if the EFC has gone up or down from the transaction this correction was being applied against.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
EFCInformation	Expected Family Contribution Information	This complex component provides a logical grouping of components related to the Expected Family Contribution calculated by CPS.	PrimaryEFC	Primary EFC	This complex component provides a logical grouping of components related to a primary EFC.	1	1
EFCInformation	Expected Family Contribution Information	This complex component provides a logical grouping of components related to the Expected Family Contribution calculated by CPS.	ZeroEFCIndicator	Zero EFC Indicator	This basic component indicates that the zero EFC is automatically set if simplified needs test is met and taxable income is \$15,000 or less.	1	1
EFCInformation	Expected Family Contribution Information	This complex component provides a logical grouping of components related to the Expected Family Contribution calculated by CPS.	SecondaryEFC	Secondary EFC	This complex component provides a logical grouping of components related to a secondary EFC.	1	1
EFCInformation	Expected Family Contribution Information	This complex component provides a logical grouping of components related to the Expected Family Contribution calculated by CPS.	EFCChangeCode	EFC Change Code	This basic component indicates if the EFC has gone up or down from the transaction this correction was being applied against.	1	1
EFCInformation	Expected Family Contribution Information	This complex component provides a logical grouping of components related to the Expected Family Contribution calculated by CPS.	SimplifiedIndicator	Simplified Needs Test	This basic component indicates if the applicant meets certain criteria for tax filing and income level and are not required to provide asset information.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	TotalParentContribution	EFC Total Parent Contribution	This basic component represents the total parent contribution.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	TotalStudentContribution	EFC Total Student Contribution	This basic component represents the Total Student Contribution.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	AvailableIncome	EFC Available Income	This basic component represents the available income.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	AvailableIncomeContribution	EFC Available Income Contribution	This basic component represents the available income contribution.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	StateTaxAllowance	EFC State Tax Allowance	This basic component represents the state tax allowance.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	ParentAssetContribution	EFC Parent Asset Contribution	This basic component represents the parent asset contribution.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	StudentIncomeAllowance	EFC Student Income Allowance	This basic component represents the Student Income Allowance.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	AssetProtectionAllowance	EFC Asset Protection Allowance	This basic component represents the asset protection allowance.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	EmploymentAllowance	EFC Employment Allowance	This basic component represents the income employment allowance.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	IncomeProtectionAllowance	EFC Income Protection Allowance	This basic component represents the income protection allowance.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	StudentIncomeContribution	EFC Student Income Contribution	This basic component represents the Student Income Contribution.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	StudentDiscretionaryNetWorth	EFC Student Discretionary Net Worth	This basic component represents the Student Discretionary Net Worth.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	StudentAssetContribution	EFC Student Asset Contribution	This basic component represents the Student Asset Contribution.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	DiscretionaryNetWorth	EFC Discretionary Net Worth	This basic component represents the discretionary net worth.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	AdjustedAvailableIncome	EFC Adjusted Available Income	This basic component represents the Adjusted Available Income.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	StudentTotalIncome	EFC Student Total Income	This basic component represents the student's total income.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.				1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	TotalIncomeAllowances	EFC Total Income Allowances	This basic component represents the person's total income allowance.	1	1
EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	NetWorth	EFC Net Worth	This basic component represents the net worth.	1	1
EFCType	EFC Type	This complex component provides a logical grouping of components related to a type of EFC, primary or secondary.	PaidIndicator	Paid Indicator	This basic component indicates if the EFC was Designated as the Paid EFC.	1	1
EFCType	EFC Type	This complex component provides a logical grouping of components related to a type of EFC, primary or secondary.	FormulaTypeCode	EFC Formula Type Code	This basic component specifies the formula type used by the CPS to calculate the Primary EFC.	1	1
EFCType	EFC Type	This complex component provides a logical grouping of components related to a type of EFC, primary or secondary.	EFCIntermediateValues	EFC Intermediate Values	This complex component provides a logical grouping of components related to the intermediate EFC values.	1	1
EFCType	EFC Type	This complex component provides a logical grouping of components related to a type of EFC, primary or secondary.	AlternateMonth	EFC Alternate Month	This basic component specifies the primary alternate EFC used by FAO in determining eligibility based on periods of time other than 9 months.	1	1
EFCType	EFC Type	This complex component provides a logical grouping of components related to a type of EFC, primary or secondary.	EFC	EFC Value	This basic component represents the amount the student's family is expected to contribute toward the cost of education for the requested financial award period as calculated by CPS.	1	1
EffectiveDate	Effective Date	This basic component specifies the effective date that an event took place.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
EFTAuthorizationIndicator	EFT Authorization Indicator	This basic component indicates if the borrower has authorized the school to transfer the loan proceeds received by EFT to the appropriate student account, or if the school requests delivery by check.					
EINID	Entity ID	This basic component specifies the 9-digit employer identification number (EIN) assigned to the lending organization by the U.S. Internal Revenue Service.					
EligibilityReinstatementDate	Eligibility Reinstatement Date	This basic component specifies the date the person's eligibility was reinstated after default.					
EligibilityReinstatementIndicator	Eligibility Reinstatement Indicator	This basic component indicates if the person's eligibility for loans has been reinstated after default.					
Email	Email Address	This complex component provides a logical grouping of components related to email information.	EmailAddressValidityIndicator	Email Address Validity Indicator	This basic component indicates if the person or organization's email address information is valid.	1	1
Email	Email Address	This complex component provides a logical grouping of components related to email information.	EmailAddressUpdateDate	Email Address Update Date	This basic component specifies the date the e-mail address became effective or the sender became aware of the information.	1	1
Email	Email Address	This complex component provides a logical grouping of components related to email information.	EmailAddress	Email Address	This basic component specifies the numbers, letters, and symbols used to identify an electronic mail (e-mail) user within the network to which the person or organization belongs. Follows the format of username@domain.	0	0
EmailAddress	Email Address	This basic component specifies the numbers, letters, and symbols used to identify an electronic mail (e-mail) user within the network to which the person or organization belongs. Follows the format of username@domain.	EmailAddressValidityIndicator	Email Address Validity Indicator	This basic component indicates if the person or organization's email address information is valid.	1	1
EmailAddress	Email Address	This basic component specifies the numbers, letters, and symbols used to identify an electronic mail (e-mail) user within the network to which the person or organization belongs. Follows the format of username@domain.	EmailAddressUpdateDate	Email Address Update Date	This basic component specifies the date the e-mail address became effective or the sender became aware of the information.	1	1
EmailAddressUpdateDate	Email Address Update Date	This basic component specifies the date the e-mail address became effective or the sender became aware of the information.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
EmailAddressValidityIndicator	Email Address Validity Indicator	This basic component indicates if the person or organization's email address information is valid.					
Employer	Employer	This complex component provides a logical grouping of components related to Employer ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
EmploymentAllowance	EFC Employment Allowance	This basic component represents the income employment allowance.					
EmploymentBeginDate	Employment Begin Date	This basic component specifies the date on which a person's employment began.					
EmploymentEndDate	Employment End Date	This basic component specifies the date on which a person's employment ended.					
EmploymentInformation	Employment Information	This complex component provides a logical grouping of components related to employment information.	CurrentEmployment	Current Employment	This complex component provides a logical grouping of components related to current employment.	1	1
EmploymentInformation	Employment Information	This complex component provides a logical grouping of components related to employment information.	PreviousEmployment	Previous Employment	This complex component provides a logical grouping of components related to previous employment.	1	1
EMPNIndicator	Electronic Master Promissory Note Indicator	This basic component indicates if there is a paper or electronic MPN on file.					
EndDate	End Date	This basic component specifies a generic end date.					
EndEmailEffectiveDate	Stop Payment Monitoring Removal Email End Date	This complex component provides a logical grouping of components that specifies the effective date that an email was sent stating that monitoring will end.	EffectiveDate	Effective Date	This basic component specifies the effective date that an event took place.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
EndingBalanceDefaultedLoans	Ending Balance on Defaulted Loans	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable on the accrual basis for the fiscal year to date. The total of principal and Interest should be equal to the sum of MR-33 through MR-40, Delinquency by Debt category.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
EndingBalancesOnBankruptcies	Ending Balances on Bankruptcies	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable for bankruptcies on the accrual basis for the fiscal year to date.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
EndorserAmount	Endorser Amount	This basic component represents the total amount of loan the endorser has agreed to co-sign.					
EndReason	Program End Reason	This basic component specifies the reason a school's Title IV participation has ended.					
EndReasonCode	Stop Payment Monitoring End Reason Code	This basic component specifies the reason monitoring / stop payment process has ended.					
EnrollmentData	Enrollment Data	This complex component provides a logical grouping of components related to enrollment information	SpringCode	Spring Enrollment	This basic component specifies the enrollment intention of the student for the spring of the upcoming academic year.	1	1
EnrollmentData	Enrollment Data	This complex component provides a logical grouping of components related to enrollment information	SummerHeaderCode	Summer Header	This basic component specifies the enrollment intention of the student for the summer preceding the upcoming academic year.	1	1
EnrollmentData	Enrollment Data	This complex component provides a logical grouping of components related to enrollment information	SummerTrailerCode	Summer Trailer	This basic component specifies the enrollment intention of the student for the summer following the upcoming academic year.	1	1
EnrollmentData	Enrollment Data	This complex component provides a logical grouping of components related to enrollment information	FallCode	Fall Enrollment	This basic component specifies the enrollment intention of the student for the fall of the upcoming academic year.	1	1
EnrollmentData	Enrollment Data	This complex component provides a logical grouping of components related to enrollment information	WinterCode	Winter Enrollment	This basic component specifies the enrollment intention of the student for the winter of the upcoming academic year.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
EnrollmentDate	Enrollment Date	This basic component specifies the first date that the student was enrolled in an eligible program for the designated award year.					
EnrollmentStatusCode	Enrollment Status Code	This basic component indicates the student's enrollment status during the award period.					
EntityID	Entity ID	This basic component specifies the Entity ID for an organization.					
eSignatureCustodian	eSignature Custodian	This complex component provides a logical grouping of components related to eSignature custodian information.					
eSignatureIndicator	Signature Indicator	This basic component indicates if the signature is electronic.					
ESIS	ESIS ID	This basic component specifies the unique identifier assigned by the Statistics Canada Enhanced Student Information System.					
EstablishedDate	Residency Established Date	This basic component specifies the date on which a person's residency was established.					
EstimatedFinancialAidAmount	Estimated Financial Aid Amount	This basic component specifies the estimated amount of financial aid.					
EthnicAffiliationCode	Institution Ethnic Affiliation Code	This basic component specifies the type of ethnic affiliation for a school (e.g., Native American, HBCU, Hispanic, or Ethnicity Not Reported).					
ExamResultsCode	Exam Results Code	This basic component specifies the student's status in completing exams required for graduate or doctoral degree programs.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ExamsRequiredCode	Exams Required Code	This basic component specifies the type of exam required of doctoral level students.					
ExamTakenDate	Exam Taken Date	This basic component specifies the date on which the student took an exam for advancement, continuation or completion of a doctoral program.					
ExemptionsClaimed	Exemptions Claimed	This basic component specifies the number of exceptions a person claimed on their previous tax return.					
ExitDate	Exit Date	This basic component specifies the date on which the student officially withdrew or graduated.					
FallCode	Fall Enrollment	This basic component specifies the enrollment intention of the student for the fall of the upcoming academic year.					
FatherStepfather	Father Stepfather	This complex component provides a logical grouping of components related to information about a person's father or stepfather.					
FaxPhone	Fax Phone	This complex component provides a logical grouping of components related to fax number information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1
FederalApplicationFormCode	Federal Application Form Code	This basic component specifies the type of the application and promissory note.					
FederalSchoolCode	Federal School Code	This complex component provides a logical grouping of components related to the Federal School code.	PreviousFederalSchoolCode	Previous Federal School Code	This basic component specifies the previous Federal School Code reported by the school.	1	1
FederalSchoolCode	Federal School Code	This complex component provides a logical grouping of components related to the Federal School code.	FederalSchoolCode	Current Federal School Code	This basic component specifies the current Federal School Code.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
FederalSchoolCode	Current Federal School Code	This basic component specifies the current Federal School Code.					
FederalShareAmount	Federal Share Amount	This basic component represents the federal share portion of a campus based award. The campus based awards include Federal Work-Study (FWS), Federal Supplemental Education Opportunity Grant (FSEOG), and Federal Perkins Loan award amount.					
FFELPCombined	FFEL Combined	This complex component provides a logical grouping of components related to FFEL Combined information.					
FFELPConsolidatedRefund	FFEL Consolidated Refund	This complex component provides a logical grouping of components related to the amounts used to report Federal default consolidation loan refunds due to the Department of ED as a result of the sale of certain defaulted FFEL loans consolidated into a Federal Consolidation loan.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
FFELPConsolidatedRefund	FFEL Consolidated Refund	This complex component provides a logical grouping of components related to the amounts used to report Federal default consolidation loan refunds due to the Department of ED as a result of the sale of certain defaulted FFEL loans consolidated into a Federal Consolidation loan.	FFELPConsolidationGuarantyAgencyRetentionReportedAmounts	FFEL Consolidation Guaranty Agency Retention Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the FFEL consolidation payoffs.	1	1
FFELPConsolidatedRefund	FFEL Consolidated Refund	This complex component provides a logical grouping of components related to the amounts used to report Federal default consolidation loan refunds due to the Department of ED as a result of the sale of certain defaulted FFEL loans consolidated into a Federal Consolidation loan.	FFELPConsolidationPayoffReportedAmounts	FFEL Consolidation Payoff Reported Amounts	This complex component provides a logical grouping of components related to FFEL consolidation payoffs.	1	1
FFELPConsolidationGuarantyAgencyRetentionReportedAmounts	FFEL Consolidation Guaranty Agency Retention Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the FFEL consolidation payoffs.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
FFELPConsolidationPayoffReportedAmounts	FFEL Consolidation Payoff Reported Amounts	This complex component provides a logical grouping of components related to FFEL consolidation payoffs.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
FFELPIInstitutionID	FFEL Institution ID	This complex component provides a logical grouping of components used to identify an Institution for FFEL disbursement.				1	1
FFELPLoanInformation	FFEL Loan Information	This complex component provides a logical grouping of components related to FFEL Loan information.	LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
FFELLoanPaymentInformation	FFEL Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated FFEL loan payment information.	LoanPaymentInformation	Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated loan payment information.	1	1
FFELPLUSProgramInformation	FFEL PLUS Program Information	This complex component provides a logical grouping of components related to FFEL PLUS Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	1	1
FFELPLUS	FFEL PLUS	This complex component provides a logical grouping of components related to FFEL PLUS information.					
FFELPSLSPProgramInformation	FFEL SLS Program Information	This complex component provides a logical grouping of components related to FFEL SLS Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	1	1
FFELPStaffordProgramInformation	FFEL Stafford Program Information	This complex component provides a logical grouping of components related to FFEL Stafford Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	1	1
FFELPSubsidized	FFEL Subsidized Loan	This complex component provides a logical grouping of components related to FFEL Subsidized Loan information.					
FFELPUnsubsidized	FFEL Unsubsidized Loan	This complex component provides a logical grouping of components related to FFEL Unsubsidized Loan information.					
FICE	FICE ID	This basic component specifies a unique identifier assigned by the National Center for Education Statistics.					
FieldName	Field Name	This basic component specifies a field name.					
FieldValue	Field Value	This basic component specifies a field value.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
FinancialAwardAmount	Pell Financial Award Amount	This basic component represents the total award amount a student is eligible to receive for a Pell grant.					
FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.					
FinancialAwardAmountRequested	Financial Award Amount Requested	This basic component represents the total award amount requested by the person.					
FinancialAwardConfirmationCode	Financial Award Confirmation Code	This basic component specifies the results of the confirmation process.					
FinancialAwardID	Financial Award ID	This basic component specifies the unique award identifier.					
FinancialAwardNumber	Financial Award Number	This basic component specifies the number associated with a loan.					
FinancialAwardStatus	Financial Award Status	This basic component specifies the status of the award being reported.					
FinancialAwardStatusDate	Financial Award Status Date	This basic component specifies the Financial Award Status was effective.					
FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.					
FinancialData	Financial Data	This complex component provides a logical grouping of components related to financial data information.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
FirstBachelorsByCutoffIndicator	First Bachelors By Cutoff	This basic component indicates if a student will receive a first Bachelor's degree by 07-01 of this year.					
FirstDisbursementIndicator	First Disbursement Indicator	This basic component specifies the disbursement with the earliest disbursement date.					
FirstEntryIntoUSDate	First Entry Into US Date	This basic component specifies the date of the person's initial arrival to the United States in order to establish residency.					
FirstInitial	First Initial	This basic component specifies the first letter of a person's First Name.					
FirstName	First Name	This basic component specifies the name given to a person at birth, baptism, or another naming ceremony, or through legal change.					
FISAPIncomeAmount	FISAP Income Amount	This basic component represents the total taxable and nontaxable income for the student, if independent, or student and parent, if dependent.					
Form1040AEZEligibleCode	Form 1040 AEZ Eligible	This basic component specifies if a person is able to file a 1040A or 1040EZ tax return.					
FormerName	Former Name	This complex component provides a logical grouping of components related to a person's former name.	Name	Name	This complex component provides a logical grouping of components related to a person's name.	1	1
FormulaTypeCode	EFC Formula Type Code	This basic component specifies the formula type used by the CPS to calculate the Primary EFC.					
FSACode	FSA Code	This basic component specifies to institutions that modifications have been made to their database and require immediate action to correct.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	LessThanFullTimeIndicator	Less Than Full Time Indicator	This basic component indicates if a student's attendance status is less than full time.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	FederalShareAmount	Federal Share Amount	This basic component represents the federal share portion of a campus based award. The campus based awards include Federal Work-Study (FWS), Federal Supplemental Education Opportunity Grant (FSEOG), and Federal Perkins Loan award amount.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	SecondaryEFCUsedCode	Secondary EFC Used	This basic component indicates if the Secondary EFC will be used to calculate the Pell award amount.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	1	1
FSEOG	Secondary Education Opportunity Grant	This complex component provides a logical grouping of components related to a Federal Secondary Education Opportunity Grant.	FISAPIncomeAmount	FISAP Income Amount	This basic component represents the total taxable and nontaxable income for the student, if independent, or student and parent, if dependent.	1	1
FSEGOOverpaymentStatus	FSEOG Overpayment Status	This complex component provides a logical grouping of components related to FSEOG overpayment information.	OverpaymentStatus	Overpayment Status	This complex component provides a logical grouping of components related to overpayment information for Pell, FSEOG or Perkins grants and loans.	1	1
FSEOGProgramInformation	FSEOG Program Information	This complex component provides a logical grouping of components related to FSEOG Program Information.					
FullName	Full Name	This basic component specifies the full name of the person in the following format: Last, First Middle					
FundsDistributionMethodCode	Funds Distribution Method Code	This basic component specifies the method used to release funds to the school or the method used by the school to return funds to the disbursing agent.					
FundsReleaseDate	Funds Release Date	This basic component specifies the date the funds will be or are released to the school or the disbursing agent.					
FundsReleaseDate	Funds Release Date	This basic component specifies the date the funds will be, or are, released to the school or the disbursing agent.					
FWSCommunityServiceProgramInformation	Federal Work-Study Community Service Program Information	This complex component provides a logical grouping of components related to Federal Work-Study Community Service Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	0	0
FWSJobLocationDevelopmentProgramInformation	Federal Work-Study Job Location Development Program Information	This complex component provides a logical grouping of components related to Federal Work-Study Job Location Development Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	0	0

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
FWSP	Federal Work-Study Program	This complex component provides a logical grouping of components related to a Federal Work-Study Program Award.	StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.	1	1
FWSP	Federal Work-Study Program	This complex component provides a logical grouping of components related to a Federal Work-Study Program Award.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	1	1
FWSP	Federal Work-Study Program	This complex component provides a logical grouping of components related to a Federal Work-Study Program Award.	Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.	1	1

FISAPIncomeAmount	FISAP Income Amount	This basic component represents the total taxable and nontaxable income for the student, if independent, or student and parent, if dependent.	1	1
FWSPrivateSectorEmploymentProgramInformation	Federal Work-Study Private Sector Employment Program Information	This complex component provides a logical grouping of components related to Federal Work-Study Private Sector Employment Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	0	0
GAAdministrativeWageGarnishment	Guaranty Agency Administrative Wage Garnishment	This complex component provides a logical grouping of components related to administrative wage garnishment collection activities by the guaranty agency on loans for which reinsurance has been paid by the Department of ED and which have not been assigned to the Department of ED by the agency.	AdministrativeWageGarnishmentTotalCollectedReportedAmounts	Administrative Wage Garnishment Total Collected Reported Amounts	This complex component provides a logical grouping of components related to administrative wage garnishment.	1	1
GAAdministrativeWageGarnishment	Guaranty Agency Administrative Wage Garnishment	This complex component provides a logical grouping of components related to administrative wage garnishment collection activities by the guaranty agency on loans for which reinsurance has been paid by the Department of ED and which have not been assigned to the Department of ED by the agency.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
GAAdministrativeWageGarnishment	Guaranty Agency Administrative Wage Garnishment	This complex component provides a logical grouping of components related to administrative wage garnishment collection activities by the guaranty agency on loans for which reinsurance has been paid by the Department of ED and which have not been assigned to the Department of ED by the agency.	AdministrativeWageGarnishmentGuarantyAgencyReportedAmounts	Administrative Wage Garnishment Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the GA's complement of the administrative wage garnishment.	1	1
GANonPaymentActivity	Guaranty Agency Non-Payment Activity	This complex component provides a logical grouping of components related to non-payment activity.					
GAPSEffectiveDate	GAPS Effective Date	This complex component provides a logical grouping of components related to the effective date monitoring began, the date is assigned by GAPS.	EffectiveDate	Effective Date	This basic component specifies the effective date that an event took place.	1	1
GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	TotalOtherAmount	Total Other Amount	This basic component represents the total amount of fees, penalties, collection charges, and any other charges which have accrued for any loan during this reporting period.	1	1
GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	TotalInterestAmount	Total Interest Amount	This basic component represents the total amount of accrued interest calculated by the guaranty agency on the loan principal of a claim for collection from the borrower during this reporting period.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	TotalPrincipalAmount	Total Principal Amount	This basic component represents the total amount of principal and purchased interest activity during this reporting period.	1	1
Gender	Gender	This complex component provides a logical grouping of components related to gender information.	GenderCode	Gender Code	This basic component specifies the gender of the person.	1	1
Gender	Gender	This complex component provides a logical grouping of components related to gender information.	GenderChangeCode	Gender Change Code	This basic component specifies a change in the person's gender.	1	1
GenderChangeCode	Gender Change Code	This basic component specifies a change in the person's gender.					
GenderCode	Gender Code	This basic component specifies the gender of the person.					
GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	DomesticAddress	Domestic Address	This complex component provides a logical grouping of components related to a complete Domestic Address.	1	1
GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	InternationalAddress	International Address	This complex component provides a logical grouping of components related to a complete International Address.	1	1
GPA	GPA	This complex component provides a logical grouping of components related to GPA information.	CreditHoursAttempted	Credit Hours Attempted	This basic component specifies the total credit hours for which a student is enrolled.	1	1
GPA	GPA	This complex component provides a logical grouping of components related to GPA information.	CreditHoursEarned	Credit Hours Earned	This basic component specifies the total credit hours that a student earned.	1	1
GPA	GPA	This complex component provides a logical grouping of components related to GPA information.	CreditHoursforGPA	Credit Hours for GPA	This basic component specifies the hours used as a basis for GPA calculation.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
GPA	GPA	This complex component provides a logical grouping of components related to GPA information.	GradePointAverage	Grade Point Average	This basic component specifies the student's Grade Point Average.	1	1
GradePointAverage	Grade Point Average	This basic component specifies the student's Grade Point Average.					
GraduateIndicator	Graduate Indicator	This basic component indicates if the student has graduated.					
GraduationDate	Graduation Date	This basic component specifies the anticipated or actual date the student will complete the program at the school.					
GrossAnnualSalary	Gross Annual Salary	This basic component specifies the income earned by the person from his or her primary employment.					
GrossLoanAmount	Gross Loan Amount	This basic component represents the sum of the gross amount of the disbursements that the borrower is scheduled to receive and/or has received.					
GuaranteeAdjustmentIndicator	Guarantee Adjustment Indicator	This basic component indicates if the Current Guarantee Amount has been adjusted to an amount different than the corresponding school certified amount.					
GuaranteeAmountReductionCode	Guarantee Amount Reduction Code	This basic component specifies the reason the Current Guarantee Amount is less than the Financial Award Amount.					
GuaranteeDate	Guarantee Date	This basic component specifies the date the loan was guaranteed or insured.					
GuaranteeFeeAmount	Guarantee Fee Amount	This basic component represents the fee charged to guarantee or insure the loan.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
GuaranteeFeePaid	Guarantee Fee Paid	This basic component represents the total amount of guarantee fees subsidized on behalf of the borrower for the disbursement.					
Guarantor	Guarantor	This complex component provides a logical grouping of components related to Guarantor ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
GuarantorServicer	Guarantor Servicer	This complex component provides a logical grouping of components related to Guarantor Servicer ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
GuarantorStatusCode	Guarantor Status Code	This basic component specifies the status of the loan guarantee from request to approval.					
GuarantorStatusDateTime	Guarantor Status Date Time	This basic component specifies the date and time the Guarantor Status Code was created.					
HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	0	0
HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.	0	0
HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	0	0
HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	0	0
HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	FederalShareAmount	Federal Share Amount	This basic component represents the federal share portion of a campus based award. The campus based awards include Federal Work-Study (FWS), Federal Supplemental Education Opportunity Grant (FSEOG), and Federal Perkins Loan award amount.	0	0

HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	SecondaryEFCUsedCode	Secondary EFC Used	This basic component indicates if the Secondary EFC will be used to calculate the Pell award amount	0	0
HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	0	0
HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	0	0
HEAL	HEAL	This complex component provides a logical grouping of components related to award information.	FISAPIncomeAmount	FISAP Income Amount	This basic component represents the total taxable and nontaxable income for the student, if independent, or student and parent, if dependent.	0	0
HEALDebtAmount	HEAL Debt Amount	This basic component represents the student's total Health Education Assistance Loan (HEAL) debt prior to this award period.					
Health	Health	This complex component provides a logical grouping of components related to health information.	AccommodationsNeededCode	Accommodations Needed Code	This basic component specifies the codes identifying the set of health accommodations.	1	1
Health	Health	This complex component provides a logical grouping of components related to health information.	DisabilityConditionStatusCode	Disability Condition Status Code	This basic component specifies the codes used to identify the status of a disability condition.	1	1
Health	Health	This complex component provides a logical grouping of components related to health information.	DisabilityConditionCode	Disability Condition Code	This basic component specifies the codes identifying the set of disability conditions.	1	1
Health	Health	This complex component provides a logical grouping of components related to health information.	DisabilityDeterminationSourceCode	Disability Determination Source Code	This basic component specifies the codes identifying the set of disability determination sources.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
HighlightFields	Highlight Fields	This complex component provides a logical grouping of components related to highlight fields.	FieldName	Field Name	This basic component specifies a field name.	1	1
HighSchoolDiplomaOrGEDIndicator	High School Diploma Or GED	This basic component indicates if a person has received a high school diploma or GED.					
HistoryCode	History Code	This basic component specifies the institution's history code.					
HomeEmail	Home Email	This complex component provides a logical grouping of components related to a home email address.	Email	Email Address	This complex component provides a logical grouping of components related to email information.	1	1
HomeOwnerIndicator	Home Owner Indicator	This basic component indicates if the person owns their home.					
HomePhone	Home Phone	This complex component provides a logical grouping of components related to home phone number information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1
HonorsLevel	Honors Level	This basic component specifies the 1st highest honor, 2nd highest and 3rd highest.					
HonorsTitle	Honors Title	This basic component specifies that the student graduated with outstanding scholastic achievement.					
HoursAwardYear	Hours Award Year	This basic component specifies the total number of credit/clock hours in all payment periods that the School expects this student to attend and be paid for during this Federal Pell Grant Award year.					
HoursProgramsAcademicYear	Hours Programs Academic Year	This basic component specifies the total number of credit or clock hours in the School's definition of academic year for this student's Program of Study.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
HouseholdData	Household Data	This complex component provides a logical grouping of components related to a person's household data.	NumberInCollege	Household Number In College	This basic component specifies the number of family members in college during the current academic year.	1	1
HouseholdData	Household Data	This complex component provides a logical grouping of components related to a person's household data.	MembersInFamily	Household Members In Family	This basic component specifies the number of family members in a person's household.	1	1
HousingMonthlyPayment	Housing Monthly Payment	This basic component represents the total monthly housing payment.					
HousingStatusCode	Address Housing Status Code	This basic component specifies the type of local housing a student is using.					
HPPAIndicator	HPPA Indicator	This basic component indicates if the dependent student is eligible for an additional unsubsidized loan amount. This was formerly a HEAL loan.					
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	NonEDBranchID	Non ED Branch ID	This basic component specifies the unique identification code assigned by an organization other than the Department of ED.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	NHELPID	NHELP ID	This basic component specifies the unique identifier assigned by the National Council of Higher Education Loan Programs for each data exchange partner.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	ACT	ACT ID	This basic component specifies the unique identifier assigned by the American College Testing Program.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	ATP	ATP ID	This basic component specifies the unique identifier assigned by the College Board.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	CCD	CCD ID	This basic component specifies the unique identifier assigned by the National Center for Education Statistics as the Common Core of data.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	CEEBACT	CEEBACT ID	This basic component specifies the unique identifier assigned by the College Entrance Examining Board and the American College Testing Program.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	ESIS	ESIS ID	This basic component specifies the unique identifier assigned by the Statistics Canada Enhanced Student Information System.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	FICE	FICE ID	This basic component specifies a unique identifier assigned by the National Center for Education Statistics.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	IPEDS	IPEDS ID	This basic component specifies a unique identifier assigned by the National Center for Education Statistics.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	USIS	USIS ID	This basic component specifies the unique identifier assigned by the Statistics Canada University Student Information System.	1	1
IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	OPEID	OPEID	This basic component specifies the unique identifier assigned by the Office of Postsecondary Education for each data exchange partner.	1	1
Immigration	Immigration	This complex component provides a logical grouping of components related to immigration information.	FirstEntryIntoUSDate	First Entry Into US Date	This basic component specifies the date of the person's initial arrival to the United States in order to establish residency.	1	1
Immigration	Immigration	This complex component provides a logical grouping of components related to immigration information.	ImmigrationI20RequestIndicator	Immigration I20 Request Indicator	This basic component indicates if the institution issued an Immigration I-20 form on behalf of the student.	1	1
Immigration	Immigration	This complex component provides a logical grouping of components related to immigration information.	NonImmigrantVisaIssueDate	NonImmigrant Visa Issue Date	This basic component specifies the date of on which the Nonimmigrant Visa was issued.	1	1
Immigration	Immigration	This complex component provides a logical grouping of components related to immigration information.	NonImmigrantVisaNumber	NonImmigrant Visa Number	This basic component specifies the number of the non-immigrant visa issued.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Immigration	Immigration	This complex component provides a logical grouping of components related to immigration information.	NonImmigrantVisaStatusChangeCode	NonImmigrant Visa Status Change Code	This basic component indicates that a change has occurred in the non-immigrant (Visa) classification.	1	1
Immigration	Immigration	This complex component provides a logical grouping of components related to immigration information.	NonImmigrantVisaStatusChangeDate	NonImmigrant Visa Status Change Date	This basic component specifies the date on which an official change to the non-immigrant (visa) status occurred.	1	1
Immigration	Immigration	This complex component provides a logical grouping of components related to immigration information.	AlienRegistrationNumber	Alien Registration Number	This basic component specifies the federal alien registration number assigned to legally authorized aliens by the Department of Homeland Security.	0	0
ImmigrationI20RequestIndicator	Immigration I20 Request Indicator	This basic component indicates if the institution issued an Immigration I-20 form on behalf of the student.					
Immunization	Immunization	This complex component provides a logical grouping of components related to immunization information.	ImmunizationCode	Immunization Code	This basic component specifies the medical immunization or vaccine codes from the Current Procedural Terminology (CPT) 2002 of American Medical Association.	1	1
Immunization	Immunization	This complex component provides a logical grouping of components related to immunization information.	ImmunizationDate	Immunization Date	This basic component specifies the when an immunization was administered to the person.	1	1
ImmunizationCode	Immunization Code	This basic component specifies the medical immunization or vaccine codes from the Current Procedural Terminology (CPT) 2002 of American Medical Association.					
ImmunizationDate	Immunization Date	This basic component specifies the when an immunization was administered to the person.					
IncarceratedIndicator	Incarcerated Indicator	This basic component indicates if a person is incarcerated in local penal institution but otherwise eligible to receive Federal Pell Grants.					
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	GrossAnnualSalary	Gross Annual Salary	This basic component specifies the income earned by the person from his or her primary employment.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	OtherIncome	Other Income	This basic component specifies the total other income earned by the person.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	OtherIncomeSource	Other Income Source	This basic component specifies the source of the person's other income.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	StudentEarnedIncome	Student Earned Income	This basic component represents the student's earned income amount.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	SpouseEarnedIncome	Spouse Earned Income	This basic component represents a spouse's earned income.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	WorksheetC	Worksheet C	This basic component represents the total from those items on Worksheet C of the FAFSA.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	IncomeTaxPaid	Income Tax Paid	This basic component represents the amount a person paid in income taxes.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	TaxFormTypeCode	Tax Form Type	This basic component specifies what type of tax form a person filed.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	Form1040AEZEligibleCode	Form 1040 AEZ Eligible	This basic component specifies if a person is able to file a 1040A or 1040EZ tax return.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	ExemptionsClaimed	Exemptions Claimed	This basic component specifies the number of exceptions a person claimed on their previous tax return.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	WorksheetB	Worksheet B	This basic component represents the total from those items on Worksheet B of the FAFSA.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	EarnedIncome	Earned Income	This basic component represents a person's earned income from work.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	WorksheetA	Worksheet A	This basic component represents the total from those items on Worksheet A of the FAFSA.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	TaxReturnStatusCode	Tax Return Status	This basic component specifies a person's tax return status.	1	1
IncomeData	Income Data	This complex component provides a logical grouping of components related to a person's income information.	AdjustedGrossIncome	Adjusted Gross Income	This basic component represents a person's adjusted gross income.	1	1
IncomeProtectionAllowance	EFC Income Protection Allowance	This basic component represents the income protection allowance.					
IncomeTaxPaid	Income Tax Paid	This basic component represents the amount a person paid in income taxes.					
Index	Index	This complex component provides a logical grouping of components related to person identification information.	BirthDate	Birth Date	This basic component specifies the day, month, and year that a person was born.	1	1
Index	Index	This complex component provides a logical grouping of components related to person identification information.	LastName	Last Name	This basic component specifies a person's last name.	1	1
Index	Index	This complex component provides a logical grouping of components related to person identification information.	FirstName	First Name	This basic component specifies the name given to a person at birth, baptism, or another naming ceremony, or through legal change.	1	1
Index	Index	This complex component provides a logical grouping of components related to person identification information.	SSN	Social Security Number	This basic component specifies the unique nine digit number assigned to a person in order to establish a federal Social Security account.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
InstructionalActivityStatusCode	Instructional Activity Status Code	This basic component specifies the academic status of a student as defined by the type of instructional activity the student is enrolled in..					
InterestRateOption	Interest Rate Option Code	This basic component specifies the type of interest rate associated with the loan.					
InterestRebateAmount	Interest Rebate Amount	This basic component represents the upfront interest rebate amount.					
InterestRebateAmount	Interest Rebate Amount	This basic component represents the rebate amount associated with this disbursement. If this disbursement release indicator is false, this is estimated information. If the disbursement release indicator is true, then this is actual information.					
InterestRebatePercent	Interest Rebate Percent	This basic component represents the up front interest rebate percentage for this disbursement.					
InternationalAddress	International Address	This complex component provides a logical grouping of components related to a complete International Address.	InternationalAddressDetails	International Address Details	This complex component provides a logical grouping of components related to International specific addresses.	1	1
InternationalAddress	International Address	This complex component provides a logical grouping of components related to a complete International Address.				1	1
InternationalAddressDetails	International Address Details	This complex component provides a logical grouping of components related to International specific addresses.	PostalCode	Address Postal Code	This basic component specifies the unique five or nine digit code identifying a mailing address; assigned by the U.S. Postal Service.	0	1
InternationalAddressDetails	International Address Details	This complex component provides a logical grouping of components related to International specific addresses.	StateProvince	State Province	This basic component specifies the U.S. State, Territory or Canadian Province for an address.	0	1
InternationalAddressDetails	International Address Details	This complex component provides a logical grouping of components related to International specific addresses.	CountryCode	Country Code	This basic component specifies the Country for the address. Use ISO standard.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
InvestmentNetWorth	Investment Net Worth	This basic component represents the person's investment net worth.					
IPEDS	IPEDS ID	This basic component specifies a unique identifier assigned by the National Center for Education Statistics.					
Language	Language	This complex component provides a logical grouping of components related to language information.	LanguageCode	Language Code	This basic component specifies the language used by a person, based on the ISO 639 code set.	1	1
Language	Language	This complex component provides a logical grouping of components related to language information.	LanguageProficiencyCode	Language Proficiency Code	This basic component specifies the person's ability to comprehend and use a language.	1	1
Language	Language	This complex component provides a logical grouping of components related to language information.	LanguageUsageCode	Language Usage Code	This basic component specifies the medium in which a language is used.	1	1
Language	Language	This complex component provides a logical grouping of components related to language information.	LanguageInstructionUsageCode	Language Instruction Usage Code	This basic component specifies the use of language in an instructional context.	1	1
LanguageCode	Language Code	This basic component specifies the language used by a person, based on the ISO 639 code set.					
LanguageInstructionUsageCode	Language Instruction Usage Code	This basic component specifies the use of language in an instructional context.					
LanguageProficiencyCode	Language Proficiency Code	This basic component specifies the person's ability to comprehend and use a language.					
LanguageUsageCode	Language Usage Code	This basic component specifies the medium in which a language is used.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
LastDisbursementAmount	Loan Last Disbursement Amount	This basic component represents the loan's last disbursement amount.					
LastDisbursementDate	Loan Last Disbursement Date	This basic component specifies the date of the loan's last disbursement.					
LastName	Last Name	This basic component specifies a person's last name.					
LastPaymentAmount	Last Payment Amount	This basic component represents the amount of the last payment the borrower paid on the loan.					
LastPaymentDate	Last Payment Date	This basic component specifies the date the last payment the person paid on the loan was applied to the account.					
LateDisbursementIndicator	Late Disbursement Indicator	This basic component indicates if the disbursement will be issued after the Financial Award End Date or the borrower's last date of at least half-time enrollment, whichever is earlier.					
LateFees	Late Fees	This complex component provides a logical grouping of components related to late fee information.	LateFeesAmount	Late Fees Amount	This basic component represents the outstanding fees assessed by the servicer when a payment is received within a specified period after the due date.	1	1
LateFees	Late Fees	This complex component provides a logical grouping of components related to late fee information.	LateFeesDate	Late Fees Date	This basic component specifies the date the Late Fees Amount was assessed.	1	1
LateFeesAmount	Late Fees Amount	This basic component represents the outstanding fees assessed by the servicer when a payment is received within a specified period after the due date.					
LateFeesDate	Late Fees Date	This basic component specifies the date the Late Fees Amount was assessed.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
LateReportingInterest	Late Reporting Interest	This complex component provides a logical grouping of components related to late reporting interest. Late reporting interest is assessed to the guaranty agency on partial refunds of reinsurance, rehabilitated loan refunds to ED, FFEL consolidation refunds due to ED, GA administrative wage garnishment collections and default collections.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
LegalDependentsIndicator	Legal Dependents Indicator	This basic component indicates if a person has legal dependents other than children or spouse to support.					
Lender	Lender	This complex component provides a logical grouping of components related to Lender ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
LenderApprovedAmount	Lender Approved Amount	This basic component represents the amount approved by the lender for the loan.					
LenderLastResortReportedAmounts	Lender of Last Resort Reported Amounts	This complex component provides a logical grouping of components related to defaults from lender of last resort loans.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
LenderNumber	Lender Number	This basic component specifies a 6 digit number used to identify the specific Lender organization.					
LenderOfLastResortIndicator	Lender Of Last Resort Indicator	This basic component indicates if the loan is a lender of last resort loan.					
LenderPortfolio	Lender Portfolio	This complex component provides a logical grouping of components related to a Lender Portfolio.	CallReportLoanPrincipalDisbursed	Call Report Loan Principal Disbursed	This basic component represents the amount of the loan principal disbursed.	1	1
LenderPortfolio	Lender Portfolio	This complex component provides a logical grouping of components related to a Lender Portfolio.	CallReportBillPeriodYear	Call Report Bill Period Year	This basic component specifies the 4 digit number specifying the century and the year for the Call Report Bill Period.	1	1
LenderPortfolio	Lender Portfolio	This complex component provides a logical grouping of components related to a Lender Portfolio.	CallReportLoanType	Call Report Loan Type	This basic component specifies the type of loan (i.e., SF, PL, SL, CL, SU).	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
LenderPortfolio	Lender Portfolio	This complex component provides a logical grouping of components related to a Lender Portfolio.	LenderNumber	Lender Number	This basic component specifies a 6 digit number used to identify the specific Lender organization.	1	1
LenderPortfolio	Lender Portfolio	This complex component provides a logical grouping of components related to a Lender Portfolio.	CallReportEndingPrincipalBalance	Call Report Ending Principal Balance	This basic component represents the amount of the ending principal balance.	1	1
LenderPortfolio	Lender Portfolio	This complex component provides a logical grouping of components related to a Lender Portfolio.	CallReportBillPeriodQuarter	Call Report Bill Period Quarter	This basic component specifies the 1 digit number specifying the financial quarter for the Call Report Bill Period.	1	1
LenderServicer	Lender Servicer	This complex component provides a logical grouping of components related to Lender Servicer ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
LenderStatusCode	Lender Status Code	This basic component specifies the status the status of the loan origination from request to approval.					
LenderStatusDateTime	Lender Status Date Time	This basic component specifies the date and time the lender status code was created.					
LessThanFullTimeIndicator	Less Than Full Time Indicator	This basic component indicates if a student's attendance status is less than full time.					
Licensure	Licensure	This complex component provides a logical grouping of components related to licensure information.	LicensurePassageLevel	Licensure Passage Level	This basic component specifies the level of license.	1	1
Licensure	Licensure	This complex component provides a logical grouping of components related to licensure information.	LicensurePassage	Licensure Passage	This basic component specifies the type of license.	1	1
Licensure	Licensure	This complex component provides a logical grouping of components related to licensure information.	LicensurePassageDate	Licensure Passage Date	This basic component specifies the date the licensure was passed.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
LicensurePassage	Licensure Passage	This basic component specifies the type of license.					
LicensurePassageDate	Licensure Passage Date	This basic component specifies the date the licensure was passed.					
LicensurePassageLevel	Licensure Passage Level	This basic component specifies the level of license.					
LoanCapitalizedInterestAmount	Loan Capitalized Interest Amount	This basic component represents the amount of the accumulated capitalized interest for the life of the loan.					
LoanDefaultedChangeIndicator	Loan Defaulted Change Indicator	This basic component indicates if the loan has been default has changed.					
LoanDefaultedIndicator	Loan Defaulted Indicator	This basic component indicates if the loan has been defaulted.					
LoanDischargedChangeIndicator	Loan Discharged Change Indicator	This basic component indicates if the discharged loan has changed.					
LoanDischargedCode	Loan Discharged Code	This basic component indicates if the loan has been discharged.					
LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	OriginationFeePercent	Origination Fee Percent	This basic component represents the origination fee percent used for this record.	1	1
LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	PromissoryNotePrintCode	Promissory Note Print Code	This basic component specifies which party is responsible Promissory print option used for this record.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.	1	1
LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	InterestRebatePercent	Interest Rebate Percent	This basic component represents the up front interest rebate percentage for this disbursement.	1	1
LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.	1	1
LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	Period	Pell Award Period	This complex component provides a logical grouping of components for the begin and end dates for a given Pell award.	1	1
LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	DisclosureStatementPrintCode	Disclosure Statement Print Code	This basic component indicates if the school or COD will print the Disclosure Statement. The party (school or COD) who is responsible for mailing the Disclosure Statement is also responsible for printing and mailing the Plain Language Disclosure Statement.	1	1
LoanInformation	Loan Information	This complex component provides a logical grouping of components across all loans.	AcademicYearPeriod	Academic Year Period	This complex component provides a logical grouping of components related to the dates when the student's academic year begins and ends at the school.	1	1
LoanKey	Loan Key	This basic component specifies related loan information.					
LoanLimitCode	Loan Limit Code	This basic component specifies the code for a loan limit.					
LoanPaymentInformation	Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated loan payment information.	RepaymentLoanSums	Repayment Loan Sums	This complex component provides a logical grouping of components related to unduplicated repayment loan sums.	1	1
LoanPaymentInformation	Loan Payment Information	This complex component provides a logical grouping of components related to unduplicated loan payment information.	DefaultedLoanSums	Defaulted Loan Sums	This complex component provides a logical grouping of components related to unduplicated defaulted loan sums.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
LoanRepaymentChangeIndicator	Loan Repayment Change Indicator	This basic component indicates if the loan repayment status has changed.					
LoanServicer	Loan Servicer	This complex component provides a logical grouping of components related to Loan Servicer ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
LoanTransfer	Loan Transfer	This complex component provides a logical grouping of components related to loan transfer information.					
LoanTransferCode	Loan Transfer Code	This basic component represents the code that identify the type of loan transfer (i.e., For cases where the lender sold the loan to another lender).					
LoanTransferDate	Loan Transfer Date	This basic component specifies the date the loan was transferred from one organization to another.					
LoanTypeCode	Loan Type Code	This basic component specifies the Loan Type based on a code.					
LocalAddress	Local Address	This complex component provides a logical grouping of components related to a local address.	GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	1	1
LocalHomePhone	Local Home Phone	This complex component provides a logical grouping of components related to local home phone number information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1
LocationCloseDate	Institution Location Close Date	This basic component specifies the date that the location ceases to provide educational instruction in all programs, as determined by the U.S. Secretary of Education.					
LocationEligibilityApproval	Institution Location Eligibility Certification Approve Indicator	This basic component indicates if the institution location is approved for eligibility or certification.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
LocationReinstateCode	Institution Location Reinstate Code	This basic component specifies the date the institution location was reinstated.					
LowTuitionFeesCode	Low Tuition and Fees	This basic component specifies the tuition ranges when the annual tuition is less than or equal to minimum defined by low tuition and fees table.					
MailingAddress	Mailing Address	This complex component provides a logical grouping of components related to a mailing address.	GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	1	1
MaritalStatus	Marital Status	This complex component provides a logical grouping of components related to a person's marital information.	MaritalStatusDate	Marital Status Date	This basic component specifies the date of a person's marital status.	1	1
MaritalStatus	Marital Status	This complex component provides a logical grouping of components related to a person's marital information.	MaritalStatusCode	Marital Status	This basic component indicates a person's marital status.	1	1
MaritalStatusChangeCode	Marital Status Change Code	This basic component indicates a change in the person's marital status.					
MaritalStatusCode	Marital Status	This basic component indicates a person's marital status.					
MaritalStatusDate	Marital Status Date	This basic component specifies the date of a person's marital status.					
MarriedIndicator	Married	This basic component indicates if a person is married.					
MastersOrDoctorateIndicator	Masters Or Doctorate	This basic component indicates if the student is working on a Master's or Doctorate Program for the upcoming academic year.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
MatchCode	NSLDS Match Code	This basic component specifies the results of the NSLDS match.					
MatchCode	Selective Service Match Code	This basic component specifies the results of the selective service match for applicants who met criteria to be sent to match.					
MatchCode	Department of Homeland Security Match Code	This basic component specifies the results of the Department of Homeland Security match.					
MatchCode	Social Security Student Match Code	This basic component specifies the results of the Social Security match with SSA.					
MatchResultsCode	Match Results Code	This basic component specifies the code for the results of a match.					
MembersInFamily	Household Members In Family	This basic component specifies the number of family members in a person's household.					
MethodCode	Stop Payment Monitoring Method Code	This basic component specifies the method for monitoring/payment (e.g., HCM - Cash Monitoring 1, HCM - Cash Monitoring 2, Reimbursement, or Stop Payment).					
MiddleInitial	Middle Initial	This basic component specifies a person's middle initial.					
MiddleName	Middle Name	This basic component specifies the secondary name given to an individual at birth, baptism, or another naming ceremony, or through legal change.					
MobilePhone	Mobile Phone	This complex component provides a logical grouping of components related to mobile phone number information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	DefaultFFELConsolidatedByDirectLoanProgram	Default FFEL Consolidated by Direct Loan Program	This complex component provides a logical grouping of components related to federal receivable amounts of FFELP loans, which were consolidated in the Direct Loan Program during the period being reported.	1	1
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	EndingBalanceDefaultedLoans	Ending Balance on Defaulted Loans	This complex component provides a logical grouping of components related to the agency's total outstanding federal receivable on the accrual basis for the fiscal year to date. The total of principal and interest should be equal to the sum of MR-33 through MR-40, Delinquency by Debt category.	1	1
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	DefaultLoansTransferredOut	Default Loans Transferred Out	This complex component provides a logical grouping of components related to federal receivables transferred to another guaranty agency during the fiscal year. Report only those accounts that have been accepted by another guaranty agency during the period being reported. Do not include loan guarantees, loans in repayment or loans where the status is, or has changed to death, disability, bankruptcy, closed school or false certification.	1	1
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	AnnualAgencyAccruals	Annual Agency Accruals	This complex component provides a logical grouping of components related to the total amount of interest accrued during the fiscal year. Also report total amounts of additional other charges added to borrowers accounts through the same period. Include all accrued amounts deemed collectible and to which the Secretary is entitled to an equitable share.	1	1
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	DefaultLoansTransferredIn	Default Loans Transferred In	This complex component provides a logical grouping of components related to federal receivables transferred to the agency from another guaranty agency. Do not include loan guarantees, loans in repayment or loans where the status is, or has changed to death, disability, bankruptcy, closed school or false certification.	1	1
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	Compromises	Compromises	This complex component provides a logical grouping of components related to the portion of federal receivable of which the agency has reached an agreement with the borrower to pay part of the amount due and not to make any further attempt to collect the remainder. All compromises must meet agency standards approved by ED. If the agency reaches an agreement with the borrower to pay part of the amount due and terminates collection of the rest, then report the amount on which collection has been compromised in this item.	1	1
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	SubrogatedLoans	Subrogated Loans	This complex component provides a logical grouping of components related to the federal receivable dollar amount for subrogated loans (permanent assignments to the Department of ED). Report only on subrogated loans that are accepted by the Debt Collection Service through the reporting period.	1	1
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	OtherTransactionsAffectingFederalReceivables	Other Transactions Affecting Federal Receivables	This complex component provides a logical grouping of components related to the net dollar amount affecting the federal receivable that is not reported elsewhere on this report. Dollar amounts reported in this category can be either positive or negative.	1	1
MonthlyAgencyAccruals	Monthly Agency Accruals	This complex component provides a logical grouping of components related to guaranty agency monthly reporting, to calculate the guaranty agency's Federal receivable balance. The Federal receivable balance outstanding includes amounts for default, exempt and default lender-of-last-resort claims, accrued interest and other charges, on which reinsurance has been requested by or paid to the guaranty agency.	CollectionTerminations	Collection Terminations	This complex component provides a logical grouping of components related to the dollar amount of the portion of federal receivable balances (i.e., principal, accrued interest, and other charges) on which the agency has decided to terminate collection activities and not to make any further attempt to collect the amount due. All collection terminations must meet agency standards approved by the Department of ED.	1	1
MonthlyBenefitAmount	Monthly Veterans Benefit Amount	This basic component represents the amount of benefits the student receives monthly.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
MonthsAtAddress	Months at Address	This basic component specifies the number months the person or organization has been at the address.					
MonthsAtEmployer	Months at Employer	This basic component specifies s the number of months the person has been with the employer.					
MotherStepmother	Mother Stepmother	This complex component provides a logical grouping of components related to information about a person's mother or stepmother.					
MPNID	Master Promissory Note ID	This basic component specifies the unique identifier for a Master Promissory Note.					
MPNLinkIndicator	Master Promissory Note Link Indicator	This basic component indicates if a promissory note has been linked to a loan in COD.					
MPNStatusCode	Master Promissory Note Status Code	This basic component specifies the current status of the Master Promissory Note.					
Name	Name	This complex component provides a logical grouping of components related to a person's name.	LastName	Last Name	This basic component specifies a person's last name.	1	1
Name	Name	This complex component provides a logical grouping of components related to a person's name.	FirstName	First Name	This basic component specifies the name given to a person at birth, baptism, or another naming ceremony, or through legal change.	1	1
Name	Name	This complex component provides a logical grouping of components related to a person's name.	NamePrefix	Name Prefix	This basic component specifies the appellation denoting rank, placement, or status (e.g., Mr., Ms., Colonel, Mister).	0	0
Name	Name	This complex component provides a logical grouping of components related to a person's name.	NameSuffix	Name Suffix	This basic component specifies the appendage denoting a person's generation in his family (e.g., Jr., Sr., III).	0	0

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Name	Name	This complex component provides a logical grouping of components related to a person's name.	MiddleInitial	Middle Initial	This basic component specifies a person's middle initial.	1	1
NameChangeDate	Name Change Date	This basic component specifies the date that the person's name was changed.					
NamePrefix	Name Prefix	This basic component specifies the appellation denoting rank, placement, or status (e.g., Mr., Ms., Colonel, Mister).					
NameSuffix	Name Suffix	This basic component specifies the appendage denoting a person's generation in his family (e.g., Jr., Sr., III).					
NationalEthnicOrigin	National Ethnic Origin	This basic component specifies the person's ethnic or national subgroup.					
NCHELPID	NCHELP ID	This basic component specifies the unique identifier assigned by the National Council of Higher Education Loan Programs for each data exchange partner.					
NegativePendingAmount	Negative Pending Amount	This basic component represents the amount by which the Pell award is overpaid (i.e., sum of disbursements exceeds Award Amount). School must adjust either award amount or disbursement amount within 30 days to avoid a COD-generated negative disbursement.					
NetAmount	Loan Net Amount	This basic component represents the Loan Net Amount.					
NettedCancellationAmount	Netted Cancellation Amount	This basic component represents the portion of the Cancellation Amount that is to be deducted from the Roster Document.					
NetWorth	EFC Net Worth	This basic component represents the net worth.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
NewOPEID	New OPEID	This basic component specifies the institution's new OPEID.					
NextDueDate	Next Due Date	This basic component specifies the actual date when the next expected payment is due for payment to the servicer or lender.					
NextPaymentAmount	Next Payment Amount	This basic component represents the minimum expected Payment Amount due with the next payment on the loan.					
NonEDBranchID	Non ED Branch ID	This basic component specifies the unique identification code assigned by an organization other than the Department of ED.					
NonFederalShareOffset	Non Federal Share Offset	This complex component provides a logical grouping of components related to the portion of the TOP offset, which is an amount equal to the complement of the reinsurance percentage, which was in effect when the Secretary made the reinsurance payment for default claims.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
NonImmigrantVisaIssueDate	NonImmigrant Visa Issue Date	This basic component specifies the date of on which the Nonimmigrant Visa was issued.					
NonImmigrantVisaNumber	NonImmigrant Visa Number	This basic component specifies the number of the non-immigrant visa issued.					
NonImmigrantVisaStatusChangeCode	NonImmigrant Visa Status Change Code	This basic component indicates that a change has occurred in the non-immigrant (Visa) classification.					
NonImmigrantVisaStatusChangeDate	NonImmigrant Visa Status Change Date	This basic component specifies the date on which an official change to the non-immigrant (visa) status occurred.					
NotDelinquent	Not Delinquent	This complex component provides a logical grouping of components related to amounts owed to the Department of ED on accounts held by the guaranty agency that are not in default.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.					
NSLDS	NSLDS	This complex component provides a logical grouping of components related to NSLDS information.	MatchCode	NSLDS Match Code	This basic component specifies the results of the NSLDS match.	1	1
NSLDS	NSLDS	This complex component provides a logical grouping of components related to NSLDS information.	PostScreeningCode	NSLDS Post Screening Code	This basic component specifies that the student's NSLDS eligibility has changed since the previous prescreening.	1	1
NSLDSTransactionNumber	NSLDS Transaction Number	This basic component specifies the result of matching this record against the NSLDS database for financial aid history information.					
NumberInCollege	Household Number In College	This basic component specifies the number of family members in college during the current academic year.					
NumberOfMonths	Number of Months Benefits Received	This basic component specifies the number of months a student received benefits.					
Occupation	Person's Occupation	This basic component specifies the person's profession , or normal way of earning a living.					
OPEID	OPEID	This basic component specifies the unique identifier assigned by the Office of Postsecondary Education for each data exchange partner.				1	1
OPEID	OPEID	This basic component specifies the unique identifier assigned by the Office of Postsecondary Education for each data exchange partner.				1	1
OralDefenseCompletedIndicator	Oral Defense Completed Indicator	This basic component indicates if the student has completed an oral defense. The requirement to conduct an oral defense by doctoral students may vary across schools, programs, or fields of study.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
OralDefenseDate	Oral Defense Date	This basic component specifies the date on which the student gave an oral defense.					
OrganizationName	Organization Name	This basic component specifies the full, legally accepted, or popularly accepted name of an organization (e.g., a school, an association, a company).					
OriginalNameID	Original Name ID	This basic component specifies the original name ID for the person.					
OriginalSSN	Original SSN	This basic component specifies the original unique nine digit number that was assigned to a person in order to establish a federal Social Security account.					
OriginationFeePercent	Origination Fee Percent	This basic component represents the origination fee percent used for this record.					
OriginationInformation	Direct Student Loan Program Origination Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program Origination Information.	BeginDate	Begin Date	This basic component specifies a generic begin date.	1	1
OriginationInformation	Direct Student Loan Program Origination Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program Origination Information.	EndReason	Program End Reason	This basic component specifies the reason a school's Title IV participation has ended.	1	1
OriginationInformation	Direct Student Loan Program Origination Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program Origination Information.	DLLevelAwardYear	Direct Student Loan Program Origination Level Award Year	This basic component specifies the institution DSLP's origination level award year.	1	1
OriginationInformation	Direct Student Loan Program Origination Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program Origination Information.	EndDate	End Date	This basic component specifies a generic end date.	1	1
OriginationInformation	Direct Student Loan Program Origination Information	This complex component provides a logical grouping of components related to the Direct Student Loan Program Origination Information.	DLLevel	Direct Student Loan Program Origination Level	This basic component specifies the level in which the school can participate in Direct Student Loan Programs.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
OrphanWardOfCourtIndicator	Orphan Ward Of Court Indicator	This basic component indicates if a person is an orphan or ward of the court.					
OtherDebtAmount	Other Debt Amount	This basic component represents the borrower's total other student educational loan debt prior to this award period and not included in any previous debt fields as known by the sending organization.					
OtherFees	Other Fees	This complex component provides a logical grouping of components related to other fee information.	OtherFeesAmount	Other Fees Amount	This basic component represents the fees assessed by servicer, guarantor, or lender which could include fees such as attorney's fees for litigation, etc.	1	1
OtherFees	Other Fees	This complex component provides a logical grouping of components related to other fee information.	OtherFeesDate	Other Fees Date	This basic component specifies the date the Other Fees Amount was assessed.	1	1
OtherFeesAmount	Other Fees Amount	This basic component represents the fees assessed by servicer, guarantor, or lender which could include fees such as attorney's fees for litigation, etc.					
OtherFeesDate	Other Fees Date	This basic component specifies the date the Other Fees Amount was assessed.					
OtherIncome	Other Income	This basic component specifies the total other income earned by the person.					
OtherIncomeSource	Other Income Source	This basic component specifies the source of the person's other income.					
OtherLoansThisPeriodDebtAmount	Other Student Educational Loans This Period Debt Amount	This basic component represents the student's total other student educational loan debt for this award period.					
OtherMonthlyPayment	Other Monthly Payment	This basic component represents the total other monthly payments.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
OtherTransactionsAffectingFederalReceivables	Other Transactions Affecting Federal Receivables	This complex component provides a logical grouping of components related to the net dollar amount affecting the federal receivable that is not reported elsewhere on this report. Dollar amounts reported in this category can be either positive or negative.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
OutstandingCancellationAmount	Outstanding Cancellation Amount	This basic component represents the portion of the Cancellation Amount that is still outstanding.					
OutstandingLoanIndicator	Outstanding Loan Indicator	This basic component indicates that the Federal PLUS/alternative borrower has outstanding Federal Stafford, Federal SLS, Federal PLUS, or Federal Consolidation loans disbursed before July 1, 1993.					
OutstandingPrincipalBalance	Loan Outstanding Principal Balance	This basic component represents the Loan Outstanding Principal Balance.					
OutstandingPrincipalBalance	Aggregate Loan Outstanding Principal Balance	This basic component represents the aggregate loan outstanding principal balance.					
OutstandingPrincipalBalanceDate	Loan Outstanding Principal Balance Date	This basic component specifies the Loan Outstanding Principal Balance Date.					
OverallEligibilityActionCode	Institution Overall Eligibility Action Date	This basic component specifies the effective date of the action taken by FSA on a school's eligibility.					
OverallEligibilityReasonCode	Institution Overall Eligibility Reason Code	This basic component specifies the reason for change, maintenance or loss of overall eligibility.					
OverallEligibilityActionCode	Institution Overall Eligibility Action Code	This basic component specifies the action taken to establish, maintain or lose eligibility for Title IV participation.					
OverpaymentChangeIndicator	Loan Overpayment Change Indicator	This basic component indicates if there has been a change in overpayment.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
OverpaymentStatus	Overpayment Status	This complex component provides a logical grouping of components related to overpayment information for Pell, FSEOG or Perkins grants and loans.	Status	Overpayment Status Code	This basic component specifies the overpayment status for Pell, FSEOG or Perkins grants and loans and can occur for each if there is an overpayment.	1	1
OverpaymentStatus	Overpayment Status	This complex component provides a logical grouping of components related to overpayment information for Pell, FSEOG or Perkins grants and loans.	School	Overpayment Status School	This complex component provides a logical grouping of components related to school identifier information.	1	1
OverrideSchoolCourseNumber	Override School Course Number	This basic component specifies the way the academic course was identified at the awarding school if the credit was not awarded by the home or parent school.					
OverstatedClaims	Overstated Claims	This complex component provides a logical grouping of components related to the amounts used to correct and refund reinsurance if the guaranty agency's arithmetic or typographical errors on previously submitted reinsurance requests and additional reinsurance requests resulted in the agency, but not the lender, being overpaid.	BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.	1	1
OverstatedClaims	Overstated Claims	This complex component provides a logical grouping of components related to the amounts used to correct and refund reinsurance if the guaranty agency's arithmetic or typographical errors on previously submitted reinsurance requests and additional reinsurance requests resulted in the agency, but not the lender, being overpaid.	LenderLastResortReportedAmounts	Lender of Last Resort Reported Amounts	This complex component provides a logical grouping of components related to defaults from lender of last resort loans.	1	1
OverstatedClaims	Overstated Claims	This complex component provides a logical grouping of components related to the amounts used to correct and refund reinsurance if the guaranty agency's arithmetic or typographical errors on previously submitted reinsurance requests and additional reinsurance requests resulted in the agency, but not the lender, being overpaid.	DefaultReportedAmounts	Default Reported Amounts	This complex component provides a logical grouping of components related to defaulted loans.	1	1
OverstatedClaims	Overstated Claims	This complex component provides a logical grouping of components related to the amounts used to correct and refund reinsurance if the guaranty agency's arithmetic or typographical errors on previously submitted reinsurance requests and additional reinsurance requests resulted in the agency, but not the lender, being overpaid.	UnpaidRefundsReportedAmounts	Unpaid Refunds Reported Amounts	This complex component provides a logical grouping of components related to unpaid refunds.	1	1
OverstatedClaims	Overstated Claims	This complex component provides a logical grouping of components related to the amounts used to correct and refund reinsurance if the guaranty agency's arithmetic or typographical errors on previously submitted reinsurance requests and additional reinsurance requests resulted in the agency, but not the lender, being overpaid.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
OverstatedClaims	Overstated Claims	This complex component provides a logical grouping of components related to the amounts used to correct and refund reinsurance if the guaranty agency's arithmetic or typographical errors on previously submitted reinsurance requests and additional reinsurance requests resulted in the agency, but not the lender, being overpaid.	DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.	1	1
OwnershipType	Institution Ownership Type	This basic component specifies the type of control and structure of the school (e.g., Public, Private, Nonprofit, Proprietary, Foreign Public, Foreign Private, or Foreign for Profit).					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PagerPhone	Pager Phone	This complex component provides a logical grouping of components related to pager information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1
Paid Participation Indicator	Paid Participation Indicator	This basic component indicates if the student was paid to participate.					
PaidIndicator	Paid Indicator	This basic component indicates if the EFC was Designated as the Paid EFC.					
ParentAssetContribution	EFC Parent Asset Contribution	This basic component represents the parent asset contribution.					
ParentContribution	Parent Contribution	This basic component specifies the parent's contribution.					
ParentTaxFilingStatusCode	Parent Tax Filing Status Code	This basic component specifies the parent's tax return filing status.					
PartialRefundsCurrentFiscalYear	Partial Refunds for Current Fiscal Year	This complex component provides a logical grouping of components related to reinsurance claim paid by Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this current fiscal year.	BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.	1	1
PartialRefundsCurrentFiscalYear	Partial Refunds for Current Fiscal Year	This complex component provides a logical grouping of components related to reinsurance claim paid by Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this current fiscal year.	LenderLastResortReportedAmounts	Lender of Last Resort Reported Amounts	This complex component provides a logical grouping of components related to defaults from lender of last resort loans.	1	1
PartialRefundsCurrentFiscalYear	Partial Refunds for Current Fiscal Year	This complex component provides a logical grouping of components related to reinsurance claim paid by Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this current fiscal year.	DefaultReportedAmounts	Default Reported Amounts	This complex component provides a logical grouping of components related to defaulted loans.	1	1
PartialRefundsCurrentFiscalYear	Partial Refunds for Current Fiscal Year	This complex component provides a logical grouping of components related to reinsurance claim paid by Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this current fiscal year.	UnpaidRefundsReportedAmounts	Unpaid Refunds Reported Amounts	This complex component provides a logical grouping of components related to unpaid refunds.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PartialRefundsCurrentFiscalYear	Partial Refunds for Current Fiscal Year	This complex component provides a logical grouping of components related to reinsurance claim paid by Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this current fiscal year.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
PartialRefundsCurrentFiscalYear	Partial Refunds for Current Fiscal Year	This complex component provides a logical grouping of components related to reinsurance claim paid by Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this current fiscal year.	DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.	1	1
PartialRefundsPriorFiscalYears	Partial Refunds for Prior Fiscal Years	This complex component provides a logical grouping of components related to reinsurance claim paid by the Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this prior fiscal years.	BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.	1	1
PartialRefundsPriorFiscalYears	Partial Refunds for Prior Fiscal Years	This complex component provides a logical grouping of components related to reinsurance claim paid by the Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this prior fiscal years.	LenderLastResortReportedAmounts	Lender of Last Resort Reported Amounts	This complex component provides a logical grouping of components related to defaults from lender of last resort loans.	1	1
PartialRefundsPriorFiscalYears	Partial Refunds for Prior Fiscal Years	This complex component provides a logical grouping of components related to reinsurance claim paid by the Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this prior fiscal years.	DefaultReportedAmounts	Default Reported Amounts	This complex component provides a logical grouping of components related to defaulted loans.	1	1
PartialRefundsPriorFiscalYears	Partial Refunds for Prior Fiscal Years	This complex component provides a logical grouping of components related to reinsurance claim paid by the Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this prior fiscal years.	UnpaidRefundsReportedAmounts	Unpaid Refunds Reported Amounts	This complex component provides a logical grouping of components related to unpaid refunds.	1	1
PartialRefundsPriorFiscalYears	Partial Refunds for Prior Fiscal Years	This complex component provides a logical grouping of components related to reinsurance claim paid by the Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this prior fiscal years.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
PartialRefundsPriorFiscalYears	Partial Refunds for Prior Fiscal Years	This complex component provides a logical grouping of components related to reinsurance claim paid by the Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this prior fiscal years.	DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.	1	1
ParticipationAgreementExecutionDate	IPOS Program Participation Agreement Execution Date	This basic component specifies the date the program participation agreement was counter-signed, or executed, by a Department of Education Authorized Official. Once the PPA is executed the school's certification is in effect.					
ParticipationAgreementExpirationDate	IPOS Program Participation Agreement Expiration Date	This basic component specifies the Program Participation Agreement expiration date.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ParticipationAgreementSentDate	IPOS Program Participation Agreement Sent Date	This basic component specifies if there has been a change in the Pell grant.					
ParticipationLevel	Participation Level	This basic component specifies the student's grade or activity level.					
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	RehabilitatedLoanRefund	Rehabilitated Loan Refund	This complex component provides a logical grouping of components related to the amounts used to report rehabilitated loan payments due to Department of ED as the result of the sale of certain defaulted loans to eligible lenders.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	BorrowerRepaymentReturn	Borrower Payment Return	This complex component provides a logical grouping of components related to refunds of collections, including wage garnishment collections, to a guaranty agency which were received on a closed school or false certification claim and returned to the borrower after reinsurance was paid.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	RepurchasesPriorFiscalYears	Repurchases for Prior Fiscal Years	This complex component provides a logical grouping of components related to the total dollar amount of current fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	ClaimsPaid	Claims Paid	This complex component provides a logical grouping of components related to requests reimbursement for default and other FFEL program claims paid by the guaranty agency to lenders for loan principal and interest and provide ED with information necessary regarding the agencies' payments.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	LateReportingInterest	Late Reporting Interest	This complex component provides a logical grouping of components related to late reporting interest. Late reporting interest is assessed to the guaranty agency on partial refunds of reinsurance, rehabilitated loan refunds to ED, FFEL consolidation refunds due to ED, GA administrative wage garnishment collections and default collections.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	TOPOverpayments	Treasury Offset Program Overpayments	This complex component provides a logical grouping of components related to the Treasury Offset Program (TOP) category reports activity on accounts after offsets have occurred. Overpayment refunds are made to borrowers by the guaranty agency when the offset amount exceeds the balance due on the borrower's account.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	OverstatedClaims	Overstated Claims	This complex component provides a logical grouping of components related to the amounts used to correct and refund reinsurance if the guaranty agency's arithmetic or typographical errors on previously submitted reinsurance requests and additional reinsurance requests resulted in the agency, but not the lender, being overpaid.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	PartialRefundsPriorFiscalYears	Partial Refunds for Prior Fiscal Years	This complex component provides a logical grouping of components related to reinsurance claim paid by the Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this prior fiscal years.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	DefaultCollections	Default Collections	This complex component provides a logical grouping of components related to default collections by the guaranty agency on loans for which reinsurance ED has paid and which have not been assigned to ED by the agency.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	ClaimStatusChanges	Borrower's Claim Status Changes	This complex component provides a logical grouping of components related to reporting on default claims originally paid at a reduced reinsurance rate but which are now eligible for full reimbursement because the borrowers' claim status has changed.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	FFELPConsolidatedRefund	FFEL Consolidated Refund	This complex component provides a logical grouping of components related to the amounts used to report Federal default consolidation loan refunds due to the Department of ED as a result of the sale of certain defaulted FFEL loans consolidated into a Federal Consolidation loan.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	BankruptcyCollections	Bankruptcy Collections	This complex component provides a logical grouping of components related to collections on bankruptcy claims.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	RepurchasesCurrentFiscalYear	Repurchases for Current Fiscal Year	This complex component provides a logical grouping of components related to the total dollar amount of prior fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	GAAAdministrativeWageGarnishment	Guaranty Agency Administrative Wage Garnishment	This complex component provides a logical grouping of components related to administrative wage garnishment collection activities by the guaranty agency on loans for which reinsurance has been paid by the Department of ED and which have not been assigned to the Department of ED by the agency.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	PartialRefundsCurrentFiscalYear	Partial Refunds for Current Fiscal Year	This complex component provides a logical grouping of components related to reinsurance claim paid by Department of ED when a lender refunded part of the insurance claim paid by the guaranty agency for this current fiscal year.	1	1
PaymentActivity	Guaranty Agency Payment Activity	This complex component provides a logical grouping of components related to payment activity.	TotalPaymentActivity	Total Payment Activity	This basic component represents the summary of all payment activity.	1	1
PaymentArrangementsChangeIndicator	Payment Arrangements Change Indicator	This basic component indicates if a change has been made in the payment arrangements.					
PaymentBeginDate	Payment Begin Date	This basic component specifies the expected date when the person must begin paying for student loan monies borrowed.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PaymentData	Payment Data	This complex component provides a logical grouping of components related to payment information.					
PaymentMethodologyCode	Payment Methodology	This basic component represents the formula used to calculate the student's federal Pell grant award.					
PaymentPeriodBeginDate	Payment Period Begin Date	This basic component specifies the payment period begin date for awards submitted by schools that have become ineligible.					
PaymentPlanTypeCode	Payment Plan Type Code	This basic component specifies the payment plan the borrower is using to repay their student loan.					
PaymentToServicerAmount	Payment To Servicer Amount	This basic component represents the amount of payment sent to a servicer from a borrower.					
PaymentToServicerDate	Payment To Servicer Date	This basic component specifies the date the servicer posted the payment to the student's account.					
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	Disbursement	Pell Disbursement	This complex component provides a logical grouping of components related to a Pell Disbursement.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	EnrollmentDate	Enrollment Date	This basic component specifies the first date that the student was enrolled in an eligible program for the designated award year.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	LowTuitionFeesCode	Low Tuition and Fees	This basic component specifies the tuition ranges when the annual tuition is less than or equal to minimum defined by low tuition and fees table.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	IncarceratedIndicator	Incarcerated Indicator	This basic component indicates if a person is incarcerated in local penal institution but otherwise eligible to receive Federal Pell Grants.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	WeeksUsedCalculate	Weeks Used Calculate	This basic component specifies the total number of weeks of instructional time in the payment periods for which this student is eligible.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	AttendanceCost	Attendance Cost	This basic component represents the cost of attending school. For Pell, the amount must equal COA calculated by the School for a full-time student or a full academic year following the Federal Pell Grant Program requirements.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	Period	Pell Award Period	This complex component provides a logical grouping of components for the begin and end dates for a given Pell award.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	PaymentMethodologyCode	Payment Methodology	This basic component represents the formula used to calculate the student's federal Pell grant award.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	HoursAwardYear	Hours Award Year	This basic component specifies the total number of credit/clock hours in all payment periods that the School expects this student to attend and be paid for during this Federal Pell Grant Award year.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	HoursProgramsAcademicYear	Hours Programs Academic Year	This basic component specifies the total number of credit or clock hours in the School's definition of academic year for this student's Program of Study.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	Response	Pell Award Response	This complex component provides a logical grouping of components used in a Pell Award Response.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	AcademicCalendarCode	Academic Calendar	This basic component specifies the code used to represent the type of academic calendar by which classes at a school are measured (e.g., Quarter Hours, Semester Hours or Trimester Hours).	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	SecondaryEFCUsedCode	Secondary EFC Used	This basic component indicates if the Secondary EFC will be used to calculate the Pell award amount.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	VerificationStatusCode	Verification Status	This basic component specifies the verification status of an applicant, as reported by the school.	1	1
Pell	Pell	This complex component provides a logical grouping of components related to a Pell Grant.	WeeksProgramsAcademicYear	Weeks Programs Academic Year	This basic component specifies the total number of weeks of instructional time in the School's definition of academic year for this student's Program of Study.	1	1
PellDUNSNNumber	Pell Grantee DUNS Number	This basic component specifies the Pell Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	DUNSNNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	1	1
PellEligibilityIndicator	Pell Eligibility Indicator	This basic component indicates Pell grant eligibility.					
PellInstitutionID	Pell Institution ID	This complex component provides a logical grouping of components used to identify an Institution for Pell disbursement.				1	1
PellOverpaymentStatus	Pell Overpayment Status	This complex component provides a logical grouping of components related to Pell overpayment information.	OverpaymentStatus	Overpayment Status	This complex component provides a logical grouping of components related to overpayment information for Pell, FSEOG or Perkins grants and loans.	1	1
PellPaymentChangeIndicator	Pell Payment Change Indicator	This basic component indicates if there has been a change in the Pell loan.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PellProgramInformation	Pell Program Information	This complex component provides a logical grouping of components related to Pell Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	1	1
PendingDisbursement	Aggregate Loan Pending Disbursement	This basic component represents the aggregate loan pending disbursement.					
PensionPlanID	Pension Plan ID	This basic component specifies the ID assigned by a pension plan.					
PEPSID	Institution's PEPS ID for award disbursement	This basic component specifies the School's Current ID for award disbursement.					
Period	Pell Award Period	This complex component provides a logical grouping of components for the begin and end dates for a given Pell award.	TimePeriod	Period	This complex component provides a logical grouping of components for the begin and end dates for a given period.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	FederalShareAmount	Federal Share Amount	This basic component represents the federal share portion of a campus based award. The campus based awards include Federal Work-Study (FWS), Federal Supplemental Education Opportunity Grant (FSEOG), and Federal Perkins Loan award amount.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	SecondaryEFCUsedCode	Secondary EFC Used	This basic component indicates if the Secondary EFC will be used to calculate the Pell award amount	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	1	1
Perkins	Perkins Loan	This complex component provides a logical grouping of components related to a Perkins Loan.	FISAPIncomeAmount	FISAP Income Amount	This basic component represents the total taxable and nontaxable income for the student, if independent, or student and parent, if dependent.	1	1
PerkinsDebtAmount	Perkins Debt Amount	This basic component represents the student's total Perkins loan debt prior to this award period as known by the sending organization.					
PerkinsLoanChangeIndicator	Perkins Loan Change Indicator	This basic component indicates if there has been a change in the Perkins loan.					
PerkinsOverpaymentStatus	Perkins Overpayment Status	This complex component provides a logical grouping of components related to Perkins overpayment information.	OverpaymentStatus	Overpayment Status	This complex component provides a logical grouping of components related to overpayment information for Pell, FSEOG or Perkins grants and loans.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PerkinsPortfolioIndicator	Perkins Portfolio Indicator	This basic component indicates if the closed school has a Perkins portfolio.					
PerkinsProgramInformation	Federal Perkins Program Information	This complex component provides a logical grouping of components related to Federal Perkins Program Information.	ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	1	1
PerkinsSummary	Perkins Summary	This complex component provides a logical grouping of components related to Perkins Information.	CurrentYearLoanAmount	Perkins Current Year Loan Amount	This basic component represents information about the Perkins current year loan amount.	1	1
PerkinsSummary	Perkins Summary	This complex component provides a logical grouping of components related to Perkins Information.	PrincipalBalance	Perkins Principal Balance	This basic component represents information about the Perkins loan principal balance.	1	1
PermanentAddress	Permanent Address	This complex component provides a logical grouping of components related to a permanent address.	GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	1	1
PermanentHomePhone	Permanent Home Phone	This complex component provides a logical grouping of components related to permanent home phone number information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1
PermanentPhone	Permanent Phone	This complex component provides a logical grouping of components related to permanent phone number information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1
PersonIdentifiers	Identifiers	This complex component provides a logical grouping of components related to person identification.	SSN	Social Security Number	This basic component specifies the unique nine digit number assigned to a person in order to establish a federal Social Security account.	1	1
Phone	Phone	This complex component provides a logical grouping of components related to phone information.	CountryPrefixCode	Phone Number Country Prefix Code	This basic component specifies the phone number country prefix code.	1	1
Phone	Phone	This complex component provides a logical grouping of components related to phone information.	AreaCityCode	Phone Number Area City Code	This basic component specifies the phone number area city code.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Phone	Phone	This complex component provides a logical grouping of components related to phone information.	PhoneNumberExtension	Phone Number Extension	This basic component specifies the phone number extension.	1	1
Phone	Phone	This complex component provides a logical grouping of components related to phone information.	PhoneNumberUpdateDate	Phone Number Update Date	This basic component specifies the date the phone number was updated.	1	1
PhoneNumber	Phone Number	This basic component specifies a person's phone number.					
PhoneNumberExtension	Phone Number Extension	This basic component specifies the phone number extension.					
PhoneNumberUpdateDate	Phone Number Update Date	This basic component specifies the date the phone number was updated.					
PLUSDebtAmount	PLUS Debt Amount	This basic component represents the borrower's outstanding Federal PLUS loan debt.					
PLUSPromissoryNoteCode	PLUS Promissory Note Code	This basic component specifies the code for a PLUS Promissory Note.					
PositionTitle	Position Title	This basic component specifies the title, position, or job description.					
PostalCode	Address Postal Code	This basic component specifies the unique five or nine digit code identifying a mailing address; assigned by the U.S. Postal Service.					
PostScreeningCode	NSLDS Post Screening Code	This basic component specifies that the student's NSLDS eligibility has changed since the previous prescreening.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PostwithdrawalReturnCorrectionIndicator	Postwithdrawal Return Correction Indicator	This basic component indicates if the request is a correction to a Post-Withdrawal Return.					
PostwithdrawalReturnDate	Postwithdrawal Return Date	This basic component specifies the date the school communicates the return of funds to the disbursing agent.					
PreferredBorrowerLender	Preferred Borrower Lender	This complex component provides a logical grouping of components related to Preferred Borrower Lender ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
PreviousAddress	Previous Address	This complex component provides a logical grouping of components related to a previous address.	GeneralAddress	General Address	This complex component provides a logical grouping of components related to a choice group between Domestic Addresses and International Addresses.	1	1
PreviousCampusBasedDUNSNumber	Previous Campus Based Grantee DUNS Number	This basic component specifies the Campus Based Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	DUNSNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	1	1
PreviousClosureDate	Previous Closure Date	This basic component specifies the known date of a school's closure at the time of data entry, or the closure date entered in PEPS which was changed because of an error.					
PreviousCohortDefaultRate	Previous Cohort Default Rate	This basic component specifies the school's previous cohort default rate, prior to any adjustments due to the default appeal process.					
PreviousDefaultedLoanTotals	Previous Loan Default Totals	This basic component represents the previous unduplicated defaulted loan totals reported by the school.					
PreviousDLDUNSNumber	Previous Direct Student Loan Program Grantee DUNS Number	This basic component specifies the Direct Student Loan Program Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	DUNSNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	1	1
PreviousDLDUNSNumber	Previous Direct Student Loan Program Grantee DUNS Number	This basic component specifies the Direct Student Loan Program Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	DUNSNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PreviousDLSequenceNumber	Previous DSLP Sequence Number	This basic component specifies the previous DSLP Sequence Number.					
PreviousEmployment	Previous Employment	This complex component provides a logical grouping of components related to previous employment.	EmploymentBeginDate	Employment Begin Date	This basic component specifies the date on which a person's employment began.	1	1
PreviousEmployment	Previous Employment	This complex component provides a logical grouping of components related to previous employment.	EmploymentEndDate	Employment End Date	This basic component specifies the date on which a person's employment ended.	1	1
PreviousEmployment	Previous Employment	This complex component provides a logical grouping of components related to previous employment.	PositionTitle	Position Title	This basic component specifies the title, position, or job description.	1	1
PreviousEmployment	Previous Employment	This complex component provides a logical grouping of components related to previous employment.	SelfEmploymentIndicator	Self Employment Indicator	This basic component indicates if the person is self-employed.	1	1
PreviousEmployment	Previous Employment	This complex component provides a logical grouping of components related to previous employment.	YearsAtEmployer	Years at Employer	This basic component specifies the number of years the person has been with the employer.	1	1
PreviousEmployment	Previous Employment	This complex component provides a logical grouping of components related to previous employment.	MonthsAtEmployer	Months at Employer	This basic component specifies s the number of months the person has been with the employer.	1	1
PreviousFederalSchoolCode	Previous Federal School Code	This basic component specifies the previous Federal School Code reported by the school.					
PreviouslyReportedIndicator	Previously Reported Indicator	This basic component indicates if the disbursement adjustment was reported on a previous disbursement roster.					
PreviousPellDUNSNumber	Pell Grantee DUNS Number	This basic component specifies the Pell Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	DUNSNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
PreviousPEPSID	Institution's Previous PEPS ID for award disbursement	This basic component specifies the School's Previous ID for award disbursement.					
PreviousRepaymentDefaultTotals	Previous Loan Default Totals	This basic component represents the previous unduplicated repayment loan totals as reported by the school.					
PreviousSECDUNSNNumber	Previous SEC Grantee DUNS Number	This basic component specifies School Eligibility Channel Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	DUNSNNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	1	1
PreviousSequenceNumber	Previous Sequence Number	This basic component represents the previous sequence number stored within the database for this disbursement.					
PreviousTIN	Organization's Previous Tax Identification Number	This basic component specifies the previous 9 digit identification number assigned by the U.S. Internal Revenue Service (IRS) to the organization for federal tax purposes.					
PrimaryEFC	Primary EFC	This complex component provides a logical grouping of components related to a primary EFC.	EFCType	EFC Type	This complex component provides a logical grouping of components related to a type of EFC, primary or secondary.	1	1
PrincipalBalance	Perkins Principal Balance	This basic component represents information about the Perkins loan principal balance.					
ProcessDate	Process Date	This basic component specifies the date the document information was processed.					
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	DataReleaseNumber	Data Release Number	This basic component specifies the data release number.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	PellEligibilityIndicator	Pell Eligibility Indicator	This basic component indicates Pell grant eligibility.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.				1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	GraduateIndicator	Graduate Indicator	This basic component indicates if the student has graduated.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	StudentTaxFilingStatusCode	Student Tax Filing Status Code	This basic component specifies the student's tax return filing status.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	ParentTaxFilingStatusCode	Parent Tax Filing Status Code	This basic component specifies the parent's tax return filing status.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	RejectReasons	Reject Reasons	This complex component provides a logical grouping of components related to reject reasons.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	Assumptions	Assumptions	This complex component provides a logical grouping of components related to multiple assumptions.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	DataVerifyCodes	Data Verify Codes	This complex component provides a logical grouping of components related to multiple data verify codes.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	CorrectionCodes	Correction Codes	This complex component provides a logical grouping of components related to multiple correction codes.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	HighlightFields	Highlight Fields	This complex component provides a logical grouping of components related to highlight fields.	1	1
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	CommentCodes	Comment Codes	This complex component provides a logical grouping of components related to comment codes.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ProcessedApplicationInformation	Processed Application Information	This complex component provides a logical grouping of components related to processed application information.	AcknowledgementCommentCodes	Acknowledgement Comment Codes	This complex component provides a logical grouping of components related to acknowledgement comment codes.	1	1
ProcessingTypeCode	Processing Type Code	This basic component specifies the type of processing that is requested for this application. This element controls how the record is processed.					
ProfessionalJudgment	Professional Judgment	This complex component provides a logical grouping of components related to Professional Judgment information.	DependencyOverrideCode	Dependency Override Code	This basic component specifies the code identifying a dependency override.	1	1
ProfessionalJudgment	Professional Judgment	This complex component provides a logical grouping of components related to Professional Judgment information.	EFCAdjustmentCode	EFC Adjustment Code	This basic component specifies the code identifying an EFC adjustment.	1	1
ProgramCIPCode	Program CIP Code	This basic component specifies the code representing a discipline or field of study.					
ProgramCode	Loan Program Code	This basic component specifies the Loan Program code based on the NSLDS list.					
ProgramCSISCode	Program CSIS Code	This basic component specifies the code representing a discipline or field of study.					
ProgramESISCode	Program ESIS Code	This basic component specifies the code representing a discipline or field of study.					
ProgramHEGISCode	Program HEGIS Code	This basic component specifies the code representing a discipline or field of study.					
ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	ApprovalIndicator	Program Approval Indicator	This basic component indicates if the school's grant and loan program information has been approved.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	BeginDate	Begin Date	This basic component specifies a generic begin date.	1	1
ProgramInformation	Program Information	This complex component provides a logical grouping of components related to Program Information.	EndDate	End Date	This basic component specifies a generic end date.	1	1
ProgramLength	Institution Program Length	This basic component specifies the length of the longest program, i.e., the highest level of education, offered by the institution.					
ProgramParticipation	Institution Program Participation	This basic component specifies the Title IV program(s) in which the school can participate.					
PromissoryNoteDeliveryCode	Promissory Note Delivery Code	This basic component specifies the preferred or actual method of delivering the promissory note to the borrower.					
PromissoryNotePrintCode	Promissory Note Print Code	This basic component specifies which party is responsible Promissory print option used for this record.					
PromissoryNoteStatusCode	Promissory Note Status Code	This basic component specifies the status of the promissory note from printing to approval.					
PromissoryNoteStatusDateTime	Promissory Note Status Date Time	This basic component specifies the date and time the Promissory Note Status Code was created.					
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	DegreeOrCertificateCode	Degree Or Certificate	This basic component specifies the degree or certificate for which the student is enrolled.	1	1
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	SelectiveServiceMale	Selective Service Male	This basic component indicates if the person is a male.	1	1
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	SelectiveServiceRegisterIndicator	Selective Service Register	This basic component indicates if a male wants to be registered by the Selective Service.	1	1
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	DependencyData	Dependency Data	This complex component provides a logical grouping of components related to dependency status.	1	1
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	HighSchoolDiplomaOrGEDIndicator	High School Diploma Or GED	This basic component indicates if a person has received a high school diploma or GED.	1	1
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	StudentLoanInterestIndicator	Student Loan Interest	This basic component indicates if a person is interested in student loan financial assistance.	1	1
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	WorkStudyInterestIndicator	Work-Study Interest	This basic component indicates if a student is interested in student work-study financial assistance.	1	1
QuestionnaireResponses	Questionnaire Responses	This complex component provides a logical grouping of components related to FAFSA Questionnaire information.	DrugConvictionCode	Drug Conviction	This basic component specifies if a person has a drug conviction that would affect financial aid eligibility.	1	1
RaceEthnicityClassificationCode	Race Ethnicity Classification Code	This basic component specifies the categories used to describe groups to which a person belongs or with which they identify. The codes are those approved for use by the federal Office of Management and Budget (OMB).					
RAPCode	RAP Code	This basic component specifies the requirements, attributes, and proficiencies demonstrated or earned.					
RAPCodeQualifier	RAP Code Qualifier	This basic component specifies the code set used for the requirement attribute proficiency code.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
RAPName	RAP Name	This basic component specifies the free form name of the requirements, attributes and proficiencies demonstrated or earned.					
RAPSubName	RAP Sub Name	This basic component specifies the free from name of a subset of the RAP category indicated in the RAP name.					
ReallocationAwardID	Reallocation Award ID	This basic component represents the combined Financial Award ID and the Financial Award Number to cross reference the subsidized and unsubsidized loan for purposes of reallocation.					
Receipt	Receipt	This basic component specifies the date/time stamp indicating receipt of the document.					
ReceiverEmail	Receiver Email	This complex component provides a logical grouping of components related to the receiving party's email address.	Email	Email Address	This complex component provides a logical grouping of components related to email information.	1	1
RecruitedIndicator	Recruited Indicator	This basic component indicates if the student was recruited in this area by the school.					
Reference	Reference	This complex component provides a logical grouping of components related to reference information.					
RegionCode	Institution Region Code	This basic component specifies a defined cluster of states within the United States and its outlying areas (e.g., Puerto Rico, Guam, Trust Territory of the Pacific Islands etc.).					
RehabilitatedLoanRefund	Rehabilitated Loan Refund	This complex component provides a logical grouping of components related to the amounts used to report rehabilitated loan payments due to Department of ED as the result of the sale of certain defaulted loans to eligible lenders.	RehabilitatedLoansReportedAmounts	Rehabilitated Loans Reported Amounts	This complex component provides a logical grouping of components related to rehabilitated loans.	1	1
RehabilitatedLoanRefund	Rehabilitated Loan Refund	This complex component provides a logical grouping of components related to the amounts used to report rehabilitated loan payments due to Department of ED as the result of the sale of certain defaulted loans to eligible lenders.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
RehabilitatedLoansReportedAmounts	Rehabilitated Loans Reported Amounts	This complex component provides a logical grouping of components related to rehabilitated loans.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
ReinstatementAvailableAmount	Reinstatement Available Amount	This basic component represents the total amount of all pre and post-disbursement cancellations applied to the loan.					
RejectCodes	Reject Codes	This basic component specifies the reject codes.					
RejectOverrideCode	Reject Override Code	This basic component specifies the reject override code.					
RejectOverrides	Reject Overrides	This complex component provides a logical grouping of components related to reject overrides.	RejectOverrideCode	Reject Override Code	This basic component specifies the reject override code.	1	1
RejectReasons	Reject Reasons	This complex component provides a logical grouping of components related to reject reasons.	RejectCodes	Reject Codes	This basic component specifies the reject codes.	1	1
RelationshipToBorrowerCode	Relationship to Borrower Code	This basic component specifies the person's relationship to the borrower.					
RelationshipToStudentCode	Relationship to Student Code	This basic component specifies the person's relationship to the student.					
ReligiousAffiliation	Person's Religious Affiliation	This basic component specifies the religion or religious group with which the individual most identifies.					
RepaidPrincipalAmount	Repaid Principal Amount	This basic component represents the amount of the loan that has been repaid.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
RepaymentLoanSums	Repayment Loan Sums	This complex component provides a logical grouping of components related to unduplicated repayment loan sums.	PreviousRepaymentDefaultTotals	Previous Loan Default Totals	This basic component represents the previous unduplicated repayment loan totals as reported by the school.	1	1
RepaymentLoanSums	Repayment Loan Sums	This complex component provides a logical grouping of components related to unduplicated repayment loan sums.	CurrentRepaymentTotals	Current Loan Repayment Totals	This basic component specifies the current unduplicated repayment loan totals.	1	1
RepaymentOptionCode	Repayment Option Code	This basic component specifies the type of repayment option requested by the borrower.					
ReportedFinancialSummary	Reported Financial Summary	This complex component provides a logical grouping of components related to reported financial summary information.					
ReportedValue	Reported Value	This basic component represents value originally sent in by the user.					
ReprintIndicator	Reprint Indicator	This basic component indicates if a request to reprint an application previously printed.					
RepurchasesCurrentFiscalYear	Repurchases for Current Fiscal Year	This complex component provides a logical grouping of components related to the total dollar amount of prior fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.	1	1
RepurchasesCurrentFiscalYear	Repurchases for Current Fiscal Year	This complex component provides a logical grouping of components related to the total dollar amount of prior fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	LenderLastResortReportedAmounts	Lender of Last Resort Reported Amounts	This complex component provides a logical grouping of components related to defaults from lender of last resort loans.	1	1
RepurchasesCurrentFiscalYear	Repurchases for Current Fiscal Year	This complex component provides a logical grouping of components related to the total dollar amount of prior fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	DefaultReportedAmounts	Default Reported Amounts	This complex component provides a logical grouping of components related to defaulted loans.	1	1
RepurchasesCurrentFiscalYear	Repurchases for Current Fiscal Year	This complex component provides a logical grouping of components related to the total dollar amount of prior fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	UnpaidRefundsReportedAmounts	Unpaid Refunds Reported Amounts	This complex component provides a logical grouping of components related to unpaid refunds.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
RepurchasesCurrentFiscalYear	Repurchases for Current Fiscal Year	This complex component provides a logical grouping of components related to the total dollar amount of prior fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
RepurchasesCurrentFiscalYear	Repurchases for Current Fiscal Year	This complex component provides a logical grouping of components related to the total dollar amount of prior fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.	1	1
RepurchasesPriorFiscalYears	Repurchases for Prior Fiscal Years	This complex component provides a logical grouping of components related to the total dollar amount of current fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	BankruptcyReportedAmounts	Bankruptcy Reported Amounts	This complex component provides a logical grouping of components related to bankruptcy.	1	1
RepurchasesPriorFiscalYears	Repurchases for Prior Fiscal Years	This complex component provides a logical grouping of components related to the total dollar amount of current fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	LenderLastResortReportedAmounts	Lender of Last Resort Reported Amounts	This complex component provides a logical grouping of components related to defaults from lender of last resort loans.	1	1
RepurchasesPriorFiscalYears	Repurchases for Prior Fiscal Years	This complex component provides a logical grouping of components related to the total dollar amount of current fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	DefaultReportedAmounts	Default Reported Amounts	This complex component provides a logical grouping of components related to defaulted loans.	1	1
RepurchasesPriorFiscalYears	Repurchases for Prior Fiscal Years	This complex component provides a logical grouping of components related to the total dollar amount of current fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	UnpaidRefundsReportedAmounts	Unpaid Refunds Reported Amounts	This complex component provides a logical grouping of components related to unpaid refunds.	1	1
RepurchasesPriorFiscalYears	Repurchases for Prior Fiscal Years	This complex component provides a logical grouping of components related to the total dollar amount of current fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
RepurchasesPriorFiscalYears	Repurchases for Prior Fiscal Years	This complex component provides a logical grouping of components related to the total dollar amount of current fiscal year repurchased claims for the reporting period for which the guaranty agency is making a full refund of reinsurance.	DeathDisabilityReportedAmounts	Death and Disability Reported Amounts	This complex component provides a logical grouping of components related to death and disabilities.	1	1
RequirementAttributeProficiency	Requirement Attribute Proficiency	This complex component provides a logical grouping of components related to requirement attribute proficiency information.	RAPCodeQualifier	RAP Code Qualifier	This basic component specifies the code set used for the requirement attribute proficiency code.	1	1
RequirementAttributeProficiency	Requirement Attribute Proficiency	This complex component provides a logical grouping of components related to requirement attribute proficiency information.	RAPCode	RAP Code	This basic component specifies the requirements, attributes, and proficiencies demonstrated or earned.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
RequirementAttributeProficiency	Requirement Attribute Proficiency	This complex component provides a logical grouping of components related to requirement attribute proficiency information.	RAPName	RAP Name	This basic component specifies the free form name of the requirements, attributes and proficiencies demonstrated or earned.	1	1
RequirementAttributeProficiency	Requirement Attribute Proficiency	This complex component provides a logical grouping of components related to requirement attribute proficiency information.	RAPSubName	RAP Sub Name	This basic component specifies the free from name of a subset of the RAP category indicated in the RAP name.	1	1
RequirementAttributeProficiency	Requirement Attribute Proficiency	This complex component provides a logical grouping of components related to requirement attribute proficiency information.	ConditionsMetIndicator	Conditions Met Indicator	This basic component indicates that the specified requirement, attribute or proficiency was or was not earned or demonstrated.	1	1
RequirementAttributeProficiency	Requirement Attribute Proficiency	This complex component provides a logical grouping of components related to requirement attribute proficiency information.	ConditionsMetDate	Conditions Met Date	This basic component specifies the date the requirement, attribute or proficiency was earned or demonstrated.	1	1
Residency	Residency Data	This complex component provides a logical grouping of components related to residency information.	CountyCode	County Code	This basic component specifies the code for an administrative district of a state; called "parish" in Louisiana.	1	1
Residency	Residency Data	This complex component provides a logical grouping of components related to residency information.	County	County	This basic component specifies the name for an administrative district of a state; called "parish" in Louisiana.	1	1
Residency	Residency Data	This complex component provides a logical grouping of components related to residency information.	StateProvinceCode	State Province Code	This basic component specifies the code for the U.S. State, Territory or Canadian Province for an address.	0	0
Residency	Residency Data	This complex component provides a logical grouping of components related to residency information.	StateProvince	State Province	This basic component specifies the U.S. State, Territory or Canadian Province for an address.	0	0
Residency	Residency Data	This complex component provides a logical grouping of components related to residency information.	CountryCode	Country Code	This basic component specifies the Country for the address. Use ISO standard.	0	0
Residency	Residency Data	This complex component provides a logical grouping of components related to residency information.	EstablishedDate	Residency Established Date	This basic component specifies the date on which a person's residency was established.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Residency	Residency Data	This complex component provides a logical grouping of components related to residency information.	ResidencyByCutoff	Residency By Cutoff	This basic component indicates if a person was a legal resident for five years prior to the first year of the award year.	1	1
ResidencyByCutoff	Residency By Cutoff	This basic component indicates if a person was a legal resident for five years prior to the first year of the award year.					
ResidencyStatusCode	Residency Status Code	This basic component specifies the code for a person's residency classification within a state used to assess tuition and other changes.					
Response	Direct Loan PLUS Award Response	This complex component provides a logical grouping of components used in a Direct Loan PLUS Award Response.					
Response	Direct Loan Award Response	This complex component provides a logical grouping of components used in Direct Loan Award Response.					
Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.					
Response	Direct Loan Disbursement Response	This complex component provides a logical grouping of components used in a Direct Loan Disbursement Response.					
Response	Pell Disbursement Response	This complex component provides a logical grouping of components used in a Pell Disbursement Response.					
Response	Pell Award Response	This complex component provides a logical grouping of components used in a Pell Award Response.					
ResponseCode	Response Code	This basic component specifies the results from processing this record.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ResponseErrorCode	Response Error Code	This basic component specifies the error code thrown by an application during edit processing.					
ResponseErrorField	Response Error Field	This basic component specifies the tag referenced by the edit error code.					
ResponseErrorValue	Response Error Value	This basic component specifies a new value in a field, only used if a correction is applied.					
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalCountAccepted	Total Count Accepted	This basic component specifies the total number of accepted awards in this document. This information is summarized by program by award year.	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalCountRejected	Total Count Rejected	This basic component specifies the total number of rejected awards in this document. This information is summarized by program by award year.	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalCountCorrected	Total Count Corrected	This basic component specifies the total number of corrected awards in this document. This information is summarized by program by award year.	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalCountDuplicate	Total Count Duplicate	This basic component specifies the total number of duplicate awards in this document. This information is summarized by program by award year.	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalCountVerificationSelected	Total Count Verification Selected	This basic component specifies the total number of students in this document that are reported selected for verification by CPS. This information is summarized by program by award year.	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalCountSSAdministration	Total Count Social Security Administration	This basic component specifies the total number of students in this document that are reported by CPS to have a SSA match not equal to 4. This information is summarized by program by award year.	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalFinancialAwardAccepted	Total Financial Award Accepted	This basic component specifies the total dollar amount accepted in this document. For Pell Grant and Direct Loan, this is the accepted award amount. This information is summarized by year by program.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalFinancialDisbursementAccepted	Total Financial Disbursement Accepted	This basic component specifies the total dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted. For Direct Loan, the total gross disbursement amount accepted, regardless of payment trigger. This information is summarized by year by program.	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalFundedDisbursementAccepted	Total Funded Disbursement Accepted	This basic component specifies the total funded dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted with a Disbursement Release Indicator of <i>¿true.¿</i> For Direct Loan, the total net disbursement amount accepted with Disbursement Release Indicator of <i>¿true.¿</i>	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalNonFundedDisbursementAccepted	Total Non Funded Disbursement Accepted	This basic component specifies the total nonfunded dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted with a Disbursement Release Indicator of <i>¿false.¿</i> For Direct Loan, the total net disbursement amount accepted with Disbursement Release Indicator of <i>¿false.¿</i>	1	1
ResponseFinancialSummary	Response Financial Summary	This complex component provides a logical grouping of components related to Response Financial Summary information.	TotalFinancialAwardCorrected	Total Financial Award Corrected	This basic component specifies the total dollar value reported in this document for corrected Pell disbursements. This information is summarized by program by award year.	1	1
ResponseMessage	Response Message	This basic component specifies the error message associated with the error code.					
ResponseMessageLevel	Response Message Level	This basic component specifies the severity level of the message.					
ResponseToOriginatorIndicator	Response To Originator Indicator	This basic component indicates if this award record is a response to an Application Request originated by the organization identified as the Destination, or if this award record is provided for information to an interested third party.					
ResponseTypeCode	Response Type Code	This basic component specifies the code used to specify the type of response.					
RevisedNoticeOfGuaranteeCode	Revised Notice Of Guarantee Code	This basic component specifies a code used to identify if a revised Notice of Guarantee will be issued to the borrower.					
SARCIndicator	SARC Indicator	This basic component indicates that resolution is necessary on one or more match results.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
SatisfactoryPaymentArrangementsIndicator	Satisfactory Payment Arrangements Indicator	This basic component indicates if the person has made satisfactory payment arrangements in resolving a default.					
SatisfactoryRepaymentIndicator	Loan Satisfactory Repayment Indicator	This basic component indicates if the loan has been satisfactorily repaid.					
ScheduledPellGrant	Scheduled Pell Grant	This basic component represents the scheduled amount a person is eligible for based on full time student.					
School	School	This complex component provides a logical grouping of components related to School ID information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1
School	Overpayment Status School	This complex component provides a logical grouping of components related to school identifier information.	EntityID	Entity ID	This basic component specifies the Entity ID for an organization.	1	1
SchoolAssignedEmail	School Assigned Email	This complex component provides a logical grouping of components related to a school assigned email.	Email	Email Address	This complex component provides a logical grouping of components related to email information.	1	1
SchoolAssignedPersonID	School Assigned Person ID	This basic component specifies the ID assigned to a person by a school.					
SchoolBondAmount	School Bond Amount	This basic component represents the value of the school's bond amount with the state.					
SchoolSponsoredIndicator	School Sponsored Indicator	This basic component indicates if the activity was sponsored by the school.					
ScoreInvalidatedIndicator	Standardized Test Score Invalidated Indicator	This basic component indicates if the score reported has been invalidated.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
ScoreRevisedIndicator	Standardized Test Score Revised Indicator	This basic component indicates if the score reported has been revised.					
ScoreSelfReportedIndicator	Standardized Test Score Self Reported Indicator	This basic component indicates if the score reported has been self-reported.					
SECUNSDNumber	SEC Grantee DUNS Number	This basic component specifies School Eligibility Channel Grantee DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	DUNSNumber	Current DUNS Number	This basic component specifies the Organization's DUNS Number. The DUNS Number is a unique nine digit identification number assigned to a business entity by Dun and Bradstreet.	1	1
SecondaryConfirmationCode	Department of Homeland Security Secondary Confirmation Code	This basic component specifies the results from the Department of Homeland Security secondary confirmation for applicants who failed primary confirmation.					
SecondaryEFC	Secondary EFC	This complex component provides a logical grouping of components related to a secondary EFC.	EFCType	EFC Type	This complex component provides a logical grouping of components related to a type of EFC, primary or secondary.	1	1
SecondaryEFCUsedCode	Secondary EFC Used	This basic component indicates if the Secondary EFC will be used to calculate the Pell award amount.					
SECParticipationDates	SEC Program Participation Agreement Dates	This complex component provides a logical grouping of components related to Institutional Participation Oversight Service Participation Agreement dates.	ParticipationAgreementExpirationDate	IPOS Program Participation Agreement Expiration Date	This basic component specifies the Program Participation Agreement expiration date.	1	1
SECParticipationDates	SEC Program Participation Agreement Dates	This complex component provides a logical grouping of components related to Institutional Participation Oversight Service Participation Agreement dates.	ParticipationAgreementSentDate	IPOS Program Participation Agreement Sent Date	This basic component specifies if there has been a change in the Pell grant.	1	1
SECParticipationDates	SEC Program Participation Agreement Dates	This complex component provides a logical grouping of components related to Institutional Participation Oversight Service Participation Agreement dates.	ParticipationAgreementExecutionDate	IPOS Program Participation Agreement Execution Date	This basic component specifies the date the program participation agreement was counter-signed, or executed, by a Department of Education Authorized Official. Once the PPA is executed the school's certification is in effect.	1	1
SelectiveService	Selective Service	This complex component provides a logical grouping of components related to selective service information.	MatchCode	Selective Service Match Code	This basic component specifies the results of the selective service match for applicants who met criteria to be sent to match.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
SelectiveService	Selective Service	This complex component provides a logical grouping of components related to selective service information.	SelectiveServiceRegistrationCode	Selective Service Registration Code	This basic component indicates the results from the student's request to be registered with Selective Service.	1	1
SelectiveServiceMale	Selective Service Male	This basic component indicates if the person is a male.					
SelectiveServiceRegisterIndicator	Selective Service Register	This basic component indicates if a male wants to be registered by the Selective Service.					
SelectiveServiceRegistrationCode	Selective Service Registration Code	This basic component indicates the results from the student's request to be registered with Selective Service.					
SelfEmploymentIndicator	Self Employment Indicator	This basic component indicates if the person is self-employed.					
SenderEmail	Sender Email	This complex component provides a logical grouping of components related to the sending party's email address.	Email	Email Address	This complex component provides a logical grouping of components related to email information.	1	1
SentDate	Sent Date	This basic component specifies the sent date.					
SequenceNumber	Pell Sequence Number	This basic component specifies the Pell information sequence.					
SequenceNumber	Loan Sequence Number	This basic component specifies the Loan Sequence Number.					
SerialLoanActualIndicator	Serial Loan Actual Indicator	This basic component indicates if how the service provider processed the Master Promissory Note for this certification.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
SerialLoanRequestedIndicator	Serial Loan Requested Indicator	This basic component indicates how the school intends to use the MPN for this certification. True is a serial loan request, false is a new.					
ServiceReceived	Service Received	This basic component specifies the program services received.					
ServiceTypeCode	Service Type Code	This basic component specifies how the disbursement of funds will be handled.					
ServicingFees	Servicing Fees	This complex component provides a logical grouping of components related to servicing fee information.	ServicingFeesAmount	Servicing Fees Amount	This basic component represents the costs assessed by the servicer for things such as faxes, additional copies of histories, additional due diligence letters, etc.	1	1
ServicingFees	Servicing Fees	This complex component provides a logical grouping of components related to servicing fee information.	ServicingFeesDate	Servicing Fees Date	This basic component specifies the date the Servicing Fees Amount was assessed.	1	1
ServicingFeesAmount	Servicing Fees Amount	This basic component represents the costs assessed by the servicer for things such as faxes, additional copies of histories, additional due diligence letters, etc.					
ServicingFeesDate	Servicing Fees Date	This basic component specifies the date the Servicing Fees Amount was assessed.					
SessionDesignator	Session Designator Date	This basic component specifies the academic session for which the data are recorded and applicable expressed as a year and month.					
SessionDesignatorSuffix	Session Designator Suffix	This basic component specifies the free-from extension to the session designator to differentiate discreet sessions that begin in the same month.					
SessionName	Session Name	This basic component specifies the free-form name of term.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
SignatureData	Signature Data	This complex component provides a logical grouping of components related to a student's signature.	SignatureDate	Signature Date	This basic component specifies the date the signature occurred.	1	1
SignatureData	Signature Data	This complex component provides a logical grouping of components related to a student's signature.	SignatureSourceCode	Signature Source Code	This basic component specifies the source of the signature.	1	1
SignatureDate	Signature Date	This basic component specifies the date the signature occurred.					
SignatureSourceCode	Signature Source Code	This basic component specifies the source of the signature.					
SimplifiedIndicator	Simplified Needs Test	This basic component indicates if the applicant meets certain criteria for tax filing and income level and are not required to provide asset information.					
SLS	SLS	This complex component provides a logical grouping of components related to award information.	StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	DependencyStatusCode	Dependency Status	This basic component indicates a person's dependency status.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	LessThanFullTimeIndicator	Less Than Full Time Indicator	This basic component indicates if a student's attendance status is less than full time.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	Response	Response	This complex component provides a logical grouping of components for a system to respond to an inbound request.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	CPSTransactionNumber	CPS Transaction Number	This basic component specifies the transaction number from eligible ISIR used to calculate award.	0	0

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
SLS	SLS	This complex component provides a logical grouping of components related to award information.	FinancialAwardAmount	Financial Award Amount	This basic component represents the total award amount a student is eligible to receive as determined by the school.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	FederalShareAmount	Federal Share Amount	This basic component represents the federal share portion of a campus based award. The campus based awards include Federal Work-Study (FWS), Federal Supplemental Education Opportunity Grant (FSEOG), and Federal Perkins Loan award amount.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	FinancialAwardYear	Financial Award Year	This basic component specifies the year corresponding to awards.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	SecondaryEFCUsedCode	Secondary EFC Used	This basic component indicates if the Secondary EFC will be used to calculate the Pell award amount.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	NoteMessage	Note Message	This basic component specifies a mechanism used to send cross-reference information useful to the sender only.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	Disbursement	Disbursement	This complex component provides a logical grouping of components related to disbursement information.	0	0
SLS	SLS	This complex component provides a logical grouping of components related to award information.	FISAPIncomeAmount	FISAP Income Amount	This basic component represents the total taxable and nontaxable income for the student, if independent, or student and parent, if dependent.	0	0
SLSDebtAmount	SLS Debt Amount	This basic component represents the borrower's total Federal Supplemental Loans for Students (SLS) debt prior to this award period.					
SocialSecurity	Social Security	This complex component provides a logical grouping of components related to Social Security information.	CitizenshipStatusCode	Social Security Citizenship Status Code	This basic component specifies the results from a citizenship status match with SSA.	1	1
SocialSecurity	Social Security	This complex component provides a logical grouping of components related to Social Security information.	DeceasedDate	Social Security Deceased Date	This basic component specifies the date of death provided for the SSN from the SSA.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
SocialSecurity	Social Security	This complex component provides a logical grouping of components related to Social Security information.	MatchCode	Social Security Student Match Code	This basic component specifies the results of the Social Security match with SSA.	1	1
Software	Software	This complex component provides a logical grouping of components related to software information.	SoftwareProvider	Software Provider	This basic component specifies the software provider.	1	1
Software	Software	This complex component provides a logical grouping of components related to software information.	SoftwareVersion	Software Version	This basic component specifies the software version.	1	1
SoftwareProvider	Software Provider	This basic component specifies the software provider.					
SoftwareVersion	Software Version	This basic component specifies the software version.					
Source	Source	This basic component specifies the source of the file being sent.					
SourceTypeCode	Source Type Code	This basic component specifies how the disbursement of funds will be handled.					
Spouse	Spouse	This complex component provides a logical grouping of components related to information about a person's spouse.					
SpouseEarnedIncome	Spouse Earned Income	This basic component represents a spouse's earned income.					
SpringCode	Spring Enrollment	This basic component specifies the enrollment intention of the student for the spring of the upcoming academic year.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
SSN	Social Security Number	This basic component specifies the unique nine digit number assigned to a person in order to establish a federal Social Security account.					
StaffordLoanDebtAmount	Stafford Loan Debt Amount	This basic component represents the student's total Federal Stafford loan debt prior to this award period.					
StartEmailEffectiveDate	Stop Payment Monitoring Effective Email Date	This complex component provides a logical grouping of components that specifies the effective date that an email was sent stating that monitoring of the institution will occur.	EffectiveDate	Effective Date	This basic component specifies the effective date that an event took place.	1	1
StateBondIndicator	State Bond Indicator	This basic component indicates if the school has a bond with the state.					
StateProvince	State Province	This basic component specifies the U.S. State, Territory or Canadian Province for an address.					
StateProvinceCode	State Province Code	This basic component specifies the code for the U.S. State, Territory or Canadian Province for an address.					
StateTaxAllowance	EFC State Tax Allowance	This basic component represents the state tax allowance.					
Status	Overpayment Status Code	This basic component specifies the overpayment status for Pell, FSEOG or Perkins grants and loans and can occur for each if there is an overpayment.					
StatusCode	Loan Status Code	This basic component specifies the Loan Status Code from NSLDS.					
StatusDate	Loan Status Date	This basic component specifies the Loan Status Date.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
StopPaymentMonitoringEndDate	Stop Payment Monitoring End Date	This complex component provides a logical grouping of components related to the date monitoring ended.	EndDate	End Date	This basic component specifies a generic end date.	1	1
StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.	EndEmailEffectiveDate	Stop Payment Monitoring Removal Email End Date	This complex component provides a logical grouping of components that specifies the effective date that an email was sent stating that monitoring will end.	1	1
StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.	BeginReasonCode	Stop Payment Monitoring Reason Code	This basic component specifies the reason for monitoring/payment is taking place. It is a 4 digit code.	1	1
StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.	EndReasonCode	Stop Payment Monitoring End Reason Code	This basic component specifies the reason monitoring / stop payment process has ended.	1	1
StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.	StartEmailEffectiveDate	Stop Payment Monitoring Effective Email Date	This complex component provides a logical grouping of components that specifies the effective date that an email was sent stating that monitoring of the institution will occur.	1	1
StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.				1	1
StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.	MethodCode	Stop Payment Monitoring Method Code	This basic component specifies the method for monitoring/payment (e.g., HCM - Cash Monitoring 1, HCM - Cash Monitoring 2, Reimbursement, or Stop Payment).	1	1
StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.	StopPaymentMonitoringEndDate	Stop Payment Monitoring End Date	This complex component provides a logical grouping of components related to the date monitoring ended.	1	1
StopPaymentMonitoringInformation	Institution Stop Payment/Monitoring Information	This complex component provides a logical grouping of components related to monitoring stop payments for an institution.	GAPSEffectiveDate	GAPS Effective Date	This complex component provides a logical grouping of components related to the effective date monitoring began, the date is assigned by GAPS.	1	1
Student	Student	This complex component provides a logical grouping of components related to student information.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
StudentActivities	Student Activities	This complex component provides a logical grouping of components related to student activities information.	Paid Participation Indicator	Paid Participation Indicator	This basic component indicates if the student was paid to participate.	1	1
StudentActivities	Student Activities	This complex component provides a logical grouping of components related to student activities information.	ParticipationLevel	Participation Level	This basic component specifies the student's grade or activity level.	1	1
StudentActivities	Student Activities	This complex component provides a logical grouping of components related to student activities information.	RecruitedIndicator	Recruited Indicator	This basic component indicates if the student was recruited in this area by the school.	1	1
StudentActivities	Student Activities	This complex component provides a logical grouping of components related to student activities information.	SchoolSponsoredIndicator	School Sponsored Indicator	This basic component indicates if the activity was sponsored by the school.	1	1
StudentActivities	Student Activities	This complex component provides a logical grouping of components related to student activities information.	ServiceReceived	Service Received	This basic component specifies the program services received.	1	1
StudentAssetContribution	EFC Student Asset Contribution	This basic component represents the Student Asset Contribution.					
StudentDiscretionaryNetWorth	EFC Student Discretionary Net Worth	This basic component represents the Student Discretionary Net Worth.					
StudentEarnedIncome	Student Earned Income	This basic component represents the student's earned income amount.					
StudentIncomeAllowance	EFC Student Income Allowance	This basic component represents the Student Income Allowance.					
StudentIncomeContribution	EFC Student Income Contribution	This basic component represents the Student Income Contribution.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
StudentLevelCode	Student Level	This basic component specifies the student's current college grade level in the program or college.					
StudentLoanInterestIndicator	Student Loan Interest	This basic component indicates if a person is interested in student loan financial assistance.					
StudentTaxFilingStatusCode	Student Tax Filing Status Code	This basic component specifies the student's tax return filing status.					
StudentTotalIncome	EFC Student Total Income	This basic component represents the student's total income.					
SubrogatedLoans	Subrogated Loans	This complex component provides a logical grouping of components related to the federal receivable dollar amount for subrogated loans (permanent assignments to the Department of ED). Report only on subrogated loans that are accepted by the Debt Collection Service through the reporting period.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
SubTestCode	Standardized SubTest Code	This basic component specifies the code identifying a standardized subtest.					
SubTestName	Standardized SubTest Name	This basic component specifies a name identifying a standardized subtest.					
SummerHeaderCode	Summer Header	This basic component specifies the enrollment intention of the student for the summer preceding the upcoming academic year.					
SummerTrailerCode	Summer Trailer	This basic component specifies the enrollment intention of the student for the summer following the upcoming academic year.					
SupportsChildrenIndicator	Supports Children	This basic component indicates if a person has children to support.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
SystemFundOfficeIndicator	Institution System Fund Office Indicator	This basic component specifies if the Institution is a System Office.					
TaxFormTypeCode	Tax Form Type	This basic component specifies what type of tax form a person filed.					
TaxReturnStatusCode	Tax Return Status	This basic component specifies a person's tax return status.					
TemporaryPhone	Temporary Phone	This complex component provides a logical grouping of components related to temporary phone number information.	Phone	Phone	This complex component provides a logical grouping of components related to phone information.	1	1
TerminateIndicator	Terminate Indicator	This basic component indicates a request to terminate an application which will result in a withdrawal of the loan(s) prior to guarantee.					
TestCode	Standardized Test Code	This basic component specifies a code identifying a standardized test.					
TestDate	Standardized Test Date	This basic component specifies the date when a standardized test was administered to the person.					
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	TestCode	Standardized Test Code	This basic component specifies a code identifying a standardized test.	1	1
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	TestName	Standardized Test Name	This basic component specifies a name identifying a standardized test.	1	1
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	TestDate	Standardized Test Date	This basic component specifies the date when a standardized test was administered to the person.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	SubTestCode	Standardized SubTest Code	This basic component specifies the code identifying a standardized subtest.	1	1
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	TestScoreValue	Standardized Test Score Value	This basic component specifies the actual value of the score received by the student on the standardized test.	1	1
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	TestScoreMethod	Standardized Test Score Method Code	This basic component specifies the codes identifying the method used to measure and report the test scores.	1	1
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	ScoreRevisedIndicator	Standardized Test Score Revised Indicator	This basic component indicates if the score reported has been revised.	1	1
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	ScoreInvalidatedIndicator	Standardized Test Score Invalidated Indicator	This basic component indicates if the score reported has been invalidated.	1	1
Testing	Academic Standardized Testing	This complex component provides a logical grouping of components related to academic testing information (e.g., standardized).	ScoreSelfReportedIndicator	Standardized Test Score Self Reported Indicator	This basic component indicates if the score reported has been self-reported.	1	1
TestName	Standardized Test Name	This basic component specifies a name identifying a standardized test.					
TestScoreMethod	Standardized Test Score Method Code	This basic component specifies the codes identifying the method used to measure and report the test scores.					
TestScoreValue	Standardized Test Score Value	This basic component specifies the actual value of the score received by the student on the standardized test.					
ThirdPartyServicer	Third Party Servicer	This complex component provides a logical grouping of components related to Third Party Servicer information.	IDGroup	ID Group	This complex component provides a logical grouping of components related to identification.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
TimePeriod	Period	This complex component provides a logical grouping of components for the begin and end dates for a given period.	BeginDate	Begin Date	This basic component specifies a generic begin date.	1	1
TimePeriod	Period	This complex component provides a logical grouping of components for the begin and end dates for a given period.	EndDate	End Date	This basic component specifies a generic end date.	1	1
TIN	Organization's Tax Identification Number	This basic component specifies the current 9 digit identification number assigned by the U.S. Internal Revenue Service (IRS) to an organization for federal tax purposes.					
TINInformation	Organization's Tax Identification Number	This complex component provides a logical grouping of components related to an organization's Tax Identification Number assigned by the U.S. Internal Revenue Service (IRS) .	PreviousTIN	Organization's Previous Tax Identification Number	This basic component specifies the previous 9 digit identification number assigned by the U.S. Internal Revenue Service (IRS) to the organization for federal tax purposes.	1	1
TINInformation	Organization's Tax Identification Number	This complex component provides a logical grouping of components related to an organization's Tax Identification Number assigned by the U.S. Internal Revenue Service (IRS) .	TIN	Organization's Tax Identification Number	This basic component specifies the current 9 digit identification number assigned by the U.S. Internal Revenue Service (IRS) to an organization for federal tax purposes.	1	1
TitleIVEligibilityApprovalDate	Institution Title IV Eligibility Initial Approval Date	This basic component specifies the effective date of the start or renewal of eligibility to participate in Title IV program(s).					
TitleIVEligibilityDisapprovalDate	Institution Title IV Eligibility Disapproval Date	This basic component specifies the effective date of the end of eligibility to participate in Title IV program(s).					
TitleIVEligibilityLossReason	Institution Location Title IV Eligibility Loss Reason	This basic component specifies the reason for the school's Title IV Eligibility loss.					
TitleIVEligibilityStatus	Institution Title IV Funds Eligibility Status Indicator	This basic component indicates if the institution is eligible to participate in Title IV Programs (e.g., Eligible for Title IV Participation or Not Eligible).					
TOP	Treasury Offset Program	This complex component provides a logical grouping of components related to activity on accounts after Treasury Offset Program (TOP), (formerly called IRS offset), have occurred and non-payment information which is used to calculate the guaranty agency's Federal receivable balance.	TOPAmount	Treasury Offset Program Amount	This complex component provides a logical grouping of components related to amounts offset against defaulted borrower's Federal income tax funds by the U.S. Internal Revenue Service under the Treasury Offset Program. The amount offset is used to reduce each borrower's FFEL Program loan indebtedness.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
TOP	Treasury Offset Program	This complex component provides a logical grouping of components related to activity on accounts after Treasury Offset Program (TOP), (formerly called IRS offset), have occurred and non-payment information which is used to calculate the guaranty agency's Federal receivable balance.	TOPReversal	Treasury Offset Program Reversal	This complex component provides a logical grouping of components related to the portion of the Treasury Offset Program (TOP) offset made against that portion of a Federal income tax refund which is attributable to the spouse of the defaulted borrower when a joint income tax return is filed.	1	1
TOP	Treasury Offset Program	This complex component provides a logical grouping of components related to activity on accounts after Treasury Offset Program (TOP), (formerly called IRS offset), have occurred and non-payment information which is used to calculate the guaranty agency's Federal receivable balance.	NonFederalShareOffset	Non Federal Share Offset	This complex component provides a logical grouping of components related to the portion of the TOP offset, which is an amount equal to the complement of the reinsurance percentage, which was in effect when the Secretary made the reinsurance payment for default claims.	1	1
TOPAmount	Treasury Offset Program Amount	This complex component provides a logical grouping of components related to amounts offset against defaulted borrower's Federal income tax funds by the U.S. Internal Revenue Service under the Treasury Offset Program. The amount offset is used to reduce each borrower's FFEL Program loan indebtedness.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
TOPOverpayments	Treasury Offset Program Overpayments	This complex component provides a logical grouping of components related to the Treasury Offset Program (TOP) category reports activity on accounts after offsets have occurred. Overpayment refunds are made to borrowers by the guaranty agency when the offset amount exceeds the balance due on the borrower's account.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
TOPReversal	Treasury Offset Program Reversal	This complex component provides a logical grouping of components related to the portion of the Treasury Offset Program (TOP) offset made against that portion of a Federal income tax refund which is attributable to the spouse of the defaulted borrower when a joint income tax return is filed.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
Total	Aggregate Loan Total	This basic component represents the aggregate loan total.					
TotalCountAccepted	Total Count Accepted	This basic component specifies the total number of accepted awards in this document. This information is summarized by program by award year.					
TotalCountCorrected	Total Count Corrected	This basic component specifies the total number of corrected awards in this document. This information is summarized by program by award year.					
TotalCountDuplicate	Total Count Duplicate	This basic component specifies the total number of duplicate awards in this document. This information is summarized by program by award year.					
TotalCountRejected	Total Count Rejected	This basic component specifies the total number of rejected awards in this document. This information is summarized by program by award year.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
TotalCountSSAdministration	Total Count Social Security Administration	This basic component specifies the total number of students in this document that are reported by CPS to have a SSA match not equal to 4. This information is summarized by program by award year.					
TotalCountVerificationSelected	Total Count Verification Selected	This basic component specifies the total number of students in this document that are reported selected for verification by CPS. This information is summarized by program by award year.					
TotalEligibilityUsed	Total Eligibility Used	This basic component represents the total percentage, for all schools, of a person's total eligibility used for a specific award year.					
TotalFinancialAwardAccepted	Total Financial Award Accepted	This basic component specifies the total dollar amount accepted in this document. For Pell Grant and Direct Loan, this is the accepted award amount. This information is summarized by year by program.					
TotalFinancialAwardCorrected	Total Financial Award Corrected	This basic component specifies the total dollar value reported in this document for corrected Pell disbursements. This information is summarized by program by award year.					
TotalFinancialDisbursementAccepted	Total Financial Disbursement Accepted	This basic component specifies the total dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted. For Direct Loan, the total gross disbursement amount accepted, regardless of payment trigger. This information is summarized by year by program.					
TotalFundedDisbursementAccepted	Total Funded Disbursement Accepted	This basic component specifies the total funded dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted with a Disbursement Release Indicator of <code>¿true.¿</code> For Direct Loan, the total net disbursement amount accepted with Disbursement Release Indicator of <code>¿true.¿</code>					
TotalIncome	EFC Total Income	This basic component represents the person's total income.					
TotalIncomeAllowances	EFC Total Income Allowances	This basic component represents the person's total income allowance.					
TotalInterestAmount	Total Interest Amount	This basic component represents the total amount of accrued interest calculated by the guaranty agency on the loan principal of a claim for collection from the borrower during this reporting period.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
TotalNonFundedDisbursementAccepted	Total Non Funded Disbursement Accepted	This basic component specifies the total nonfunded dollar amount accepted in this document. For Pell Grant, the total disbursement amount accepted with a Disbursement Release Indicator of $\{false\}$ . For Direct Loan, the total net disbursement amount accepted with Disbursement Release Indicator of $\{false\}$ .					
TotalNumberScheduledDisbursements	Total Number of Scheduled Disbursements	This basic component specifies the current number of disbursements scheduled for the loan.					
TotalOtherAmount	Total Other Amount	This basic component represents the total amount of fees, penalties, collection charges, and any other charges which have accrued for any loan during this reporting period.					
TotalOutstandingStaffordSLSDebt	Total Outstanding Stafford SLS Debt	This basic component represents the student's outstanding Federal Stafford and/or SLS loans.					
TotalParentContribution	EFC Total Parent Contribution	This basic component represents the total parent contribution.					
TotalPaymentActivity	Total Payment Activity	This basic component represents the summary of all payment activity.	AmountDueGuarantor	Amount Due to or from Guarantor	This basic component represents the amount due to the guarantor or the amount due from the guarantor.	1	1
TotalPreviousPayments	Total Previous Payments	This basic component specifies the total amount of the payments the borrower has made.					
TotalPrincipalAmount	Total Principal Amount	This basic component represents the total amount of principal and purchased interest activity during this reporting period.					
TotalStudentContribution	EFC Total Student Contribution	This basic component represents the Total Student Contribution.					
TotalStudentLoanDebtAmount	Total Student Loan Debt Amount	This basic component represents the total amount of the student loan debt prior to this award period.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
TransactionNumber	Transaction Number	This basic component specifies the number identifying the transaction.					
TransactionTypeCode	Transaction Source Code	This basic component specifies a description of the type of transaction using the file.					
TransmissionData	Transmission Data	This complex component provides a logical grouping of components related to transmission data information.					
TuitionRecoveryFundIndicator	Tuition Recovery Fund	This basic component indicates if tuition recovery funds exist.					
TuitionRecoveryFundRecoveredAmount	Tuition Recovery Fund Recovered Amount	This basic component represents the amount of tuition recovery funds that exist.					
UnauthorizedLocationIndicator	Unauthorized Location Indicator	This basic component indicates if a closed school disburses Title IV funds to students from an unauthorized location.					
UnpaidRefundsReportedAmounts	Unpaid Refunds Reported Amounts	This complex component provides a logical grouping of components related to unpaid refunds.	GAReportedAmounts	Guaranty Agency Reported Amounts	This complex component provides a logical grouping of components related to the amounts guaranty agencies report in their monthly, quarterly, and annual reports.	1	1
URLAddress	URL Address	This complex component provides a logical grouping of components related to an organization's URL address.	URLValidIndicator	URL Address Valid Indicator	This basic component indicates if the person or organization's URL address information is valid.	1	1
URLAddress	URL Address	This complex component provides a logical grouping of components related to an organization's URL address.	URLValidDate	URL Address Valid Date	This basic component specifies the date the URL address became effective or the sender became aware of the information.	1	1
URLAddress	URL Address	This complex component provides a logical grouping of components related to an organization's URL address.	URLAddress	URL Address	This basic component specifies the Uniform Resource Locator address associated with a person or organization.	1	1

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
URLAddress	URL Address	This basic component specifies the Uniform Resource Locator address associated with a person or organization.					
URLValidDate	URL Address Valid Date	This basic component specifies the date the URL address became effective or the sender became aware of the information.					
URLValidIndicator	URL Address Valid Indicator	This basic component indicates if the person or organization's URL address information is valid.					
UserName	User Name	This basic component specifies a person's user name for a particular institution.					
USIS	USIS ID	This basic component specifies the unique identifier assigned by the Statistics Canada University Student Information System.					
VAMatchCode	Veterans Affairs Match Code	This basic component specifies the results of the Veterans Affairs Match.					
VerificationCode	Verify Code	This basic component specifies a verification code.					
VerificationNumber	Department of Homeland Security Verification Number	This basic component specifies the identification number provided by the Department of Homeland Security indicating the primary verification was performed.					
VerificationStatusCode	Verification Status	This basic component specifies the verification status of an applicant, as reported by the school.					
VeteranIndicator	Veteran	This basic component indicates if a person is a veteran of the U.S. Armed Forces.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
VeteransBenefits	Veterans Benefits	This complex component provides a logical grouping of components related to financial information.	MonthlyBenefitAmount	Monthly Veterans Benefit Amount	This basic component represents the amount of benefits the student receives monthly.	1	1
VeteransBenefits	Veterans Benefits	This complex component provides a logical grouping of components related to financial information.	NumberOfMonths	Number of Months Benefits Received	This basic component specifies the number of months a student received benefits.	1	1
WeeksProgramsAcademicYear	Weeks Programs Academic Year	This basic component specifies the total number of weeks of instructional time in the School's definition of academic year for this student's Program of Study.					
WeeksUsedCalculate	Weeks Used Calculate	This basic component specifies the total number of weeks of instructional time in the payment periods for which this student is eligible.					
WinterCode	Winter Enrollment	This basic component specifies the enrollment intention of the student for the winter of the upcoming academic year.					
WorksheetA	Worksheet A	This basic component represents the total from those items on Worksheet A of the FAFSA.					
WorksheetB	Worksheet B	This basic component represents the total from those items on Worksheet B of the FAFSA.					
WorksheetC	Worksheet C	This basic component represents the total from those items on Worksheet C of the FAFSA.					
WorkStudyInterestIndicator	Work-Study Interest	This basic component indicates if a student is interested in student work-study financial assistance.					
YearsAtAddress	Years at Address	This basic component specifies the number of years the person or organization has been at the address.					

PARENT.TAG_NAME	PARENT.BUSINESS_TERM	PARENT.DEFINITION	CHILD.TAG_NAME	CHILD.BUSINESS_TERM	CHILD.DEFINITION	MIN	MAX
YearsAtEmployer	Years at Employer	This basic component specifies the number of years the person has been with the employer.					
YTDDisbursementAmount	YTD Disbursement Amount	This basic component represents the total amount disbursed to a student during the award year.					
ZeroEFCIndicator	Zero EFC Indicator	This basic component indicates that the zero EFC is automatically set if simplified needs test is met and taxable income is \$15,000 or less.
