8.2 Fill Out a Renewal FAFSA

You may use this online application to complete and submit the Renewal Free Application for Federal Student Aid on the Web (FAFSA). You may complete and transmit this online form electronically.

A Renewal FAFSA is designed for students who have applied for aid the previous year. If you file a Renewal FAFSA, many answers are based on your prior year's application, which cuts down on the number of questions you have to complete.

In order to enter your Renewal FAFSA on the Web, you need to have a PIN from the Department of Education. If you do not have a PIN, or need to request your PIN again, go to the [PIN Site](#).

If you know your PIN, select school year and **Next**.

Which Renewal FAFSA do you wish to file?

The 2000-2001 School Year (July 1st, 2000 - June 30th, 2001)

The 2001-2002 School Year (July 1st, 2001 - June 30th, 2002)

Because you have identified yourself as a dependent student in Step 3, you will need to have one parent, whose information is provided in Step 4, provide a signature. There are three ways that your parent's signature can be provided (you and your parent do not have to provide your signatures using the same method):

- **Electronically Sign Later**- Have your parent use his or her U.S. Department of Education PIN to electronically sign your FAFSA later. Your parent will be able to electronically sign your FAFSA later by selecting "Electronically Sign My FAFSA" under the Completing a FAFSA area of the web site.
- **Print Signature Page** - You must have printer access from your current computer to print a signature page. Have your parent sign and mail it to us immediately after submitting your FAFSA, as we will not process your FAFSA until we receive the signature page. **Printing will not submit your application!**
- **Wait for SAR**- We will send you a Student Aid Report (SAR) in the mail that your parent must sign and return to us. We will not be able to complete processing your FAFSA until after we receive your signed SAR in the mail.

[Need help with this page?](#)

How does your parent want to provide his or her signature?

- Electronically Sign FAFSA Later
- Print Signature Page
- Wait for SAR to come in the mail

Using Screen Reader Software with Renewal FAFSA on the Web

[Skip instructions for screen reader version >>](#)

This site has been designed to allow blind and low-vision users to complete the Renewal FAFSA independently using a web browser and screen reader software. Screen design is consistent throughout FAFSA on the Web. The text of each question is on the left and the control to respond to the question is on the right. The control is located on the same line as the question (if the question has multiple lines, then the control is on the same line as the last line of the question).

Renewal FAFSA on the Web uses three basic types of controls for responses, text boxes, drop-down boxes and radio buttons. Text boxes are used for questions that don't have pre-defined responses (such as name, address, income earned, etc.). While these fields allow for free-form entry, only certain values are valid in these fields. For example, only numbers are acceptable in the zip code field. If an invalid value is entered in a text box, you will be returned to the same page, with an error message displayed on the top, and an arrow pointing to the question containing the invalid entry. The focus will be set to the question as well.

On the left hand-side of each screen is a navigational progress bar that tells you the steps of the process you have completed up to that page. You can navigate backwards to sections already completed in order to check your work throughout the application process. The Review Completed FAFSA step will allow you to double check your answers and will perform a final check to make sure all the data you have entered is valid and consistent throughout. You may be guided to revisit the answer to a question if it is identified as invalid.

When you are ready to go to the next or previous screen page, please always use the Next or Previous button. The Next or Previous button will guide you to the next or previous page of the FAFSA.

At the top of each page, you will find four hyperlinks to "FAFSA Home", "Customer Service", "General Help" and "FAQs". If you select one of these links while you are in Renewal FAFSA on the Web, the application will prompt you to save before leaving. If you chose not to save, any information that you have provided up to that point will not be saved and you will need to start over when you choose to come back to fill out the Renewal FAFSA.

Help topics are accessed by selecting the "Help on this Page" button or by selecting hypertext links that open pop-up windows. When you have finished reading the help topic, close the pop-up window (Alt-F4), and focus will return to your main browser window.

Because you have answered "Yes" to at least one of the questions in Step 3, we've determined that you are considered an "**independent**" student and therefore you don't have to answer any questions about your parent(s).

There are a couple of reasons why you might want to answer some questions about your parent(s):

- If you're a graduate health profession student (such as a medical or nursing student), or
- you attend a college that requires parental information from all students, you can choose to answer questions about your parent(s).

Do you want to answer questions about your parent(s)?

- Yes
 No

Electronic Filing Instructions

Submitting your electronic filing is only one step in completing the FAFSA application process. In order to complete this process, please review and complete the following instructions.

Please follow these necessary steps for completing your electronic filing:

1. Submit and Receive Confirmation

When you submit your FAFSA, you will receive a confirmation page from the Department of Education. Please remember to do one of the following:

- If you have access to a printer, print this page out and keep for your records. This confirmation page is proof that you've successfully submitted your application.
- If you do not have access to a printer, write down the confirmation number and keep for your records.

2. Provide Signatures

{ INSERT DYNAMIC TEXT FROM PAGE 117 OF NCS DOC 12-603 BASED ON SIGNATURE TYPES SELECTED }

3. Receive and Review Your Student Aid Report (SAR)

You should receive your SAR in two to three weeks after filing your application. Review the SAR carefully. If you need to make additional corrections, go to Corrections on the Web at www.fafsa.ed.gov.

In addition, these tips will help you through the FAFSA process:

Tip 1: Keep copies for your records

It is important to save copies of the following documents so you may refer back to if necessary:

- Final copy of your application information
- Electronic Filing Instructions
- Confirmation page or number
- Student Aid Report (SAR)

Tip 2: Check Status of your Application

We recommend you check the status of your application:

- You can check as soon as you submit the application, at www.fafsa.ed.gov.
