

Greenway Community Center " where you can learn and have fun"

Good Morning Everyone!

Welcome to our Community Center. Today's speaker is an area community college financial aid representative.

We're delighted that you have taken this opportunity to join us and discover more about the financial aid process. Each time this event is sponsored, we are always impressed with the number of people, young and old alike, who want to explore educational assistance options, not only for their children, but for themselves, too.

Today the presenter is going to help you explore the process of applying for, receiving, and repaying student aid. Later today, we'll look at where the agency which manages the aid process, Department of Education's Student Financial Aid organization, started and where it's going. We are going to have a day of interactive sessions with questions and answers, videos and fun games.

Thank you for coming,

The staff
