

SLC Jeopardy Rules

- There will be two teams of three.
- When a question is read aloud, the team's will "buzz" in when they know the correct answer.
- Once the buzzer has been hit, the team has 10 seconds to respond or else the question is defaulted to the other team.
- If the team answers correctly, they have possession of the board and will choose the next question.
- If the team answers incorrectly, points will be deducted and the opposing team then has an opportunity to respond and will take possession of the board.
- Once all questions have been answered, the team with the most points wins.
