

Tab Specs

Laura:

We'd like to place the title page and table of contents BEFORE the first tab, then start with the sections. (In the electronic versions, this is called "Title & TOC.")

The headings correspond with the Presenter Guide sections (the files are broken out this way).

The Tab Titles are as follows, please use Ariel Font. Also, please DO NOT Include the Tab #'s , just include the wording.

Tab #1: Introduction

Tab #2: The Financial Aid Process

Tab #3: The Industry Players

Tab #4: SFA's Services and Support

Tab #5: Modernization and Measurement

Tab #6: Conclusion

Tab #7: Participant Guide

Thanks,
Dan
