

Script Name T1 Award Performance Test Script
Description Testing the T1 Simulation - Tentative Awards, All 3 Programs, Standards parameters.
Created By Heather Towhidian, Jason Patton
Prerequisites Standard Awards parameters in parameters table
Outputs Generated tentative simulation posted in accounting Awards
Use Cases Covered Awards
Conditions Covered AW001, AW002, AW005, AW007, AW008, AW022, AW023, AW024, AW025, AW026, AW027, AW028, AW029, AW030, AW035

Step	Description/Value	Expected Result	Actual Result	Test Conditions
	Award Log-In			
1	Open Internet Explorer Browser from Desktop	Internet Explorer Opens		
2	Enter <Admin CB URL> development environment - http://dev.cbs.sfa.ed.gov:8531/CBSWebApp/admin/adminWelcome.jsp test environment - http://test.cbs.sfa.ed.gov:8532/CBSWebApp/admin/adminWelcome.jsp	The System displays the Enter Network Password pop-up screen. The user is asked to enter a username and password for the VDC environment.		
3	Type <cbs> as your username and <*****> as your password password = cbsdev for development environment password = cbstest for test environment	Field accepts value (this step is for test purposes only and will not be necessary in production)		
4	Select <OK> button	The system displays the Campus-Based Admin Login page. In the center of the page is a Login button. There is a following instruction notifying the Admin User how to proceed: "Welcome to Campus-Based Administration. To access the Campus-Based Admin site: 1. Select the "Login" button, 2. Enter your PIN information. The PIN serves as your identifier to let you access information in systems for the Department of Education. If you do not have a PIN, go to the Department of Education PIN Registration site to apply. 3. Enter the Campus-Based Admin TG Number, 4. After login authentication is complete, the Campus-Based Admin home page will be displayed." If your security rights have not yet been established, contact the CB Security Officer at the Campus-Based Programs office.		
5	Select <Login> button	Admin Users who have their browsers set to display a security warning will see a security message. If so, click 'OK'. The System displays the Enter Network Password pop-up screen for the CPS PIN environment.		
6	Type <integrate> as your username and <pin1026> as your password	Field accepts value (this step is for test purposes only and will not be necessary in February)		
7	Select <OK> button	The System displays the PIN Request & Information page with the following fields: social security number, first two letters of last name, date of birth, and PIN.		
8	Enter <222334444> into the SSN field	Field accepts value		
9	Enter <Cl> into the first two letters of last name field	Field accepts value		
10	Enter <10221970> in the DOB field	Field accepts value		
11	Enter <2141> in the PIN number field.	Field accepts value		
12	Select <Submit Request> button	Admin Users who have their browsers set to display a security warning will see a security message. If so, click 'OK'. The System displays a screen where the Admin User enters the Admin TG number. There is a field to enter a TG number. There is a Next button. There is an instruction notifying the Admin User how to proceed.		
13	Enter <TG08899> into the TG field	Field accepts value		
14	Click <Next> button	The System displays the Campus-Based Admin home page.		
	Calculate Tentative Simulations- All three Programs, Standard Parameters			

Step	Description/Value	Expected Result	Actual Result	Test Conditions
15	Select the <Awards> link from the Admin Main Menu	The System displays the main Awards page which displays the following text: There are six main functions of the Awards module: creating a variety of simulations on which to base awards (A. Calculate Simulations), generating awards after simulations are complete (B. Generate Awards), presenting posted worksheets for viewing (C. View Worksheets), generating deobligations for reallocations (D. Reallocation), closing out schools at the end of an award year (E. Close Out), and viewing reports (F. Reports).		
16	Select the <A. Calculate Simulations> link from the left navigation bar	The System displays the Awards - Calculate Simulations page. There are two columns labeled Type and Program. Under Type are radio button options for Tentative (Default), Final, Supplemental (Reallocation), and Perkins Service Cancellations (TC). Under Program are radio buttons for All (Default), FSEOG, FWS, and Perkins. There is an open text box labeled Description. There is an Update Parameters button and a Calculate button. The Tentative and All radio buttons will be populated with a black dot.		
17	Enter <T1 - Testing Award Functionality - All three programs, Tentative, Standard Parameters> in the description box	The description box is populated with the information.		
18	Select <Calculate> Button	The System displays the A. Calculate Simulations - Confirmation page with the following text, "Simulation calculation started. It will take approximately 30 minutes to complete your simulation calculation. After the calculation is complete, you may view your simulation by selecting the B. Generate Awards button on the left navigation bar. Your simulation name will include your User ID, along with the date and time the simulation was completed."	START - Performance Test	
19	Select the <A. Calculate Simulations> link from the left navigation bar	The System displays the A. Calculate Simulations page. While the simulation is running, a line of red text is displayed that reads "A simulation is currently being calculated. Please run your simulation at a later time."		
20	Wait approximately 20 to 30 minutes	The simulation will complete.		
21	Select the <A. Calculate Simulations> link from the left navigation bar	The red text is no longer displayed	END - Performance Test	
Admin User Wants to Send Transaction to Accounting				
22	Select the <B. Generate Awards> link from the left navigation bar	The System displays the B. Generate Awards page, which lists the four types of awards available, each with a radio button: Tentative (Default), Tentative, Supplemental (Reallocation), and Perkins Service Cancellations (TC). There is a View Simulations button. There is an instruction notifying the Admin User how to proceed.		
23	Select the <Tentative> radio button	Populates with black dot		
24	Select <View Simulations> Button	The System displays the B. Generate Awards - Simulations page listing all saved simulations for the Tentative Awards. The type of award selected is displayed at the top of the page. The simulations are separated into two sections - most recent and previous simulations. The simulations are listed by date and are named using the creator's Username and the date/time of creation. Next to this string of text is a "Detail" button. Below this text is a description of the simulation. Each previous simulation has a radio button next to it. There is a Delete button and Generate Worksheet button. There is an instruction notifying the Admin User how to generate/delete the Award.		
25	Select the <Generate Worksheet> button for the most recent simulation	The System displays an alert message at the top of the page that says: You have selected to submit the Most Recent Simulation to accounting. Do you want to proceed? There is a Yes and No Button.	START - Performance Test	
26	Click <Yes> Button	The System displays the B. Generate Awards - Confirmation page notifying the Admin User that the Award has been generated and sent to the Accounting module.	END - Performance Test	
Basic Flow - Admin Reviews a Transaction in Accounting				
27	Select <Home Link> from the Top Navigation Bar	The System Displays the Admin Main Menu		
28	Select <Accounting> from the left nav bar	The System displays the main Accounting page.		AC014

Step	Description/Value	Expected Result	Actual Result	Test Conditions
	Admin User Wants to Approve Tentative Award			
29	Select <Post Tentative Awards> from the left nav bar	The System displays the Post Tentative Awards page. There is a Post button and a Reject button. Each Award type is in a row that includes fields for transaction type, number of transactions, total amount, description, creator and date created. Values in the transaction type fields are links. Above the table is an instruction for how the Admin User should proceed		
30	Select <Post> button	The System displays an alert which notifies the Admin User the Award is about to be posted. There is a Yes or No button.	START - Performance Test	
31	Select <Yes> button	The System displays the Post Tentative Award Confirmation page. The System sends the appropriate data to the Campus-Based web site, where each school may log in and view the data in Self-Service. The System deletes all simulations related to the Award from the simulations module.	END - Performance Test	
	Log out of System			
32	Select the <Logout> link from the left navigation bar	The System displays the following warning message on a new screen, "You have selected to logout of the eCampus-Based Admin web site. To logout of the system, select the 'Proceed' button."		
33	Select the <Proceed> button	The user is logged out of the System and the Campus-Based Admin Login page is displayed.
