## **SFA Welcomes Secretary Paige**

SFA welcomed Education Secretary Rod Paige this morning as he did his walk through of Department offices in ROB-3.

Secretary Paige shook hands and spoke informally with staff, and said he was impressed with the hospitality we extended. As Paige's tour guide, COO Greg Woods updated Paige on our key projects, including the new building and case management in the Ombudsman's office.

Chief of Staff Candy Kane sent out an email saying, "While the Secretary's time with us was shortened, I want you to know he's pleased to hear about our work in measuring our performance and looks forward to hearing about our progress."
